Liberalism Versus Conservatism François B. Gérard, 2000 Everyone eschews labels yet we all seem to possess them in the minds of legions of politicians marketers and even the ever peering government We are being targeted daily by flaming liberals left wing liberals right wing conservatives compassionate conservatives religious conservatives and liberals pinko liberals middle of the road liberals conservatives and liberals pinko liberals middle of the road liberals and conservatives and of course by neoconservatives and neoliberals The search is on for kindred souls the types who will open their wallets to support whatever it is the hucksters are peddling But what do these concepts mean and do their torchbearers grasp the underlying philosophies or do they care This bibliography lists over hundreds of entries under each category which are then indexed by title an author

Schram, Marianna Pavlovskaya, 2017-08-24 Neoliberalism remains a flashpoint for political contestation around the world For decades now neoliberalism has been in the process of becoming a globally ascendant default logic that prioritizes using economic rationality for all major decisions in all sectors of society at the collective level of state policymaking as well as the personal level of individual choice making Donald Trump's recent presidential victory has been interpreted both as a repudiation and as a validation of neoliberalism's hegemony *Rethinking Neoliberalism* brings together theorists social scientists and public policy scholars to address neoliberalism as a governing ethic for our times The chapters interrogate various dimensions of debates about neoliberalism while offering engaging empirical examples of neoliberalism's effects on social and urban policy in the USA Europe Russia and elsewhere Themes discussed include Relationship between neoliberalism the state and civil society Neoliberalism and social policy to discipline citizens Urban policy and how neoliberalism reshapes urban governance What it will take politically to get beyond neoliberalism Written in a clear and accessible style *Rethinking Neoliberalism* is a sophisticated synthesis of theory and practice making it a compelling read for students of Political Science Public Policy Sociology Geography Urban Planning Social Work and related fields at both the advanced undergraduate and graduate levels

The Unions and the Democrats Taylor E. Dark, 2018-08-06 Although labor unions have faced a decline in membership in recent decades they have not necessarily lost their political clout *The Unions and the Democrats* illuminates the inner dynamics of labor's relationship to the American political system over the past generation It examines organized labor from the Johnson administration through the 2000 elections showing that labor's alliance with the Democratic Party has endured

despite changes in the economy and the revival of conservatism Drawing on extensive interviews with union leaders and lobbyists Taylor E Dark provides a historical perspective often lacking in studies of union political involvement He compares the relationship of presidents Johnson Carter and Clinton with labor and analyzes cases of union involvement in legislative lobbying executive decision making and both congressional and presidential elections The book explores such topics as the effects of political reform on union power the development of union legislative goals and the impact of unions on economic policymaking and also evaluates the controversy over union campaign spending in the 1996 elections It demonstrates that labor s evolving alliance with the Democrats continues to shape America
