Roman marriage : "Iusti Coniuges" from the time of Cicero to the time of Ulpian Susan Treggiari,1991

Marriage and Family in the Biblical World Ken M. Campbell,2003-10-06 Ken M Campbell presents the work of six scholars who map varying understandings of marriage and family in six cultural settings Victor H Matthews on the ancient Near East Daniel I Block on ancient Israel S M Baugh on Greek society Susan M Treggiari on Roman society David W Chapman on Second Temple Judaism and Andreas K stenberger on the New Testament era , **Cicero's De Provinciis Consularibus Oratio** Luca Grillo,2015-03-26 Perhaps no other single Roman speech exemplifies the connection between oratory politics and imperialism better than Cicero's *De Provinciis Consularibus* pronounced to the senate in 56 BC Cicero puts his talents at the service of the powerful triumviri Caesar Crassus and Pompey whose aims he advances by appealing to the senators imperialistic and chauvinistic ideology This oration then yields precious insights into several areas of late republican life international relations between Rome and the provinces Gaul Macedonia and Judaea the senators view on governors publicani tax farmers and foreigners the dirty mechanics of high politics in the 50s driven by lust for domination and money and Cicero's own role in that political choreography This speech also exemplifies the exceptional range of Cicero's oratory the invective against Piso and Gabinius calls for biting irony the praise of Caesar displays high rhetoric the rejection of other senators recommendations is a tour de force of logical and sophisticated argument and Cicero's justification for his own conduct is embedded in the self fashioning narrative which is typical of his post reditum speeches This new commentary includes an updated introduction which provides the readers with a historical rhetorical and stylistic background to appreciate the complexities of Cicero's oration as well as indexes and maps **Roman Wives, Roman Widows** Bruce W. Winter,2003 During the late Republic and early Empire the new woman made her appearance This was a wife or widow of means who took part in life outside the walls of her house including wider society business and extra marital affairs

Master of Rome David Potter,2025-07-10 By any measure Julius Caesar is one of the most significant and famous figures in Roman history Self identified as a popular politician he advocated for effective government to better the lives of average Romans but believed such a government could not be based upon the existing democracy Only through his personal authority and the massive organization he built to overthrow the government could the prosperity of all Rome's citizens be ensured Through a careful analysis of the ancient sources especially Caesar's own writings David Potter offers us a stunning and original portrait of this great general and statesman Master of Rome reveals Caesar as a highly organized manager with an extraordinary ability to adjust to circumstances while maintaining the ancient equivalent of a positive media presence After his death Caesar's followers put forward a narrative of his life that made his rise to power seem inevitable but Caesar's own writing tells us a different story one of a detail oriented general who demanded a high degree of accountability from his subordinates A critical aspect of Caesar's philosophy of command was the need to find room for former enemies to serve in

his organization While this philosophy catapulted Caesar to great fame as a general during the wars in Gaul when he attempted to put this method into effect in the wake of the civil war that established him as the master of Rome it led to his brutal assassination in 44 BCE Master of Rome tells the dramatic story of one of history s most intriguing figures who rose from the fringes of Roman political society to unprecedented heights Along the way Potter identifies the extraordinary qualities that enabled Caesar to dominate the world in which he lived **Persecution in 1 Peter** Travis B.

Williams,2012-11-01 In Persecution in 1 Peter Travis B Williams offers a comprehensive and detailed socio historical investigation into the nature of suffering in 1 Peter While interpreters commonly portray the conflict situation addressed by the epistle as unofficial persecution consisting of discrimination and verbal abuse Williams demonstrates the inadequacy of this modern consensus by situating the letter against the backdrop of conflict management in first century CE Asia Minor Drawing on a wide range of historical evidence and on modern social psychological perspectives this work reconstructs the conflict situation of the Anatolian audience and offers important insights regarding the legal culpability of Christians following the Neronian persecution the roles of local and provincial authorities in the judicial process and the variegated conflict experiences of different socio economic groups within the Christian communities *Fronto: Selected Letters*

Marcus Cornelius Fronto,2014-01-02 Selected letters written by the Roman senator and orator M Cornelius Fronto in translation and accompanied by in depth commentary notes offering a unique insight into the late second century A D Roman world **Law and the Illicit in Medieval Europe** Ruth Mazo Karras,Joel Kaye,E. Ann Matter,2010-03-19 In the popular imagination the Middle Ages are often associated with lawlessness However historians have long recognized that medieval culture was characterized by an enormous respect for law and legal procedure This book makes the case that one cannot understand the era s cultural trends without considering the profound development of law *Man and Woman, One in Christ*

Philip Barton Payne,2015-05-05 Does Paul teach a hierarchy of authority of man over woman or does he teach the full equality of man and woman in the church and home In Man and Woman One in Christ Philip Barton Payne answers this question and more injecting crucial insights into the discussion of Paul s view of women Condensing over three decades of research on this topic Payne s rigorous exegetical analysis demonstrates the consistency of Paul s message on this topic and its coherence with the rest of his theology Payne s exegetical examination of the Pauline corpus is thorough exploring the influences on Paul his practice as a church leader and his teachings to various Christian communities Paul s theology instruction and practice consistently affirm the equal standing of men and women with profound implications for the church today Man and Woman One in Christ is required reading for all who desire to understand the meaning of Paul s statements regarding women and their relevance for Christian relationships and ministry today This work has the potential of uniting the church on this contentious issue **The Works of Saint Augustine: v. 1. Davina C. Lopez,2010-10-01 Apostle to the Conquered reveals

the subversive heart of Paul's theology reframing his conversion in terms of consciousness and his exhortations as a politics of the new creation

