Reagan And The Economy The Successes Failures And Unfinished Agenda:

Reagan and the Economy Michael J. Boskin, 1987 *Reagan and the Economy* is the most comprehensive authoritative and up to date critique of Reaganomics the revolutionary economic and political program of the 1980s whose effects are only beginning to be felt In accessible non technical language Michael J Boskin describes the Reagan economic program as it was conceived and as it evolved over the first six years of the Reagan presidency showing its place in the changing world of economic thought His aim is to dispel the myths about Reaganomics by taking a hard look at the actual data and evaluating the performance of the economy Many of his findings run counter to conventional wisdom Boskin s greatest contribution is his analysis of supply side economics the new school of economic thinking that produced several tax cuts during the Reagan Presidency He analyzes the effects of these policies in light of the economic conditions and alternatives available at the time and finds the supply side tax cuts to be partially successful These findings form a comprehensive and accurate review of Reaganomics *Reagan and the Economy* is essential to understanding the political and economic choices the nation will face in the coming years From publisher s description *Reagan and the economy* Michael J. Boskin, 1987 [Reagan and the US Economy](#) Michael J. Boskin, 1988 *The Age of Reagan: The Conservative Counterrevolution* Steven F. Hayward, 2010-11-02 Those who say that we re in a time when there are no heroes they just don t know where to look President Ronald Reagan January 20 1981 Hero It was a word most Americans weren t using much in 1980 As they waited on gas and unemployment lines as their enemies abroad grew ever more aggressive and as one after another their leaders failed them Americans began to believe the country s greatness was fading Yet within two years the recession and gas shortage were over Before the decade was out the Cold War was won the Berlin Wall came crashing down and America was once more at the height of prosperity And the nation had a new hero Ronald Wilson Reagan Reagan s greatness is today widely acknowledged but his legacy is still misunderstood Democrats accept the effectiveness of his foreign policy but ignore the success of his domestic programs Republicans cheer his victories over liberalism while ignoring his bitter battles with his own party s establishment historians speak of his eloquence and charisma but gloss over his brilliance in policy and clarity of vision From Steven F Hayward the critically acclaimed author of *The Age of Reagan The Fall of the Old Liberal Order* comes the first complete true story of this misunderstood controversial and deeply consequential presidency Hayward pierces the myths and media narratives masterfully documenting exactly what transpired behind the scenes during Reagan s landmark presidency and revealing his real legacy What emerges is a compelling portrait of a man who arrived in office after thirty years of practical schooling in the ways of politics and power possessing a clear vision of where he wanted to take the nation and a willingness to take firm charge of his own administration His relentless drive to shrink government and lift the burdens of high taxation was born of a deep appreciation for the grander blessings of liberty And it was this same outlook extended to the world s politically and economically enslaved nations that shaped his foreign policy and lent his statecraft its great

unifying power Over a decade in the making and filled with fresh revelations surprising insights and an unerring eye for the telling detail this provocative and authoritative book recalls a time when true leadership inspired a fallen nation to pick itself up hold its head high and take up the cause of freedom once again **The Reagan Effect** John W. Sloan,1999 Now that Reagan's achievements and failures have become more obvious it is time for a new nonpartisan appraisal of his leadership and its impact on the nation That is precisely what John Sloan delivers Sloan focuses especially on the questions raised in the highly polemical debates between conservatives and liberals concerning Reagan's economic policies He gives equal time to both sides showing how liberals were wrong in their predictions of gloom while conservatives continue to grant Reagan more credit and status than he deserves **Fiscal Policy Convergence from Reagan to Blair** Arthur T. Denzau,Ravi K.
