Hand Sr.,2022-05-04 Firstly the objective of that research was to assess the actions of the Civil Rights and the Progressive National Baptist Convention Inc PNBC movements Based on 37 returns to a questionnaire of 39 reduced to 24 identified key criteria e mailed to 158 persons across the country with forwarding permission 92% of the respondents indicated that they either agreed or strongly agreed that the actions of the Civil Rights and PNBC movements were inspired of by God Additionally this research identified some serious concerns and issues that each movement mainly PNBC has to address if each will continue to exist survive Secondly the objective of that research was to document our history through our struggles through our pains and gains through our good times and bad times through the ups and the downs in other words good bad or indifferent it is what it is our story his story not their story Rev Dr Herbert D Daughtry Sr constantly admonished us to make history to interpret history and to record history or something to that effect and not necessarily in that order When we do not do it ourselves in an accurate precise truthful etc manner then others will tell their story which nine out of ten times usually is not accurate precise truthful etc The old prophet acclaimed And the LORD answered me and said Write the vision and make it plain upon tables that he may run that readeth it Habakkuk 2 2 Thirdly and lastly the objective of that research was to share information that we do not want to be locked in our minds only to take it to the so called grave Many persons who were super knowledgeable as I define it about so many things that could have blessed the world took that super valuable information to the grave what a tremendous lost As an aside the lost is on multiple levels Level one we lost them Level two we lost what they did not share with us while they were alive Level three we lost the value of that buried information That is someone could have taken that information and transformed it to new information For example Dr Gabriel A Oyibo solved the Unified Field Theorem that Albert Einstein did not live long enough to solve So many things evolved from solving that equation Just think what would have happened to those many things that evolved from solving that equation if Dr Oyibo would not have solved that theorem All those many things that evolved from solving that equation would not be in existence Level four those persons who took from those many things that evolved from solving that

equation and incorporated that value into what they were doing Etc etc etc The number of these levels conceivably and theoretically approaches infinity That is there is no end to the theoretical lost when just one person does not bless the world with their knowledge wisdom and understanding **Inspirational Poetry** Lynne Patterson,2014-08-29 This poetry book reflects the personal trials and joys of a woman of faith and servant of God As believers travel as sojourners through the path of life these poems of inspiration draw them to Jesus for comfort During many years of trials with sickness disease and pain God caused Lynnes faith in God to grow The author hopes they will catch the readers eyes and minister to them or cheer them and keep them looking to the eternal and not the temporary in this fleeting life The Sovereignty of God God the Awesome Creator Hopelessness turned to peace in Jesus Th e Anchor in the Storm and much more Lynne reminds believers of Gods presence and grace through these difficult times It is insightful poetry reminding us that God is there even when life hurts Lynnes hope is that this poetry book will guide you closer toward the God of all comfort *Poets of Hope and Despair* Ben Hellman,2018-06-12 an account of the response of the Russian Symbolist poets to the Great War and the Russian revolutions of 1917
