

(Re)encountering Individuality: Schlegel's Romantic Imperative as a Response to Nihilism

(Received 24 September 2010)

ABSTRACT According to Friedrich Schlegel: "The Romantic imperative demands [that] all nature and science should become art [and] art should become nature and science"; "[P]oetry and philosophy should be made unified", and "life and society [should be made] poetic". The aim of this paper is to explain why Schlegel believes that this is an imperative that constrains philosophy and ordinary life. I argue that the answer to this question requires that we regard the Romantic imperative as a response to the skeptical worry that was introduced by Friedrich Heinrich Jacobi as nihilism. The aspect of nihilism that I discuss concerns the worry that we are incapable of experiencing individuals qua individuals. According to Schlegel, this skeptical threat requires a reorientation in thought and philosophical method, one that must be modeled on the aesthetic orientation towards the world. More precisely, the experience of individuals qua individuals, which is called into question by the nihilist, depends on the special normative structure of the creative and critical attitude towards art and beauty that Schlegel called Romantic Poesie. Kant failed to address nihilism because he failed to recognize that the normative structure that he himself ascribed to the judgment of taste is required also for experiencing individuals as individuals, and for being properly responsive to persons.

Friedrich Schlegel, one of the leading figures in Early German Romanticism [*Frühromantik*],¹ writes: "The Romantic imperative demands [that] all nature and science should become art [and] art should become nature and science."² In two other fragments he elaborates on this idea: "[P]oetry and philosophy should be made unified" (*CF*, II, p. 161, no. 115) and "life and society [should be made] poetic" (*AF*, II, p. 182, no. 116).

Romantic Poetry And The Fragmentary Imperative Schlegel Byron Joyce Blanchot:

Romantic Poetry and the Fragmentary Imperative Christopher A. Strathman, 2012-02-01 Romantic Poetry and the Fragmentary Imperative locates Byron and to a lesser extent Joyce within a genealogy of romantic poetry understood not so much as imaginative self expression or ideological case study but rather as what the German romantics call *romantische Poesie* an experimental form of poetry loosely based on the fragmentary flexibility and acute critical self consciousness of Socratic dialogue The book is therefore less an attempt to present yet another theory of romanticism than it is an effort to recover a more precise sense of the relationship between Byron's fragmentary or workless poetic and romantic poetry generally and to articulate connections between romantic poetry and modern literature and literary theory The book also argues that the exigency or imperative of the fragmentary works of Schlegel Byron Joyce and Blanchot is not so much the expression of a style as it is an acknowledgment of what remains unthought in thinking

Philosophical Fragments as the Poetry of Thinking Luke Fischer, 2024-12-12 Innovatively combining philosophical inquiry and aphoristic writing this study presents a bold new interpretation of philosophical poetics Exploring fragments both thematically and formally Luke Fischer situates the form as uniquely positioned between philosophy and poetry Like poetry fragments condense insights into few words employ striking metaphors that draw intuitive connections and make space for creative interpretation Contrasting with the logical linearity of

The subject of Romanticism Memory and Mourning could not be timelier with Žižek's recent proclamation that we are living in the end times and in an era which is preoccupied with the process and consequences of ageing We mourn both for our pasts and futures as we now recognise that history is a continuation and record of loss Mark Sandy explores the treatment of grief loss and death across a variety of Romantic poetic forms including the ballad sonnet epic elegy fragment romance and ode in the works of poets as diverse as Smith Hemans Blake Wordsworth Coleridge Byron Shelley Keats and Clare Romantic meditations on grief however varied in form and content are self consciously aware of the complexity and strength of feelings surrounding the consolation or disconsolation that their structures of poetic memory afford those who survive the imaginary and actual dead Romantic mourning Sandy shows finds expression in disparate poetic forms and how it manifests itself both as the spirit of its age rooted in precise historical conditions and as a proleptic power of lasting transhistorical significance Romantic meditations on grief and loss speak to our contemporary anxieties about the inevitable but unthinkable event of death itself **The Development of Byron's Philosophy of Knowledge** Emily A. Bernhard Jackson, 2010-10-27 Taking a fresh approach to Byron this book argues that he should be understood as a poet whose major works develop a carefully reasoned philosophy Situating him with reference to the thought of the period it argues for Byron as an active thinker whose final philosophical stance reader centred scepticism has extensive practical implications The Emergence of Literature

