Modern US Navy Destroyers:

Modern U. S. Navy Destroyers Stephen F. Tomajczyk, 2001 *United States Navy Destroyers* Michael Green, 2021-01-31
This pictorial history examines the key role played by US Navy destroyers from the turn of the twentieth century through the Cold War and beyond The first sixteen United States Navy destroyers were ordered in 1898 Prior to America's entry into the First World War another sixty three destroyers were commissioned and due to the U boat threat 267 more were authorized by Congress once hostilities were joined Between 1932 and Pearl Harbor ten new classes totaling 169 destroyers came into service During the Second World War American shipyards turned out a further 334 vessels Of the three classes the 175 Fletcher class were judged the most successful The Cold War years saw the development of seven more classes while more recent additions include eighty two of the stealth shaped Arleigh Burke class In this comprehensive account author and military expert Michael Green combines a superb collection of historical images with an authoritative text **Modern U.S. Navy Destroyers** Stephen F. Tomajczyk, 2001 Origins armaments and service histories are accompanied by spectacular and exclusive color photography **US Navy Destroyer Escorts of World War II** Mark Lardas, 2020-11-26 The Destroyer Escort was the smallest ocean going escort built for the United States Navy a downsized destroyer with less speed fewer guns and fewer torpedoes than its big brother the fleet destroyer Destroyer escorts first went into production because the Royal Navy needed an escort warship which was larger than a corvette but which could be built faster than a destroyer Lacking the shipyards to build these types of ships in Britain they ordered them in the US Once the US unexpectedly entered World War II its navy suddenly also needed more escort warships even warships less capable than destroyers and the destroyer escort was reluctantly picked to fill the gap Despite the Navy's initial reservations these ships did yeoman service during World War II fighting in both the Atlantic and Pacific taking on both U boat and Japanese submarines and serving as the early warning pickets against kamikazes later in the war They also participated in such dramatic actions as the Battle of Samar where a group of destroyers and destroyer escorts fought Japanese battleships and cruisers to protect the escort carriers they were shielding and the capture of the U 505 the only major naval vessel captured at sea by the US Navy The destroyer escorts soldiered on after World War II in both the United States Navy and a large number of navies throughout the world with several serving into the twenty first century This book tells the full story of these plucky ships from their design and development to their service around the world complete with stunning illustrations and contemporary photographs Three Years Aboard a Navy Destroyer Otis Ted Holly, 2011-04-25 This book is a sea story about a U S Navy destroyer and her crew The author served on this ship the USS Brush DD745 for 3 years and 2 months in the early 1950s Life on the Brush involved a lot of sea duty She spent most of this time at sea either conducting training exercises off the coast of California or steaming around somewhere in the Far east The Brush made 3 seven month cruises to the Orient while the author was aboard her The main objective of this book and the reason for writing it was to tell about what the crew of the

Brush experienced on these 3 cruises The first cruise was made in early 1953 The Brush was sent to the Korean War theatre and spent several months there doing what destroyers do during war time The men experienced things off North Korea that they will never forget In addition to the Korean Patrol the Brush participated in the Formosa Patrol for a month or so and went to the island city of Hong Kong while she was down that way The second cruise was made in May 1954 On this cruise the brush spent most of her time in the South China Sea Formosa Strait and in the Sea of Japan The Brush commenced the third cruise in June 1955 This was more of a peace time cruise and we never had to go into harms way Although the author had a number of interesting personal experiences which he wrote about Comments by people who have read the book Three Years Aboard A Navy Destroyer As the son of one of the USS Brushs skippers identified in Ted Hollys book I was particularly fascinated to read of his and his shipmates many and varied experiences during their three Far East cruises His folksy stories of a young mans explorations of the vastness of the oceans the wonders of the orient and the uncertainties of combat are told in a detailed and entertaining style offering multiple layers of insight to life aboard a tin can in the 1950s In addition to his prose Mr Holly has included many photographs and maps which enhance and elucidate the storytelling It is a terrific read for anyone interested in the naval service in general and the unforgotten Korean War in particular Dennis Quigley Captain USMC Retired Arizona the straightforward and unglossed memories of a young sailor out of high school and soon into a U S destroyer greyhound of the seas Ted Holly was everybodys favorite sailor squared away with a great attitude in a key job around the nerve center of a 2200 tonner loaded for whatever kind of scrap This book is an honest snapshot of the times the people and the ships that sailed to the Korean Conflict Ted Brown LT USNR Retired New Hampshire This book Three Years Aboard A Navy Destroyer vividly recounts typical destroyer i e USS BRUSH DD745 operations during the final days of the Korea War and the transition into post war routine operations It accurately reports destroyer actions against North Korean trains sinking of floating mines with rifle fire the Wonsan Harbor actions and support of Korean Forces engaged in clandestine operations It also provides a typical sailors view and experiences of the liberty ports in Japan and the exotic Hong Kong as a British Colony And the author returns to Japan 29 years later and gives an interesting comparison of his experiences and the differences that he observed between his first trip and the 1982 trip The BRUSH was my first duty station after being commissioned in June 1951 until my transfer in November 1953 So I shared with the author the destroyer actions described I was amazed that he was able to capture these events in so much detail and I enjoyed remembering the details of these events Herbert O Burton Captain USN Retired North Carolina Three Years Aboard A Navy Destroyer is a marvelous account of the experience of the author as a young sailor during a period that few since the days of World War II have had the opportunity to share While certainly many have sailed the seas and some have encountered hostile action this account fills the gap for those who have not had such an experience Ted Holly communicates in the language of the sailor his experience that draws the reader into such that it is as if he or she is there He captures the attention of the reader and

