Reading From This Place Vol 1 Social Location And Biblical Interpretation In The U S:

Reading from This Place, Volume 1 Fernando F. Segovia, Mary Ann Tolbert, How does one's life situation shape one's reading of the Bible In this landmark volume Segovia Tolbert and their 15 other contributors measure the impact of social location on the theory and practice of biblical interpretation Reading From This Place helps readers come to terms with the interpretive revolution sweeping through biblical studies **On Secular Governance** Ronald W. Duty, Marie A. Failing, 2016-04-05 This volume puts forth an unprecedented distinctive Lutheran take on the intersection of law and religion in our society today On Secular Governance gathers the collaborative reflections of legal and theological scholars on a range of subjects women's issues property law and the environment immigration reform human trafficking church state questions and more all addressed from uniquely Lutheran points of view **De-Introducing the New Testament** Todd Penner, Davina Lopez, 2015-04-08 In De Introducing the New Testament the authors argue for a renewed commitment to the defamiliarizing power of New Testament studies and a reclaiming of the discipline as one that exemplifies the best practices of the humanities A new approach that asks us to defamiliarize what we think we know about the New Testament articulating themes and questions about its study that encourage further reflection and engagement Looks behind the traditional ways in which the NT is introduced to critically engage the conceptual framework of the field as a whole Provides a critical intervention into several methodological impasses in contemporary NT scholarship Offers an appraisal of the relationship between economics and culture in the production of NT scholarship Written in a style that is clear and concise ideal for student readership **Scattered and Gathered** Michael L. Budde, 2017-09-15 This volume takes its title from the first century Christian catechism called the Didache Even as this broken bread was scattered over the hills gathered together and became one so let Your Church be gathered together from the ends of the earth For Christians today these words remain relevant in an era of massive human movements voluntary and coerced hybrid identities and wide ranging cultural interactions How do modern Christians live as both a scattered and gathered people How do they live out the tension between ecclesial universality catholicity and particularity distinctive ways of being church in a given culture and context Do Christians today constitute a diaspora a people dispersed across borders and cultures that nonetheless maintains a sense of commonality and mission Scattered and Gathered Catholics in Diaspora explores these questions through the work of fourteen scholars in different fields and from different corners of the world Whether through reflections on Zimbabweans in Britain Levantines in North America or the remote island people of Chilo now living in other parts of Chile they guide readers along the winding road of insights and challenges facing many of today's Christians **Latina Evangélicas** Loida Martell-Otero, Zaida Maldonado Pérez, Elizabeth Conde-Frazier, 2013-01-15 Latina Evangelicas A Theological Survey from the Margins is a constructive and postcolonial examination of the theology of Protestant Latinas who reside in the United States Written by three Latinas who have pastored and who teach in Latina/o communities the book seeks to expand beyond Latina feminist

and mujerista voices to include those whose perspectives have not yet been heard. It thus introduces an important theological perspective to a wider audience and provides an important resource that has been lacking for evangelicas/os and other marginalized groups who study in various theological programs. Key terminology such as evangelica is defined throughout and a glossary is included for non-Spanish speaking readers. Each chapter considers theological themes important to the Latina Protestant worshipping community beginning with a constructive discussion of the doctrine of the Holy Spirit and followed by the doctrines of salvation and Jesus Christ, the Trinity, the church, Scripture, and the last things/eschatology. Given that one of the characteristics of Latina/o theologies is their dialogical and collaborative nature, the book concludes with a conversation among the three authors about the theological thinking that took place in its composition. Study questions are included at the end of each chapter.

Constants in Context Stephen B. Bevans, Roger P. Schroeder, Roger Schroeder, 2004-01-01. Mission is handicapped without a sound biblical theology of mission and an understanding of the history of mission leading up to our current context. *Constants in Context* offers both of these elements. It is mission theology in historical perspective and/or a history of mission that is grounded theologically. The authors describe it as a systematic theology with mission at its core and a church history shaped by the constant but always contextual Christian traditions. Furthermore, it is a constructive contribution to how mission theology needs to be practical and lived out through today's church and in our world. Written collaboratively by Roman Catholic writers Stephen Bevans and Roger Schroeder, both Missionaries of the Divine Word (SVDs). It is a particularly insightful work in regard to the history and the various streams of Catholic mission, but it also addresses and learns from the other traditions of the church. In fact, one of the book's strengths is its attention to neglected aspects and hidden stories of church and mission history. As a result, it is gratifying to be inspired by non-European mission women in mission and various forgotten or often ignored branches of the church. The book is in three sections: first, there is a framework for cultural contexts and theological constants; second, an in-depth exploration of historical stages and different models for mission; and third, a presentation of theological frameworks for mission. The third section concludes with a case for mission as prophetic dialogue, being the most appropriate model for 21st-century mission. Amazon.com

Teología En Conjunto José David Rodríguez, Loida I. Martell-Otero, 1997-01-01. Two aspects are fundamental to Hispanic/Latina theology: rich diversity and a collaborative spirit. In this groundbreaking book, Hispanic scholars come together to create a theology drawn from the collaboration of Latino and Latina Protestants in North America. The authors discuss a range of topics: God, Jesus Christ, the Holy Spirit, the importance of Scripture, the church, humanity, the doctrine of sin, spirituality, and the challenges facing Hispanic/Latina Protestant theology.

Postcolonial Preaching HyeRan Kim-Cragg, 2021-02-11. In *Postcolonial Preaching*, HyeRan Kim-Cragg argues that preaching is the act of dropping the stone of the Gospel into a lake, making waves to move hearts and transform the world wounded by colonial violence. The ripple effect serves as a metaphor and acronym to guide to preaching that takes postcolonial concerns seriously. Rehearsal Imagination

Place Pattern Language and Exegesis RIPPLE Kim Cragg explains each ripple in this approach and exercise of creating and delivering sermons The author delivers fresh insights while drawing on some traditional homiletical perspectives in the service of a homiletic that takes the reality of racism migration and environmental degradation seriously Moreover Kim Cragg demonstrates the postcolonial sermon in action by including annotated homilies This book contributes to the very first wave of the application of postcolonial scholarship in preaching Given the continuing extent and influence of colonial worldviews and legacies this approach should become a staple in preaching over the next generation **Latinx Perspectives on the New Testament** Leticia A. Guardiola-Sáenz, Osvaldo D. Vena, 2022-03-17 Going against the false perception that all Latinx views on the Bible are homogeneous the contributors in this book use different hermeneutic perspectives to interpret the New Testament Each chapter examines one of the twenty seven documents thematically instead of following the traditional verse by verse commentary format **Readings from the Edges** Jean-Pierre Ruiz, 2011 Weaving together a range of border themes migration postcolonialism living in exile and the immigrant experience these readings bring fresh new insights to scholars clergy and others with backgrounds in contemporary theology and biblical study
