Broadway Trevor Boffone,2024 TikTok Broadway Musical Theatre Fandom in the Digital Age explores how TikTok has revolutionized musical theatre fandom and democratized musical theatre fan cultures and spaces The book argues that TikTok has created a new canon of musical theatre thanks to the way virality works on the app expanding musical theatre into a purely digital realm that spills into other non digital aspects of U S popular culture *Miller's Waves* William Fickinger,2011-03-23 Dayton Miller American physicist in the early twentieth century known for research on medical x rays and musical sounds sought evidence for the luminiferous ether joining the worldwide debate about relativity Sexualities in the Works of Joss Whedon Lewis Call,2020-06-09 Joss Whedon s works across all media including television film musicals and comic books are known for their commitment to gender and sexual equality They have always encouraged their audiences to love whomever and however they wish This book is a history of the sexualities represented in the works of Joss Whedon and it covers all of Whedon s genres including fantasy horror science fiction westerns superhero stories and Shakespearean comedy Unique for its consideration of the entire arc of Whedon s two decade career from the beginning of Buffy the Vampire Slayer s first season in 1997 through the conclusion of its twelfth comic book season in 2018 this book examines in detail both better known queer sexualities of the LGBTQ spectrum and lesser known non normative sexualities The book includes chapters on Whedon s sexually dominant women and submissive men sexual pluralism on Firefly disabled sexualities in Whedon s superhero narratives zoophilia in Buffy queer and heteronormative sexualities in Dr Horrible s Sing Along Blog the subversion of the sexual tropes of slasher films in The Cabin in Woods and dominance and submission in Whedon s Much Ado About Nothing **Miller'S Pub** George Edward Moon,2017-12-21 Millers Pub is a fabricated tale The characters in the plot are fictitious Any resemblance of people living or dead is truly a coincidence Certain historical events mentioned during the storys time line are repeated from memory and confirmed by the excellent internet site Wikipedia the free encyclopedia Steven Baker the principal protagonist finds himself unexpectedly in a midlife perplexity Like many entrepreneurs absorbed by the pathways to success and often at the expense of others he fails to properly recognize the traditional gap in their marriage In all fairness Steven may have been blindsided to this customary interval and unprepared

to recognize and control it Since the nineteen fifties American culture if there ever was such a thing has gradually lost its former values Now relativism rules the day Stevens grandparents lived by the precepts in the US Constitution and their Bible The Good Book provided the roadmap for their way of life The changing of society and environment has led to the decay of the old moral significance Marriage and the family are disrupted and no longer a basic cultural element it will never return Today relativism is taught in the universities of higher learning The culture of Facebook and Twitter further limits the education of the populace Their Bible if they still have one gathers dust Any effort to return to our former lifestyle and virtues is shouted down by those in power *Miller's Review of Orthopaedics E-Book* Mark D.
