## **Romanian Bulgarian And The Balkans:**

**Bulgarian Geopolitics in a Balkan Context** Valentin Mihaylov, 2024-04-01 This book is about the geographic space as an inseparable component of a nation's historical memory territorial awareness geopolitical visions and obsessions The empirical part of the book focuses on the critical analysis of first hand sources containing representations of the imagined spaces and places of Bulgaria and Bulgarians from a long term perspective The research results are structured in accordance with the author's model of an imagined national space It contains three general domains possessed national space the ethnogeopolitical neighbourhood and ancient and legendary spaces The book also explores how Bulgarians historical and ethnic spaces are linked with specific geopolitics such as passive internal geopolitics soft revisionism non intervening geopolitical claims blocking international integration as a disguised form of old territorial claims and emerging historical geopolitics It examines how the imagined national space is approached by statesmen politicians academics and other creators of high geopolitics The book also pays attention to the role of spatial imaginations in growing low popular geopolitics which includes media popular culture and national mythology Written in an interdisciplinary manner this timely book will attract the interest of scholars and students in geopolitics human geography international relations nationalism studies and ethnic history

**Entangled Histories of the Balkans - Volume Three** Roumen Daskalov, Alexander Vezenkov, 2015-03-10 Modern Balkan history has traditionally been studied by national historians in terms of separate national histories taking place within bounded state territories The authors in this volume take a different approach They view the modern history of the region from a transnational and relational perspective in terms of shared and connected as well as entangled histories This regards the treatment of shared historical legacies by rival national historiographies The volume deals with historiographical disputes that arose in the process of nationalizing the past Contributors include Diana Mishkova Alexander Vezenkov Roumen Daskalov Tchavdar Marinov and Bernard Lory

**Entangled Histories of the Balkans - Volume Four** Roumen Dontchev Daskalov, Diana Mishkova, Tchavdar Marinov, Alexander Vezenkov, 2017-02-06 The present volume is the last in the Entangled Balkans series and marks the end of several years of research guided by the transnational entangled history and *histoire croisée* approaches The essays in this volume address theoretical and methodological issues of Balkan or Southeast European regional studies not only questions of scholarly concepts definitions and approaches but also the extra scholarly ideological political and geopolitical motivations that underpin them These issues are treated more systematically and by a presentation of their historical evolution in various national traditions and schools Some of the essays deal with the articulation of certain forms of Balkan heritage in relation to the geographical spread and especially the cultural definition of the Balkan area Concepts and definitions of the Balkans are thus complemented by self representations that reflect on their cultural foundations

*Greece and the Balkans* Dimitris Tziovas, 2017-07-05 Greece and the Balkans explores the cultural relationships between Greece and other Balkan countries in the domains of language

literature thought translation and music and examines issues of identity and perception among the Balkan peoples themselves The essays bring together scholars from across a range of disciplines historians anthropologists linguists and musicologists with specialists on literature translation the history of ideas and religion By raising issues of cultural hybridity and nationalist or pre nationalist interpretations of culture and history it lays claim to a place in the context of studies on nationalism and post colonialism Greece and the Balkans also contributes to a recognition of the Balkans as a site like some postcolonial ones where identities have become fused orientalism and eurocentrism blurred and where religion and modernity clashed and co existed By approaching cultural encounters between Greece and the Balkans from a fresh and informed perspective it makes a substantial contribution to the study of a rather neglected aspect in the history of a region which has suffered in the past from narrow minded nationalistic arguments

