The Reagan Years Joseph Hogan, 1990 A collection of political commentaries published originally in the Wall Street Journal by a Reagan critic No index No bibliography Contributors from both Britain and the US but mostly Britain cover Reagan s management of institutions Congress the Supreme Court the Cabinet councils and the White House staff the mass media the political parties and assess his leadership in the arenas of economic policy and foreign affairs Generally oriented to the level of advanced undergraduate students and generally well done though an index is sorely lacking Distributed in the US and Canada by St Martins Press Annotation copyrighted by Book News Inc Portland OR

New Ways to Think and Learn with Metacognition Pamela R. Cook, Judith McConnell Mikkelsen, 2025-02-26 There is a global interest in the development and effectiveness of metacognition which is the concept of thinking about thinking This book marries a powerful reckoning of 33 contributing scholars from the countries of Belize Canada England Malaysia Russia Scotland and 8 states within the United States of America Techniques and strategies to develop heightened metacognitive behaviours are included in this book Eighteen chapters comprise topics related to metacognition such as its interconnectedness with children s thinking and learning as evident for example in the Montessori Method how it impacts the lives of culturally and linguistically diverse students its role in drama dance and television programs including its presence in epistemic trust in educational pedagogy obsessive compulsive disorders and as a bridge to those who are deaf and hard of

hearing Metacognition is everywhere one can see it feel it hear it move with it and if given the opportunity taste the success of metacognition *Handbook of Research on Advancing Critical Thinking in Higher Education* Wisdom, Sherrie, Leavitt, Lynda, 2015-07-17 The importance of critical thinking has surged as academics in higher education realize that many students upon entering college lack the critical thinking skills necessary to succeed While much has been written regarding the lack of critical thinking less has been written on the success of methods implemented to develop this fundamental skill The *Handbook of Research on Advancing Critical Thinking in Higher Education* explores the effective methods and tools being used to integrate the development of critical thinking skills in both undergraduate and graduate studies Due to the difficulties associated with teaching critical thinking skills to learners of any age this publication is a crucial addition to the scholarly reference works available to pre service and early career teachers seasoned educational professionals professors across disciplines curriculum specialists and educational administrators **Intergovernmental Perspective** ,1982 Each issue concentrates on a different topic *Managing the American Economy, from Roosevelt to Reagan* Nicolas Spulber, 1989 Describes and evaluates the views of theorists and practitioners directly involved with four major economic events in American history **The Reagan Presidency** Dilys M. Hill, Raymond A. Moore, Phil Williams, 2016-07-27 The Reagan presidency has been both eulogised and reviled Supporters have claimed that Ronald Reagan not only regenerated American power and restored American prestige but changed the direction of domestic policy in a way which marked the end of a twenty year period of expanding government This book explores the Reagan policy style and substance It considers the initial aspirations of the two Reagan administrations examines the constraints with which they had to contend and assesses the legacy of achievement and failure *The Reagan Effect* John W. Sloan, 1999 Now that Reagan s achievements and failures have become more obvious it is time for a new nonpartisan appraisal of his leadership and its impact on the nation That is precisely what John Sloan delivers Sloan focuses especially on the questions raised in the highly polemical debates between conservatives and liberals concerning Reagan s economic policies He gives equal time to both sides showing how liberals were wrong in their predictions of gloom while conservatives continue to grant Reagan more credit and status than he deserves **The Reagan Presidency** Paul Kengor, Peter Schweizer, 2005-04-29 In this important new volume editors Paul Kengor and Peter Schweizer bring together original essays from leading scholars who examine topics as varied as Iran Contra abortion the Cold War governmental management and economic policy Through critical analysis these essays
