Real Guide Yugoslavia:

A Reader's Guide to Croatia Lawrence D. Orton, 1992 **Bibliography of Sources on the Region of Former Yugoslavia Volume III** Rusko Matuli?, 1998 **Area Handbook for Yugoslavia** Gordon C. McDonald, 1973 General study of Yugoslavia covers the historical setting geographical aspects the social structure and living conditions ethnic groups the political system and the economic structure culture and education agriculture industry trade foreign policy and defence etc Bibliography pp 553 to 630 glossary maps and statistical tables **Yugoslav Facts and Views**, 1974 Yugoslav News Bulletin, 1985 Yugoslav Workers' Selfmanagement M.J. Broekmeyer, 2012-12-06 This book contains the Proceedings of a Conference held on 7-9 January 1970 in Amsterdam on the problems and perspectives of Yugoslav workers self management The Yugoslav writers were selected according to the criteria that they are competent in their field and that they have different viewpoints in their assessment of the system We hope that the threefold purpose of this book will be attained namely to provide a clearer insight for the Western reader into the Yugoslav system secondly to confront Yugoslav society with the questions asked and the criticism voiced here with regard to the practice of workers selfmanagement and lastly to pay a modest tribute to the 20th anniversary of Yugoslav workers self management To be sure the range of subjects treated in Amsterdam might seem to be rather wide but one should bear in mind that this was unavoidable in the first large scale confrontation of two different social systems outside Yugoslavia Although the language used in this book may not always correspond with the official standards we trust that the published texts will be easily readable for the benevolent reader

Quarterly Economic Review of Yugoslavia, 1980 **Socialist Economics in Yugoslavia** Marko Grdešić, Mislav Žitko, 2025-10-31 This book presents a critical history of Yugoslav socialist economics from its inception in the late 1940s to its dissolution in the late 1980s After the dramatic break with the Soviet Union in 1948 Yugoslavia found itself in urgent need of a third way A socialist trajectory which would not resemble the Soviet model nor succumb to the imperatives of capitalist modernization This monumental historical task resulted in the gradual constitution of the system of socialist self management This book is the first to provide a systematic response to key questions about this specifically Yugoslav form of socialist economics How did it develop How was it consolidated into a productive and influential academic discipline What were the theoretical concerns and empirical procedures used by economists in order to create a modern scientific discipline and advance the cause of socialist Yugoslavia And finally how did this body of work enter a terminal crisis and disappear simultaneously with the country itself Even given its failure socialist Yugoslavia constitutes one of the more important and sustained twentieth century attempts at building socialism Thus the Yugoslav way of thinking remains relevant for contemporary topics such as economic democracy comparative economic systems and post capitalist economic models This book will appeal to all readers interested in the history of economics economic sociology political economy the history of Yugoslavia and socialist debates *The Real Guide* Martin Dunford, Jack Holland, 1990 *The New Yugoslav Woman*

Branka Bogdan, 2025-09-30 From 1945 to 1989 the Yugoslav state connected its claims of progressive politics and gender equality to its support of free healthcare sex education and contraception and laws that supported reproductive choice Yugoslav men and women internalized these messages proclaiming their homeland's superior care for its citizens in comparison to postwar Europe and the United States Even as Yugoslav women faced stigma and abuse for their usage of contraceptives and medical practitioners grappled with new regulations and technology alongside personal ideologies Yugoslavs celebrated their own reformation into new politically minded citizens who carefully navigated tradition and modernity as they reconstructed the nation The New Yugoslav Woman provides a social and cultural history of how Yugoslav communists used reproductive regulation to build a platform of socialism through self management and to position the country as a conduit between the global North and South Author Branka Bogdan traces reproduction as a central facet of socialist Yugoslavia's state formation through the nation's laws medical infrastructure technological growth and state run sex education programs Bringing this history to the present day with a discussion of more than two dozen interviews with Yugoslav patients and medical professionals Bogdan reveals how these recollections show key continuities with the past rather than an abrupt break between the socialist and post socialist worlds Drawing Yugoslavian women's experiences into the geopolitical history of reproduction and the Cold War era state The New Yugoslav Woman reveals the centrality of reproduction contraception and abortion to socialist Yugoslavia's self conception as the developed leader of the developing world