*The End of Tsarist Russia* Dominic Lieven, 2016-08-16 An Economist Best Book of the Year A Financial Times Best Book of the Year Winner of the the Pushkin House Russian Book Prize Finalist for the Lionel Gelber Prize An Amazon Best Book of the Month History One of the world's leading scholars offers a fresh interpretation of the linked origins of World War I and the Russian Revolution Lieven has a double gift first for harvesting details to convey the essence of an era and second for finding new startling and clarifying elements in familiar stories This is history with a heartbeat and it could not be more engrossing Foreign Affairs World War I and the Russian Revolution together shaped the twentieth century in profound ways In *The End of Tsarist Russia* acclaimed scholar Dominic Lieven connects for the first time the two events providing both a history of the First World War's origins from a Russian perspective and an international history of why the revolution happened Based on exhaustive work in seven Russian archives as well as many non Russian sources Dominic Lieven's work is about far more than just Russia By placing the crisis of empire at its core Lieven links World War I to the sweep of twentieth century global history He shows how contemporary hot issues such as the struggle for Ukraine were already crucial elements in the run up to 1914 By incorporating into his book new approaches and comparisons Lieven tells the story of war and revolution in a way that is truly original and thought provoking

*War in the Balkans* Richard C. Hall, 2014-10-09 This authoritative reference follows the history of conflicts in the Balkan Peninsula from the 19th century through the present day The Balkan Peninsula which consists of Albania Bulgaria Romania Moldova and the former Yugoslavia resides in the southeastern part of the European continent Its strategic location as well as its long and bloody history of conflict have helped to define the Balkans role in global affairs This singular reference focuses on the events individuals organizations and ideas that have made this region an international player and shaped warfare there for hundreds of years Historian and author Richard C Hall traces the sociopolitical history of the area starting with the early internal conflicts as the Balkan states attempted to break away from the Ottoman Empire to the assassination of Archduke Franz Ferdinand that ignited World War I to the Yugoslav Wars that erupted in the 1990s and the subsequent war crimes still being investigated today Additional coverage focuses on how these

countries continue to play an important role in global affairs and international politics The Balkan Wars in the Eyes of the Warring Parties Igor Despot, 2012 In the fall of 1912 the Ottoman Empire was in turmoil In addition to the Albanian and the Yemen rebellions the Empire was at war with Italy over the Libyan territory Worse yet cholera was spreading throughout the country leaving a decimated population in its wake In its weakness the Ottoman Empire was ripe to be attacked and the Balkan countries did so On October 8 1912 Montenegro declared war on the Ottoman Empire beginning the first of the Balkan Wars Embracing maturity and setting their differences aside four nations joined together to form the Balkan League Serbia Greece Montenegro and Bulgaria Despite the tremendous land victory celebrated by the Balkan League disputes over dividing the won territory soon arose Dissatisfied with its share of the Macedonia Bulgaria attacked its former allies Serbia and Greece On August 10 1913 the Treaty of Bucharest ended the second conflict but it did not bring the peace In the First World War which was initiated by Sarajevo assassination Balkan again became theater of the war The Balkan wars have been a popular topic for scholarly research since their resolution Despite the attention this topic has received however the research is far from complete In this study contributing to the documentation and understanding of this conflict author Igor Despot has not only reviews the events of the wars but also considers these events in light of pertinent cultural aspects identifying the commonalities and differences that may have determined alliances or sparked conflict throughout Balkan history The Wars of the Balkan Peninsula Alexandru Madgearu, 2008 The Balkan Peninsula is often referred to as the powder keg of Europe but it is more accurately described as the melting pot of Europe In The Wars of the Balkan Peninsula Their Medieval Origins Alexandru Madgearu discusses the ethnic heterogeneity in modern day Bosnia Kosovo and Macedonia and traces its history Madgearu examines the historical evolution that led to the genesis of several conflicts in the Balkans The affected areas and associated events have transformed the Balkan Peninsula into an intricate ethnic mosaic where no single group of people has the majority The various ethnic and religious differences these groups possess have survived the many occupations of this land over the years whether by the Roman Byzantine or Ottoman Empires and then became manifest when the modern Balkan states were created With the dissolution of the strong outside forces once dominating the area the Balkan states prompted by political propaganda and nationalist ideologies then used history to support territorial claims defend ethnic cleansing actions and justify conflicts with other countries The Wars of the Balkan Peninsula argues that the current ethnic structure is the basis for the solution of the disputes between the Balkan states and that history should be used to explain not legitimize the conflicts Book jacket **Balkan Sprachbund Morpho-Syntactic Features** Olga M. Tomic, 2006-09-13 At the end of 1998 Professor Pieter Muysken was awarded the Spinoza prize of the Netherlands Organization of Scientific Research NOW and set up a research program entitled Lexicon and Syntax The implementation of the Program started in the autumn of 1999 with research on the lexicon and syntax in a number of areas where contacts between 1 different languages are intensive For the languages of many of the areas selected basic data had to be collected

