with subversive ideas leading to censorship through multiple channels denying access to education controlling publishing destroying libraries and even the burning of authors and their works Indeed the works of Voltaire were so often burned that an enterprising Parisian publisher produced a fire proof edition decorated with a phoenix But as Jack demonstrates reading is a collaborative act between an author and a reader and one which can never be wholly controlled Telling the story of reading from the ancient world to digital reading and restrictions today Belinda Jack explores why it is such an important aspect of our society ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable
