Roman Coins And Public Life Under The Empire:

Roman Coins and Public Life Under the Empire George M. Paul, 1999 Opens windows into imperial policy and artistic taste

Religion and Society in Roman Palestine Douglas R. Edwards, 2004-08-05 A collection of papers focussing on the contributions made by archaeology to the understanding of society in Palestine in the Roman period The papers enable the two ways of evidence to interact in an unprecedented way

Architectural Restoration and Heritage in Imperial Rome Christopher Siwicki, 2020 Challenging the idea that heritage is a purely modern phenomenon this volume addresses how historic buildings were treated in Imperial Rome examining the way in which the ancients restored the monuments they inherited from earlier generations and developing our understanding of the Roman concept of built heritage

From Caesar to Augustus (c. 49 BC-AD 14) Clare Rowan, 2019 A richly illustrated introduction to the contribution of Roman and provincial coinage to the history of this period aimed at undergraduates

Caesar Rules Olivier Hekster, 2022-12-08 A riveting portrayal of what the inhabitants of the Roman Empire expected of their ruler and their feelings about him

Antioch in Syria Kristina M. Neumann, 2021-09-02 Antioch in Syria critically reassesses this ancient city from its Seleucid foundation into Late Antiquity Although Antioch's prominence is famous Kristina M Neumann newly exposes the gradations of imperial power and local agency mediated within its walls through a comprehensive study of the coins minted there and excavated throughout the Mediterranean and Middle East Patterns revealed through digital mapping and Exploratory Data Analysis serve as a significant index of spatial politics and the policies of the different authorities making use of the city Evaluating the coins against other historical material reveals that Antioch's status was not fixed nor the people passive pawns for external powers Instead as imperial governments capitalised upon Antioch's location and amenities the citizens developed in their own distinct identities and agency Antioch of the Antiochians must therefore be elevated from traditional narratives and static characterisations being studied and celebrated for the dynamic polis it was

Neokoroi Barbara Burrell, 2004 This book collects and analyzes the evidence for eastern Hellenized cities of the first through third centuries C E that became the sites of their provinces temples to the cult of Roman emperors and thus received the title neokoroi temple wardens

The Economy of Pompeii Miko Flohr, Andrew Wilson, 2017 This book is the first to address from a variety of perspectives the economy of the Roman city of Pompeii It uses archaeological and textual evidence to discuss topics as diverse as agriculture in the fertile plains at the foot of mount Vesuvius diet and health manufacturing urban investment consumption trade and money

The Divinization of Caesar and Augustus Michael Koortbojian, 2013-10-31 This book examines the newly institutionalized divinization of Caesar and Augustus at the advent of the Roman empire

Numismatics and Greek Lexicography Michael P. Theophilos, 2019-11-28 Michael P Theophilos explores the fascinating variety of numismatic contributions to Greek lexicography pertaining to lexicographic studies of the Second Temple period in general and the New Testament in particular Theophilos considers previous scholarly attempts to grapple with and incorporate critical numismatic

material into the emerging discipline of Greek lexicography including foundational work by F Preisigke and E Kiessling before outlining his own methodological approach Theophilos then examines the resources available for engaging with the numismatic material and presents a series of specific case studies throughout the New Testament material His carefully annotated images of coins draw readers in to a greater understanding of the material culture of the Greco Roman world and how this impacted upon the Greek language and the New Testament

The First Urban Churches 1 James R. Harrison, L. L. Welborn, 2015-09-29 A fresh look at early urban churches This collection of essays examines the urban context of early Christian churches in the first century Roman world A city by city investigation of the early churches in the New Testament clarifies the challenges threats and opportunities that urban living provided for early Christians Readers will come away with a better understanding of how scholars assemble an accurate picture of the cities in which the first Christians flourished Features Analysis of urban evidence of the inscriptions papyri archaeological remains coins and iconography Discussion of how to use different types of evidence responsibly Outline of what constitutes proper methodological use for establishing a nuanced informed portrait of ancient urban life

Visualizing Harbours in the Classical World Federico Ugolini, 2020-05-14 In recent years there has been intense debate about the reality behind the depiction of maritime cityscapes especially harbours Visualizing Harbours in the Classical World argues that the available textual and iconographic evidence supports the argument that these representations have a symbolic rather than literal meaning and message and moreover that the traditional view that all these media represent the reality of the contemporary cityscapes is often unrealistic Bridging the gap between archaeological sciences and the humanities it ably integrates iconographic materials epigraphic sources history and archaeology along with visual culture Focusing on three main ancient ports Alexandria Rome and Leptis Magna Federico Ugolini considers a range of issues around harbour iconography from the triumphal imagery of monumental harbours and the symbolism of harbour images their identification across the Mediterranean and their symbolic ideological and propagandistic messages to the ways in which aspects of Imperial authority and control over the seas were expressed in the iconography of the Julio Claudian Trajan and Severii periods how they reflected the reputed growth and power of the mercantile class during the Imperial era and how the use of imagery reflected euergetism and paideia which would inform the Roman audience about who had power over the sea