For most of the languages of the Balkan Sprachbund area however there are grammars and dictionaries. Moreover quite a number of studies of the Balkan Sprachbund features have been published. Accordingly when I joined the team of the Project I aimed at a description of the state of art in the field. After several months of research I realized that Balkanists have mainly been concerned with compiling lists of similarities and making parallels between the lexical and grammatical forms of the Balkan languages while analyses of the interaction of the Balkan Sprachbund morpho syntactic features with other features in the structure of the DP or the sentence of a given language dialect are scarce. This oriented me towards descriptions of Balkan Sprachbund morpho syntactic features in the context of individual sub systems in nine Balkan language to which they relate: the Slavic languages Macedonian, Bulgarian and Serbo Croatian; the Romance languages Romanian, Aromanian and Megleno Romanian; Albanian; Modern Greek; and the Arli Balkan Romani dialect.

*Balkan Syntax and Semantics* Olga Mišeska Tomić, 2004-01-01. The book deals with some syntactic and semantic aspects of the shared Balkan Sprachbund properties. In a comprehensive introductory chapter Tomić offers an overview of the Balkan Sprachbund properties. Sobolev displaying the areal distribution of 65 properties argues for dialect cartography. Friedman on the example of the evidentials argues for typologically informed areal explanation of the Balkan properties. The other contributions analyze specific phenomena: polidefinite DPs in Greek and Aromanian; Campos and Stavrou Balkan constructions in which datives combine with impersonal clitics or non active morphology; Rivero Balkan optatives; Ammann and Auwera imperative force in the Balkan languages; Isac and Jakab clitic placement in Greek imperatives; Bošković focused constituents in Romanian and Bulgarian; Hill synthetic and analytic tenses in Romanian; D. Hulst Coene and Avram purpose like modification in a number of Balkan languages; Bučarovska Balkan modal existential wh constructions; Grosu child and adult strategies in interpreting empty subjects in Serbian; Croatian; Stojanović and Mareš conditional sentences in Judeo Spanish; Montoliu and Auwera

**Balkan Economic History, 1550-1950** John R. Lampe, Marvin R. Jackson, 1982-06-22. Western economic historians have traditionally concentrated on the success stories of major developed economies while development economists have given most of their attention to the problems of the Third World. The authors of this pioneering work study a part of Europe neglected by both approaches. Modernizing patterns in Balkan economic history are traced from the sixteenth century when the territory was shared by Ottoman and Habsburg empires through the nineteenth century when they emerged as independent states to the end of World War II and its aftermath. Despite present differences in economic systems Greece's private market economy, Yugoslavia's planned market economy and the centrally planned economies of Romania, Bulgaria and Albania the authors find that shared origins and common subsequent experiences are ample justifications for treating the area as an economic unit. *Balkan Economic History 1550-1950* will be a major case study for development economists and will provide historians with the first analytical and statistical study to survey the entire region from the start of the early modern period.