Women in the New Testament World Susan E. Hylen, 2018-10-01 Modern readers of the New Testament often notice its varying ideas about women. Some passages encouraged women to be submissive and remain silent. Yet in others women characters owned property, headed households, or spoke with approval. *Women in the New Testament World* helps readers understand this conflicting evidence. It argues that social norms of the time encouraged traditional feminine virtues. However, as Susan Hylen argues, women in the culture enacted these virtues in a variety of ways, including active leadership in households, associations, and cities. In contrast to earlier approaches that divided the evidence into groups that either allowed or forbade women's leadership, this book points to a tension that was pervasive across different groups and regions of the Roman world. Society widely viewed women as inferior to men yet applauded their active pursuit of familial and civic interests. Thus it was not the case that some women led while others were silent; instead, women were praised for modesty at the same time as they exerted influence in their communities. Elaborating on this rich historical background, Hylen illuminates new possibilities in New Testament texts.

Clodia Metelli Marilyn B. Skinner, 2011-01-12 *Clodia Metelli: The Tribune's Sister* is the first full-length biography of a Roman aristocrat whose colorful life, as described by her contemporaries, has inspired numerous modern works of popular fiction, art, and poetry. Clodia, widow of the consul Metellus Celer, was one of several prominent females who made a mark on history during the last decades of the Roman Republic. As the eldest sister of the populist demagogue P. Clodius Pulcher, she used her wealth and position to advance her brother's political goals. For that, she was brutally reviled by Clodius' enemy, the orator M. Tullius Cicero, in a speech painting her as a scheming, debauched whore. Clodia may also have been the alluring mistress celebrated in the love poetry of Catullus, whom he calls Lesbia, in homage to Sappho, and depicts as beautiful, witty, but also false and corrupt. From Cicero's letters, finally, we receive glimpses of a very different woman: a great lady at her leisure. This study examines Clodia in the contexts of her family background, the societal expectations for a woman of her rank, and the turbulent political climate in which she operated. It weighs the value of the several kinds of testimony about her and attempts to extract a picture as faithful to historical truth as possible. The manner in which Clodia was represented in writings of the period and the motives of their authors in portraying her as they did together shed considerable light on the role played by female figures in Roman fiction and historiography.

Caesars' Wives Annelise Freisenbruch, 2011-10-25 Documents the stories of eight wives of Roman rulers, assessing their historical contributions and cultural influence and drawing parallels between modern first ladies and the lives of such ancient world figures as Livia, Helena, and Julia.

Juvenal and the Satiric Emotions Catherine Keane, 2015-02-23 In his sixteen verse Satires Juvenal explores the emotional provocations and pleasures associated with social criticism and mockery He makes use of traditional generic elements such as the first person speaker moral diatribe narrative and literary allusion to create this new satiric preoccupation and theme Juvenal defines the satirist figure as an emotional agent who dramatizes his own response to human vices and faults and he in turn aims to engage other people's feelings Over the course of his career he adopts a series of rhetorical personae that represent a spectrum of satiric emotions encouraging his audience to ponder satire's proper emotional mode and function Juvenal first offers his signature indignatio with its associated pleasures and discomforts then tries on subtler personae that suggest dry detachment callous amusement anxiety and other affective states As Keane shows the satiric emotions are not only found in the author's rhetorical performances but they are also a major part of the human farrago that the Satires purport to treat Juvenal's poems explore the dynamic operation of emotions in society drawing on diverse ancient literary rhetorical and philosophical sources Each poem uniquely engages with different texts and ideas to reveal the unsettling powers of its emotional mode Keane also analyzes the emotional plot of each book of Satires and the structural logic of the entire series with its wide range of subjects and settings From his famous angry tirades to his more puzzling later meditations Juvenal demonstrates an enduring interest in the relationship between feelings and moral judgment

Reformation and Everyday Life Nina J. Koefoed, Bo Kristian Holm, Christopher B. Brown, Günter Frank, Barbara Mahlmann-Bauer, Tarald Rasmussen, Violet Soen, Zsombor Tóth, Günther Wassilowsky, Siegrid Westphal, 2023-11-13 The European reformations meant major changes in theology religion and everyday life Some changes were immediate and visible in a number of countries monasteries were dissolved new liturgies were introduced and married pastors were ordained others were more hidden Theologically as well as practically the position of the church in the society changed dramatically but differently according to confession and political differences This volume addresses the question of how the theological liturgical and organizational changes brought by the reformation within different confessional cultures throughout Europe influenced the everyday life of ordinary people within the church and within society The different contributions in the book ask how lived religion space and everyday life were formed in the aftermath of the reformation and how we can trace changes in material culture in emotions in social structures in culture which may be linked to the reformation and the development of confessional cultures