Coining Images of Power Erika Manders, 2012-01-06 Current scholarship on Roman imperial representation addresses both the ways in which individual rulers presented themselves to their subjects and how particular aspects of imperial representation developed over time This book combines these two approaches It examines the diachronic development of the representation of Roman imperial power as a whole in one medium over a longer period of time Through a quantitative and qualitative analysis of coin types issued between A D 193 and 284 patterns in the representation of third century Roman emperors on imperial coinage are made visible The result is a new perspective on the development of imperial ideology in times of crisis

Leading the Roman Army Jonathan Mark Eaton, 2020-07-30 The Roman imperial army

represented one of the main factors in the exercise of political control by the emperors. The effective political management of the army was essential for maintaining the safety and well being of the empire as a whole. This book analyses the means by which emperors controlled their soldiers and sustained their allegiance from the battle of Actium in 31 BC to the demise of the Severan dynasty in AD 235. Recent discoveries have revolutionized our understanding of the Roman army. This study provides an up to date synthesis of a range of evidence from archaeological, epigraphic, literary and numismatic sources on the relationship between the emperor and his soldiers. It demonstrates that this relationship was of an intensely personal nature. He was not only the commander in chief but also their patron and benefactor even after their discharge from military service. Yet the management of the army was more complex than this emperor-soldier relationship suggests. An effective army requires an adequate military hierarchy to impose discipline and command the troops on a daily basis. This was of particular relevance for the imperial army which was mainly dispersed along the frontiers of the empire effectively in a series of separate armies. The emperor needed to ensure the loyalty of his officers by building mutually beneficial relationships with them. In this way the imperial army became a complex network of interlocking ties of loyalty which protected the emperor from military subversion. *Israel Numismatic Research* Israel Numismatic Society, 2017-12-31

The Ludi Saeculares of Septimius Severus Jussi Rantala, 2017-02-24. Septimius Severus emerged victorious from the civil war of AD 193; he was not part of the traditional political elite but instead a military commander from Africa with a Syrian princess as his wife. To garner popular support and to legitimise his power, Severus conducted an intensive propaganda campaign. This is the first monograph to examine the Secular Games (*ludi saeculares*), the magnificent festival which celebrated Septimius Severus as a bringer of peace and prosperity and which also symbolised a new imperial ideology based on autocracy rather than the Antonine ideal of co-operation between ruler and Senate. *The Many Faces of Herod the Great* Adam Kolman Marshak, 2015-04-22. An old bloodthirsty tyrant hears from a group of Magi about the birth of the Messiah, king of the Jews. He vengefully sends his soldiers to Bethlehem with orders to kill all of the baby boys in the town in order to preserve his own throne. For most of the Western world this is Herod the Great, an icon of cruelty and evil, the epitome of a tyrant. Adam Kolman Marshak portrays Herod the Great quite differently, however, carefully drawing on historical, archaeological and literary sources. Marshak shows how Herod successfully ruled over his turbulent kingdom by skillfully interacting with his various audiences: Roman, Hellenistic and Judaeans in myriad ways. Herod was indeed a master in political self-presentation. Marshak's fascinating account chronicles how Herod moved from the bankrupt usurper he was at the beginning of his reign to a wealthy and powerful king who founded a dynasty and brought ancient Judaea to its greatest prominence and prosperity. *Jungian and Psychoanalytic Perspectives on Christmas* Kendrick Lyddon Norris, 2025-09-08. By examining its history, traditions, symbols and representation in the arts through the lens of three major schools of depth psychology, Kendrick L. Norris, a Jungian Analyst and minister, shows how better understanding of the promise of Christmas can allow us to discover what it is

that we long for the most Why does the winter celebration of Christmas have such a deep rooted resonance individually and collectively This extensively researched book clearly and engagingly articulates the soul reasons why this holiday has such a significant impact on the human psyche The work begins with an explanation about how depth psychology can be used to understand the Christmas phenomenon followed by an investigation into the origins and symbols of Christmas The book closes by delving into the soul meaning of Christmas through the perspectives of Freud Kohut and Jung This thought provoking volume will appeal to Jungian Analysts psychoanalysts and psychotherapists as well as those interested in religion and its relation to depth psychology *The Emperor Commodus* Geoff W. Adams,2013 This work establishes the various perspectives surrounding and emanating from the Roman Emperor Commodus Included are an in depth analysis of his major influences as a child youth particularly in relation to his family as well as a discussion of the influences that had occurred in Rome and while in the provinces despite the frequent denial of any positive attributes towards him within the works of many late Republican authors Adams analyses the progression of influences and events throughout the life of the infamous emperor in order to clearly establish Commodus perspectives about not only the Principate but also how his role within Roman society was clearly influenced by the ideals of his more well received predecessors the Five Good Emperors Edward Gibbon It is intended that this work will not only appeal to an academic audience but also interested students and laymen who have an interest in one of the most intriguing and infamous characters of the Ancient World **Material Culture and Cultural Identity: A Study of Greek and Roman Coins from Dor** Rosa Maria Motta,2015-02-26 Presents numismatics from the ancient harbor town of Dor Dor in modern Israel with a history that spanned from the Bronze Age until the Late Roman Era

Right here, we have countless ebook **Roman Coins And Public Life Under The Empire** and collections to check out. We additionally allow variant types and afterward type of the books to browse. The agreeable book, fiction, history, novel, scientific research, as well as various further sorts of books are readily genial here.
