Romantic Literary Lecture in Britain Sarah Zimmerman, 2019-01-04 At the beginning of the nineteenth century the literary lecture arrived on London's cultural scene as an influential critical medium and popular social event It flourished for two decades in the hands of the period's most prominent lecturers Samuel Taylor Coleridge John Thelwall Thomas Campbell and William Hazlitt Lecturers aimed to shape auditors reading habits burnish their own professional profiles and establish a literary canon Auditors wielded their own considerable influence since their sustained approbation was necessary to a lecturer's success and independent series could collapse midway if attendance waned Two chapters are therefore devoted to the auditors whose creative responses to what they heard often constituted cultural works in their own right Auditors wrote poems and letters about lecture performances acted as patrons to lecturers and hosted dinners and conversation parties that followed these events Prominent auditors included John Keats Mary Russell Mitford Henry Crabb Robinson Catherine Maria Fanshawe and Lady Charlotte Bury The Romantic public literary lecture is a fascinating cultural phenomenon in its own right but understanding the medium has significant implications for some of the period's most important literary criticism such as Coleridge's readings of Shakespeare and Hazlitt's Lectures on the English Poets 1818 The book's two main aims are to chart the emergence of the literary lecture as a popular medium and to develop a critical approach to these events by drawing on an interdisciplinary discussion about how to treat historical speaking performances Intellectual Politics and Cultural

the ideological landscape of the British public sphere in the early nineteenth century **British Romanticism and the Jews** S. Spector, 2016-04-30 British Romanticism and the Jews explores the mutual influences exerted by the British Christian and British Jewish communities on each other during the period between the Enlightenment and Victorianism The essays in the volume demonstrate how the texts produced by the Jewish Enlightenment provided a significant resource for romantic intellectual revisionism in much the same way that British romanticism provided the cultural basis through which the British Jewish community was able to negotiate between the competing obligations to ethnicity and nationalism *Spain in British Romanticism* Diego Saglia, Ian Haywood, 2017-12-27 This collection of thirteen specially commissioned essays by international scholars takes a fresh look at the profound impact of the Peninsular War on Romantic British literature and culture The expertly authored chapters explore the valorization of Spain by nineteenth century poets such as Lord Byron William Wordsworth Robert Southey S T Coleridge the Shelleys and Felicia Hemans in contrast to the Enlightenment era view of Spain as a backwards nation in decline Topics discussed include the vision of Spain in Gothic fiction Spanish experiences of exile as exemplified by the conflict between Valentin de Llanos and Joseph Blanco White and British women writers approach to peninsular fiction Spain in British Romanticism 1800 1840 is essential reading for scholars and enthusiasts of Romantic literature and Spanish history
