Real History Of The Rosicrucians:

The Real History of the Rosicrucians Arthur Edward Waite, 2005-01-01 Three derivations are offered of the name Rosicrucian The first which is certainly the most obvious deduces it from the ostensible founder of the order Christian Rosenkreuze I shall show however that the history of this personage is evidently mythical or allegorical and therefore this explanation merely takes the inquiry a step backward to the question What is the etymology of Rosenkreuze The second derivation proposed is from the Latin words Ros dew and Crux cross This has been countenanced by Mosheim who is followed by Rees's Encyclopaedia and other publications The argument in its favour may be fairly represented by the following quotation Of all natural bodies dew was deemed the most powerful dissolvent of gold and the cross in chemical language was equivalent to light because the figure of a cross exhibits at the same time the three letters of which the word lux or light is compounded Now lux is called the seed or menstruum of the red dragon or in other words that gross and corporeal light which when properly digested and modified produces gold Hence it follows if this etymology be admitted that a Rosicrucian philosopher is one who by the intervention and assistance of the dew seeks for light or in other words the substance called the Philosopher's Stone This opinion exaggerates the importance attributed to the dew of the alchemists The universal dissolvent has figured under various names of which ros is by no means most general the comprehensive Lexicon Alchymicum does not mention it According to Gaston le Doux in his Dictionnaire Hermétique Dew simply so called signifies Mercury Dew of the Philosophers is the matter of the stone when under the manipulation of the artist and chiefly during its circulations in the philosophical egg The White and Celestial Dew of the Wise is the philosophical stone perfected to the White Mosheim derived his opinion from Peter Gassendi² and from a writer in Eusebius Renanot's Conférences Publiques³ who confesses that he knew nothing whatsoever of the Rosicrucians till the task of speaking on the subject was imposed on him by the Bureau d'Adresse He says Dew the most powerful dissolvent of gold which is to be found among natural and non corrosive substances is nothing else but light coagulated and rendered corporeal when it is artistically concocted and digested in its own vessel during a suitable period it is the true menstruum of the Red Dragon i.e. of gold the true matter of the Philosophers The society desiring to bequeath to posterity the ineffaceable sign of this secret caused them to adopt the name Frères de la Rose Cuite The mystic triad of the Society F R C has been accordingly interpreted Fratres Roris Cocti the Brotherhood of the Concocted or Exalted Dew but the explanation has little probability in itself Several chemists says Pernetz in his Dictionnaire Mytho Hermétique have regarded the dew of May and September as the matter of the Magnum Opus influenced doubtless by the opinion of various authors that dew was the reservoir of the universal spirit of Nature But when we seriously study the texts of the true philosophers wherein they make reference to dew we are soon convinced that they only speak of it by a similitude and that theirs is metallic that is it is the mercurial water sublimated into vapour within the vase and precipitated at the bottom in the form of fine rain Thus when they write of the dew of the month of May they are referring to that of their

philosophic Spring which is governed by the gemini of the alchemical Zodiack which differs from the ordinary astronomical Zodiack Philalethes has positively said that their dew is their mercurial water rising from putrefaction [A New and Authentic History of the Rosicrucians](#) Fr Wittemans,2011-04-01 Very Scarce Book on Rosicrucianism Contents Introduction Traditional Origin of the Order of the Rosicrucians Christian Rosencreutz and his Successors the Renaissance of the Order in the Eighteenth Century The Rosicrucians in the Netherlands and France Bacon and the English Rosicrucians The Ergon and the Parergon of the Rosicrucian The Golden Rosicrucian The Rosicrucian in Russia The Rosicrucians of the Eighteenth Degree of Scottish Freemasonry The Rose Croix Grade in the Freemasonry of Holland Saint Germaine and the Rosicrucians of France of the Eighteenth Century Rosicrucians in the Nineteenth Century Rosicrucians and Theosophy The Golden Dawn References Principle Dates of the History of the Rosicrucians Bibliography [The Real History of the Rosicrucians](#) Arthur Edward Waite,1997 **The Real History of the Rosicrucians** Arthur Edward Waite,2020-11-02 The Real History of the Rosicrucians by British poet occultist mystic and co creator of the Rider Waite tarot deck was originally published in 1887 The work is Waite s masterpiece history of the elusive Rosicrucians a mysterious secret society which came to public attention in early 17th century Germany Despite there being much literature written about this order no confirmed members were ever proven to exist Over the centuries a mythology grew around the Rosicrucians and groups dating back to the 19th century claimed the name Themselves claiming to go back further to ancient Egypt or Atlantis Waite presents complete translations of the core texts in the Rosicrucian canon including the Fama Fraternitatis the Confessio Fraternitatis and the Chemical Wedding of Christian Rosencreutz The Chemical Wedding is a dream text as a thinly veiled alchemical allegory Nobody knows the true authorship of these documents though the German theologian and writer Johann Valentin Andreas is given as one possibility Waite also looks at Rosicrucian literature from successive centuries including quotes from authors who wrote about the Rosicrucians such as Michael Maier Robert Fludd Thomas Vaughan and John Heydon Waite also includes Heydon s Voyage to the Land of the Rosicrucians which is very similar to Thomas More s Utopia in its entirety
