Reading for the Plot was perhaps the best known of these until Brooks published *Seduced by Story* 2022 a provocative calling out of the now ubiquitous cultural stress on stories of all and any kind The mini essays in this volume build on the diverse strands of Brooks s work in their own ways to demonstrate and celebrate its significance for critical thinking across a range of different disciplinary fields and institutional settings in literary history and narrative theory in psychoanalytic and legal studies through interdisciplinary initiatives at Yale There are also two longer essays by Peter Brooks himself including one on