**Der Krieg auf dem Balkan. War in the Balkans** Andreas Schwarcz, Peter Soustal, Antoaneta Tcholakova, 2022

Am 14 Oktober 1915 trat Bulgarien auf der Seite der Mittelmächte in den Ersten Weltkrieg ein was letztlich zu großen Verlusten an Menschenleben aber auch an Gebieten führte Der 100. Wiederkehr dieses tragischen Datums war 2015 eine Tagung im Haus Wittgenstein gewidmet deren Ergebnisse nun in diesem Band vorliegen Insgesamt acht Beiträge behandeln die Vorgeschichte des Kriegseintritts die Beziehungen Bulgariens zu seinen Nachbarn und zu Österreich Ungarn sowie die Rezeption in österreichischen Schulbüchern und Ausstellungen On 14 October 1915 Bulgaria entered World War I on the side of the Central Powers which ultimately led to great losses of human life but also of territories The 100th anniversary of this tragic date was the subject of a conference in 2015 at Haus Wittgenstein the results of which are now available in this volume A total of eight contributions deal with the prehistory of the entry into the war Bulgaria's relations with its neighbours and with Austria Hungary as well as its representation in Austrian educational textbooks and exhibitions *The Balkan Wars 1912-1913* Richard C. Hall, 2002-01-04 In *The Balkan Wars 1912-1913* Richard Hall examines the origins the enactment and the resolution of the Balkan Wars during which the Ottoman Empire fought a Balkan coalition of Bulgaria Greece Montenegro and Serbia The Balkan Wars of 1912-1913 opened an era of conflict in Europe at the beginning of the 20th century which lasted until 1918 and which established a basis for problems which tormented Europe until the end of the century Based on archival as well as published diplomatic and military sources this book provides the first comprehensive perspective on the diplomatic and military aspects of the Balkan Wars It demonstrates that because of the diplomatic problems raised and the military strategies and tactics pursued to resolve those problems The Balkan Wars of 1912-1913 were the first phase of the greater and wider conflict of the First World War *Balkan Breakthrough* Richard C. Hall, 2010-05-03 An important account of a very overlooked aspect of the Great War Strategy Page With the transfer of German units to the western front in the spring of 1918 the position of the Central Powers on the Macedonian front worsened Materiel became scarce and morale among the Bulgarian forces deteriorated The Entente Command perceived in Macedonia an excellent opportunity to apply additional pressure to the Germans who were already retreating on the western front In September Entente forces undertook an offensive directed primarily at Bulgarian defenses at Dobro Pole *Balkan Breakthrough* tells the story of that battle and its consequences Dobro Pole was the catalyst for the collapse of the Central Powers and the Entente victory in southeastern Europe a defeat that helped persuade the German military leadership that the war was lost While decisive in ending World War I in the region the battle did not resolve the underlying national issues there Hall's recreation of the morale crisis that eroded the fighting capability of the Bulgarian Army generally and underlay its collapse at Dobro Pole and afterward is a welcome addition to the history of a largely ignored front of the First World War *International History Review* Incredibly rich well written and thoroughly researched For those unfamiliar with the critical role of the Balkans in World War I historiography this will be an extremely useful introduction Graydon Tunstall University of South Florida **The Balkan Wars, 1912-13** Leon Trotsky, 1980 **The Balkan Games and Balkan Politics in the**

**Interwar Years 1929 - 1939** Penelope Kissoudi,2013-10-18 The Balkan Games resulted on the one hand from the growth of modern European sport and the unsatisfactory performances of the Balkan athletes at national and international level and on the other hand from a desire to bring the Balkan peoples together in peace and concord The Games were initiated in Athens in 1929 and increasingly became an integral part of the political cultural and social life of the area The common global reality is that when an athletic event is staged attempted friendship seldom receives priority In the 1930s however the Balkan Games provided a rare example of an international athletic event bringing antagonistic states together in friendship This consideration of the significance of the Balkan Games as an instrument of political optimism provides clear evidence of the occasional positive influence of sport in politics The work is a case study of interest to political and social scientists and to historians of Europe and sport This book was previously published as a special issue of the International Journal of the History of Sport

