Readings From Educational Leadership Students At Risk:

Students at Risk Ronald S. Brandt,1990 **Readings from Educational Leadership** Association for Supervision and Curriculum Development,1990 **Readings from Educational Leadership** Ronald S. Brandt,1993 **The SAGE Guide to Educational Leadership and Management** Fenwick W. English,2015-01-29 The SAGE Guide to Educational Leadership and Management allows readers to gain knowledge of educational management in practice while providing insights into challenges facing educational leaders and the strategies skills and techniques needed to enhance administrative performance This guide emphasizes the important skills that effective leaders must develop and refine including communication developing teams coaching and motivating and managing time and priorities While being brief simply written and a highly practical overview for individuals who are new to this field this reference guide will combine practice and research indicate current issues and directions and choices that need to be made Features Benefits 30 brief signed chapters are organized in 10 thematic parts in one volume available in a choice of electronic or print formats designed to enable quick access to basic information Selective boxes enrich and support the narrative chapters with case examples of effective leadership in action Chapters conclude with bibliographic endnotes and references to further readings to guide students to more in depth presentations in other published sources Back matter includes an annotated listing of organizations associations and journals focused on educational leadership and administration and a detailed index This reference guide will serve as a vital source of knowledge to any students pursuing an education degree as well as for individuals interested in the subject matter that do not have a strong foundation of the topic **Engaging the Hispanic Learner** Michele Wages,2014-11-07 Every year a new group of students walks through the classroom door and the question arises what can I do differently to better help my Hispanic students This is one of the most fundamental questions every teacher must ask The reason being quite simply that the percentage of Hispanic students in U S classrooms is increasing dramatically each year In the past education s overall approach was to let Hispanic learners simply adapt to the typical U S Anglo dominated classroom culture The expectation was they would acclimate themselves to the current norms In fact it was almost as if there was an unspoken rule that it was the student s responsibility to figure out how to fit in If arguably that indeed was the situation it is certainly no longer true Given the seismic shift in percentages it s time for schools and teachers to proactively develop learning environments that will support these students in the best possible way In *Engaging The Hispanic Learner* Dr Michele Wages helps education take an enormous step forward in addressing this increasingly complex issue The research she cites is almost shockingly compelling After reading this book there should be no doubt in anyone s mind that the issue is real the issue is important and that successfully dealing with it soon is critical **Resources in Education** ,2001-10 Encyclopedia of Educational Leadership and Administration Fenwick W. English,2006-02-16 The SAGE Encyclopedia of Educational Leadership and Administration presents the most recent theories research terms concepts ideas and histories on educational leadership and

school administration as taught in preparation programs and practiced in schools and colleges today With more than 600 entries written by more than 200 professors graduate students practitioners and association officials the two volumes of this encyclopedia represent the most comprehensive knowledge base of educational leadership and school administration that has as yet been compiled **Conducting Educational Research** Daniel J. Boudah,2011 Conducting Educational Research Guide for Completing a Major Project provides concise accurate guidance through the entire research process from developing and focusing research questions to searching the existing literature to selecting the most appropriate research design measurement and analyses to interpretation and communication of outcomes Each chapter represents a step in the process and begins by with a concise overview of the topic Each chapter includes features and activities that ensure the researcher is asking the right questions and producing a quality project **Shadow Children** Anthony S. Dallmann-Jones,2006 A research based examination of the growing problem of at risk students in American schools today and the components of effective school prevention and intervention programs **Elementary Literacy Lessons** Janet C. Richards,Joan P. Gipe,2000 Textbook for elementary reading language arts courses Unique in its use of original teaching cases written by preservice teachers accompanied by commentaries written by experienced teacher educators and skilled classroom teachers