presents an engaging account of the experiences of life aboard a 2200 ton vessel which is missing all of the comforts of the cruise ship from the periods of relative boredom to the periods of action with live ammunition Rev Ralph H Spiller Jr PhD LMHC CWO3 USN Retired Florida Maine Ted Hollys book is remarkable at several levels First he treats a subject from his own experience that is not often considered life on an American destroyer during the Korean War Further he lends authenticity to his narrative through the painstaking process of obtaining and relying on the actual ships logs day by day throughout his entire tenure aboard the USS Brush Added to that he as a quartermaster was well placed to hear and see much of what was happening aboard the ship Ted includes exhaustive details on some of the high points of the ships experience the shell hit in Wonsan Harbor and the attack on the submarine as examples Even for we who were aboard during much of the time covered in the book some of the events were revelations We either remembered them differently or not at all or in less detail but must defer to Teds account because of his reliance on the logs Therefore for any member of the crew during that period Teds book is an enjoyable and enlightening read Don Gordon RD 3 C USN Retired North Carolina Great book As a Destroyer Sailor aboard the USS DeHaven during the Korean War I can testify Ted has written a fine book about his navy years aboard the USS Brush If you are a navy destroyer sailor reading this book then get ready to relive an exciting experience I can recommend Teds book to anyone interested in ships shipboard life and even to one who has never been to sea An outstanding experience Bill Williams YN 2 C USN Retired Florida

US Navy Gun Destroyers 1945-88 Mark Stille, 2023-10-26 An illustrated history of the long Cold War careers of the US Navy s last gun destroyers from the modernized World War II era Fletcher class to the Forrest Sherman class The finest American destroyers of World War II had surprisingly long careers into the Cold War and the missile age The 175 strong Fletcher class was the largest class of US Navy destroyers ever built and most received some modernization after World War II A handful were converted into ASW Anti Submarine Warfare escorts and one was even converted into the US Navy s first guided missile destroyer Many Sumner class destroyers were also kept in service with the last decommissioned in 1973 The Gearing class was the classic US Navy wartime destroyer to have a second Cold War career some being modified into picket ships and others into ASW escorts Ninety five were extensively modernized under the Fleet Modernization and Rehabilitation FRAM program which allowed them to serve until 1980 The majority of these ships then saw service with foreign navies However the story of Cold War gun destroyers is not just one of World War II relics Commissioned in the 1950s the 18 ships of the Forrest Sherman class were the US Navy s last all gun destroyers and were considered to be the pinnacle of US Navy gun destroyer design Later in their careers most were modernized for ASW and antiair warfare The virtually unknown Norfolk class was originally built as a destroyer leader and maximized for ASW but only two were modernized and the other three retired early Many of these ships such as USS Edson Cassin Young and Turner Joy still survive as museum ships today Using

The Solomons 1943-44 Mark Stille,2018-08-23 Victory at Guadalcanal for the Allies in February 1943 left them a vital foothold in the Solomon Islands chain and was the first step in an attempt to isolate and capture the key Japanese base of Rabaul on New Britain In order to do this they had to advance up the island chain in a combined air naval and ground campaign On the other hand the Japanese were determined to shore up their defences on the Solomons which was a vital part of their southern front and would bitterly contest every inch of the Allied advance The scene was set for one of the bloodiest campaigns of the Pacific War Fully illustrated with specially commissioned maps and artwork this is the compelling story of the struggle for the Solomons a key part of the Allied advance towards Japan which saw tens of thousands of casualties and so many ships lost that part of the ocean became known as Ironbottom Sound **All Hands** ,1963
