Readings In Anthropology Vol 2:

Marriage in Human Society Manis Kumar Raha, 2023-01-01 Marriage as an institution was introduced among the human beings possible thousands of years ago Human being possible started with promiscuity and then moved to the structured forms of marriages It took no doubt many many years From one form of marriage is human being diversified marriage form into several During last couple of century or more several changes have taken place in marriage pattern forms methods ceremonies etc Still during recent decades only some anthropologists and other social scientists have showed much interest to study marriage These Three Volumes deals with marriage in different parts of the world and its different forms and types in great details But much emphasis has been given on different multiple marriages particularly polyandry its sub types and regions of origin and development of polyandry as practiced in different countries including India Emphasis has also been given on the question of determination and allocation of paternity and decline of polyandry and some other multiple marriages In this study special stress has been given on some of the marriage that is sexuality reproductively and paternity Also provide very good idea about different aspects of marriage and its types and forms The publisher and author of this book will be extremely happy if the reader considers this book as an important contribution to anthropology and other social sciences These volumes are useful for all those who are interested in Sociology Tribal Studies Anthropology and other Social Sciences

The Pawnee Ghost Dance Hand Game Alexander Lesser, 1996-01-01 The Ghost Dance religion that swept through the Plains Indian tribes in the early 1890s was embraced wholeheartedly by the Pawnees It was a message of hope to a people devastated by the attacks of enemy tribes the encroachment of white settlers and the outbreak of epidemics For the Pawnees who were looking to the U S government and trying unsuccessfully to farm their land the Ghost Dance movement promised salvation a restoration of the Indian dead the buffalo and the old times Alexander Lesser shows how the Ghost Dance brought about a partial revival of traditional Pawnee culture and its dances and songs The ancient guessing hand game remembered best by a tribe starved for the joy of play became an important part of the Ghost Dance ritual What had been a gambling game a representation of warfare played by men was transformed into a sacred game played by both sexes as an expression of faith or good fortune Lesser surveys the history of the Pawnee Indians and their relations with the federal government and describes in detail the Ghost Dance hand games that were the chief intellectual product of Pawnee culture from the onset of the messianic movement to the original publication of this book in 1933 Citing such authorities as James Mooney and Stewart Culin Lesser produced an enduring classic now introduced by Alice Beck Kehoe a professor of anthropology at Marquette University and the author of *The Ghost Dance Ethnohistory and Revitalization* A Marxist *Archaeology* Randall H. McGuire, 2002-12-31 A rich intellectual tradition that offers archaeologists a way around many seemingly irresolvable theoretical oppositions Marxism deserves a place in the philosophical and substantive debates in archaeology This book applies Marxist theory to archaeology explores long term historical change and cultural evolution and

advocates a dialectical and historical approach to the study of the past Originally published by Academic Press in 1992 this edition features a new prologue by the author 'Homo Religiosus' in Mircea Eliade Saliba,2023-09-20 **Archeology in Cultural Systems** Sally R. Binford,Lewis Roberts Binford, Archeology shares with other anthropological sciences the goal of explaining differences and similarities among cultural systems Sally R Binford and Lewis R Binford therefore are concerned with theory and arguments which treat problems of the interrelationship of cultural variables with explanatory value Archeology in Cultural Systems is devoted to four different aspects of archeology This book progresses from theoretical methodological discussions to specific consideration of archeological materials It focuses on the analysis of archeological remains from a single site Its concern is primarily with recognizing measuring and explaining variability in the form and distribution of a site s cultural remains The authors argue that internal variability derives from the composition and distribution of societal segments represented at the site The work then shifts to study of archeological components or their attributes and seeks explanations for observed differences and similarities A final section of the volume comments and discusses materials in the volume Archeology in Cultural Systems is not a monolithic presentation of any particular school of archeological thought There are common interests and many points of agreement among the authors but there is also diversity of opinion on several points These points are the focus of research here Lewis R Binford is professor emeritus of anthropology at the University of New Mexico He is the author of In Pursuit of the Past Decoding the Archaeological Record and Constructing Frames of Reference An Analytical Method for Archaeological Theory Building Using Hunter Gatherer and Environmental Data Sets Sally R Binford was professor of anthropology at the University of New Mexico She is the author of Stone Tools and Human Behavior The Gift of Birds Ruben E. Reina,Kenneth M. Kensinger,1991 Presenting 10 essays by experts in the fields of anthropology ethnography and ornithology on the native peoples of South America and their use of birds this volume offers a fascinating view into the lives and customs of some of the indigenous peoples living in the rainforest and coastal areas of Brazil and Peru This book includes color photographs of South American natives in festival and ritual celebrations and everyday activities along with spectacular objects of featherwork textiles and pottery Contributors Ruben E Reina Kenneth M Kensinger Kay L Candler Virginia Greene Elizabeth Netto Calil Zarur Catherine V Howard Patricia J Lyon Jon F Pressman Peter T Turst and Mark Robbins University Museum Monograph 75 Society & Culture , Relating Religion Jonathan Z. Smith,2004-11-10 One of the most influential theorists of religion Jonathan Z Smith is best known for his analyses of religious studies as a discipline and for his advocacy and refinement of comparison as the basis for the history of religions Relating Religion gathers seventeen essays four of them never before published that together provide the first broad overview of Smith s thinking since his seminal 1982 book Imagining Religion Smith first explains how he was drawn to the study of religion outlines his own theoretical commitments and draws the connections between his thinking and his concerns for general education He then engages several figures and traditions that serve to

define his interests within the larger setting of the discipline The essays that follow consider the role of taxonomy and classification in the study of religion the construction of difference and the procedures of generalization and redescription that Smith takes to be key to the comparative enterprise The final essays deploy features of Smith s most recent work especially the notion of translation Heady original and provocative *Relating Religion* is certain to be hailed as a landmark in the academic study and critical theory of religion

Survey Research in the Social Sciences Charles Y. Glock, John Bennett, 1967-12-31 Survey research was for a long time thought of primarily as a sociological tool It is relatively recently that this research method has been adopted by other social sciences and related professional disciplines The amount and quality of its use however vary considerably from field to field This volume describes the elementary logic of survey design and analysis and provides for each discipline an evaluation of how survey research has been used and conceivably may be used to deal with the central problems of each field

Readings In Anthropology Vol 2 Introduction

In today's digital age, the availability of Readings In Anthropology Vol 2 books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Readings In Anthropology Vol 2 books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Readings In Anthropology Vol 2 books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Readings In Anthropology Vol 2 versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Readings In Anthropology Vol 2 books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Readings In Anthropology Vol 2 books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Readings In Anthropology Vol 2 books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from

the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Readings In Anthropology Vol 2 books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Readings In Anthropology Vol 2 books and manuals for download and embark on your journey of knowledge?