**Balkan Popular Culture and the Ottoman Ecumene** Donna A. Buchanan,2007-10-01 Since the early twentieth century balkanization has signified the often militant fracturing of territories states or groups along ethnic religious and linguistic divides Yet the remarkable similarities found among contemporary Balkan popular music reveal the region as the site of a thriving creative dialogue and interchange The eclectic interweaving of stylistic features evidenced by Albanian commercial folk music Anatolian pop Bosnian sevdah rock Bulgarian pop folk Greek ethniki mousike Romanian muzica orientala Serbian turbo folk and Turkish arabesk to name a few points to an emergent regional popular culture circuit extending from southeastern Europe through Greece and Turkey While this circuit is predicated upon older cultural confluences from a shared Ottoman heritage it also has taken shape in active counterpoint with a variety of regional political discourses Containing eleven ethnographic case studies Balkan Popular Culture and the Ottoman Ecumene Music Image and Regional Political Discourse examines the interplay between the musicians and popular music styles of the Balkan states during the late 1990s These case studies each written by an established regional expert encompass a geographical scope that includes Albania Bosnia and Herzegovina Bulgaria the Republic of Macedonia Croatia Slovenia Romania Greece Turkey Serbia and Montenegro The book is accompanied by a VCD that contains a photo gallery sound files and music video excerpts

Balkan Heritages Maria Couroucli,Tchavdar Marinov,2017-05-15 This volume deals with the relation between heritage history and politics in the Balkans Contributions examine diverse ways in which material and immaterial heritage has been articulated negotiated and manipulated since the nineteenth century The major question addressed here is how modern Balkan nations have voiced claims about their past by establishing proof of a long historical presence on their territories in order to legitimise national political narratives Focusing on claims constructed in relation to tangible evidence of past presence especially architecture and townscape the contributors reveal the rich relations between material and immaterial conceptions of heritage This comparative take on Balkan public uses of the past also reveals many common trends in social and political practices ideas and fixations embedded in public and collective memories Balkan Heritages revisits some

general truths about the Balkans as a region and a category in scholarship and in politics Contributions to the volume adopt a transnational and trans disciplinary perspective of Balkan identities and heritage s viewed here as symbolic resources deployed by diverse local actors with special emphasis on scholars and political leaders      **The Balkan Photo** Kenny Ferguson,2013-07-31 In the summer of 1987 in Romania Coronel Nicolae Mollica has just murdered the communist party treasurer He has no fear of being caught until he notices tourist Maria OSullivan taking pictures that may include him Photographs are retrieved but not all of them The vacationing OSullivan family has now become embroiled in a matter of national security Now the OSullivans and twenty four other Americans on a tour bus are in great danger They find themselves accused of murder and trapped behind the Iron Curtain Tour guide Peter Korzo has run up against Mollica before he knows what the man is capable of but he is willing to risk his life to escape with his new American friends Mollica will stop at nothing however in order to remain in power His indiscretion cannot be revealed so with the help of the Romanian Secret Police and a nation of informants he hunts the OSullivan family He must have the photo but now he also wants Maria He lies when he offers her safety and freedom for her family in exchange for a night of sex Will she accept his offer      Entangled Histories of the Balkans - Volume Two Roumen Daskalov,Diana Mishkova,2013-11-14 Modern Balkan history has traditionally been studied by national historians in terms of separate national histories taking place within bounded state territories The authors in this volume take a different approach They all seek to treat the modern history of the region from a transnational and relational perspective in terms of shared and connected as well as entangled histories transfers and crossings This goes along with an interest in the way ideas institutions and techniques were selected transferred and adapted to Balkan conditions and how they interacted with those conditions resulting in m langes and hybridization The volume also invites reflection on the interacting entities in the very process of their creation and consecutive transformations rather than taking them as givens Contributors include Diana Mishkova Alexander Vezenkov Constantin Iordachi Roumen Daskalov Tchavdar Marinov Blagovest Njagulov
