Patria The Complete Cycle:

Patria R. Murray Schafer, 2002 Here was a very special ritual completely without a sense of striving and promising no rewards You wandered about amused and amazed never sure whether you were there to be entertained or entertaining for the moment you won a balloon or lost your money while upside down on a sky ride you became an actor watched by others and excited by their watching Patria Latin for homeland is composer R Murray Schafer s life s work a cycle of ten related music dramas created and performed over the last thirty years Each play in the cycle has a common theme the search of two lovers for one another through the many labyrinths of life on Earth Though many of the same characters reappear in different sections the scale of the cycle is vast unfolding across many cultures and drawing extensively from numerous world mythologies Many of these works are conceived for performance in unusual environments on the surface of a lake deep in a forest or even in a deserted mine Some begin at dawn sunset or midnight and some last for as long as a week This new definitive edition of Patria contains all ten parts of the cycle plus photos pages from the scores complex visual artworks in their own right commentary on the performance of the pieces and Schafer s personal essays on aestheticism In these remarkable works the arts court one another theatre meets ritual mythology fuses with art and the line between performer and audience blurs *Patria: The Complete Cycle* Murray R. Schafer, 2013 *R. Murray Schafer* L. Brett Scott, 2019-01-21 R Murray Schafer A Creative Life is the authoritative exploration of the life and work of this preeminent Canadian composer artist educator and activist Working closely with the composer and his family L Brett Scott has created the most up to date and accurate exploration of Schafer Scott draws on many public and private sources including the composer s own journals and correspondence which have not been previously available to researchers Scott discusses Schafer s extensive writings including his research writings on Ezra Pound and E T A Hoffmann and his multiple works of fiction The volume also includes a detailed summary of Schafer s work in the field of acoustic ecology and recognition of his role as founder of the World Soundscape Project as well as an overview of his writings on creative music education With complete discussions of his theater works choral compositions compositions for voice chamber pieces orchestral compositions and early and transitional works and a chronological list of compositions and select discography this volume presents the most comprehensive study of Schafer and his enduring legacy *The Art of Noticing Deeply* David Buley, Jan Buley, Rupert Clive Collister, 2016-12-14 The theme of deeply noticing the world of teaching and learning around us unifies the collected commentaries celebrated in this book The contributing storytellers teachers researchers poets photographers writers mentors and guides are integral to sustaining the art of noticing deeply to foster wide awakeness as Maxine Greene termed it years ago and engagement in teaching and learning settings and beyond Such settings might be a forest a global village a virtual place or a classroom They may be places where skills of collaboration social justice problem solving critical thinking ethical practice and lifelong learning are highlighted and celebrated Together the authors here explore the spaces where we teach and learn spaces

where we explore and interact and the spaces where we pause and wonder This book offers insight into ways in which the arts intersect teachers creative beings and nudges the reader to think about refreshing and renewing what they thought they knew about teaching and learning

A Dictionary of the American Avant-Gardes Richard Kostelanetz, 2019-03-04 For this American edition of his legendary arts dictionary of information and opinion the distinguished critic and arts historian Richard Kostelanetz has selected from the fuller third edition his entries on North Americans including Canadians Mexicans and resident immigrants Typically he provides intelligence unavailable anywhere else no less in print than online about a wealth of subjects and individuals Focused upon what is truly innovative and excellent Kostelanetz also ranges widely with insight and surprise including appreciations of artistic athletes such as Muhammad Ali and the Harlem Globetrotters and such collective creations as Las Vegas and his native New York City Continuing the traditions of cheeky high style Dictionarysts honoring Ambrose Bierce and Nicolas Slonimsky both with individual entries Kostelanetz offers a reference book to be treasured not only in bits and chunks but continuously as one of the ten books someone would take if they planned to be stranded on a desert isle

My Life on Earth and Elsewhere R. Murray Schafer, 2012 My Life on Earth and Elsewhere a memoir by the internationally acclaimed Canadian composer music educator and writer R Murray Schafer traces the author s life and growth as an artist from his earliest memories to the present Scenes from his youth as an aspiring painter a music student at the University of Toronto and a sailor on a Great Lakes freighter give way to memories of his several years of work and wandering in Europe where he gained a deeper understanding of his vocation and found especially in Greece the inspiration for much of the astonishing music he would create after his return to Canada

Imagination in Educational Theory and Practice Robert Fitzgerald, Thomas William Nielsen, 2010-04-16 Inspired by papers developed for the 6th International Conference on Imagination and Education Imaginative Practice Imaginative Inquiry Canberra Australia 2008 this book connects a cross section of educators researchers and administrators in a dialogue and exploration of imaginative and creative ways of teaching learning and conducting educational inquiry Imagination is a concept that spans traditional disciplinary and professional boundaries The authors in this book acknowledge diverse theoretical and practical allegiances but they concur that imagination will play an essential role in the building of new foundations for education in the 21st century From our conception of human development through our ways of educating teachers to the teaching of mathematics they argue for the centrality of imagination in the realization of human potential and for its relevance to the most urgent problems confronting our world Introduced by a wide ranging literature review and extensively referenced this volume makes an important contribution to a rapidly expanding field