Jacob Bittner, 2020-01-23 The Emergence of Literature is an extension and reworking of a series of significant propositions in philosophy and literary theory Jean Luc Nancy and Philippe Lacoue Labarthe's examination of the concept of the literary absolute Martin Heidegger's destruction and Giorgio Agamben's archaeology of the metaphysics of will Maurice Blanchot's delimitation of the space of literature and Michel Foucault's archaeology of literature Its core contribution to the history of theory is to understand the literary absolute not simply as philosophical concept but as a paradigm that delimits the horizon for currents of literary theory through the course of the 20th century where the literary criteria change from the theme of sincerity to the theme of the death of the author Stretching from Kant to Hegel from Hölderlin to the Early German Romantics from John Stuart Mill to New Criticism from Benjamin to Barthes The Emergence of Literature examines the relation between continental philosophy and literature in the post Kantian era The Encyclopedia of Romantic Literature, 3 Volume

Romanticism and the Re-Invention of Modern Religion Alexander J. B. Hampton, 2019-01-17 Early German Romanticism sought to respond to a comprehensive sense of spiritual crisis that characterised the late eighteenth century The study demonstrates how the Romantics sought to bring together the new post Kantian idealist philosophy with the inheritance of the realist Platonic Christian tradition With idealism they continued to champion the individual while from Platonism they took the notion that all reality including the self participated in absolute being This insight was expressed not in the language of theology or philosophy but through aesthetics which recognised the potentiality of all creation including artistic creation to disclose the divine In explicating the religious vision of Romanticism this study offers a new historical appreciation of the movement and furthermore demonstrates its importance for our understanding of religion today

Tragic Coleridge Chris Murray, 2016-02-24 To Samuel Taylor Coleridge tragedy was not solely a literary mode but a philosophy to interpret the history that unfolded around him Tragic Coleridge explores the tragic vision of existence that Coleridge derived from Classical drama Shakespeare Milton and contemporary German thought Coleridge viewed the hardships of the Romantic period like the catastrophes of Greek tragedy as stages in a process of humanity's overall purification Offering new readings of canonical poems as well as neglected plays and critical works Chris Murray elaborates Coleridge's tragic vision in relation to a range of thinkers from Plato and Aristotle to George Steiner and Raymond Williams He draws comparisons with the works of Blake the Shelleys and Keats to explore the factors that shaped Coleridge's conception of tragedy including the origins of sacrifice developments in Classical scholarship theories of inspiration and the author's quest for civic status With cycles of catastrophe and catharsis everywhere in his works Coleridge depicted the world as a site of tragic purgation and wrote himself into it as an embattled sage qualified to mediate the vicissitudes of his age

Forms of Modernity Rachel Lynn Schmidt, 2011-01-01 It's a critical cliché that Cervantes' Don Quixote is the first modern novel but this distinction raises two fundamental questions First how does one define a novel And second what is the relationship between this genre and understandings of modernity In *Forms of Modernity* Rachel Schmidt examines how seminal theorists and philosophers have wrestled with the status of Cervantes' masterpiece as an exemplary novel in turn contributing to the emergence of key concepts within genre theory Schmidt's discussion covers the views of well-known thinkers such as Friedrich Schlegel Jos Ortega y Gasset and Mikhail Bakhtin but also the pivotal contributions of philosophers such as Hermann Cohen and Miguel de Unamuno These theorists' examinations of Cervantes' fictional knight errant character point to an ever-shifting boundary between the real and the virtual Drawing from both intellectual and literary history *Forms of Modernity* richly explores the development of the categories and theories that we use today to analyze and understand novels

Romantic Prophecy and the Resistance to Historicism Christopher

Bundock, 2016-10-27 Romantic writers invoked prophecy throughout their work. However, the failure of prophecy to materialize didn't deter them. Why then do Romantic writers repeatedly invoke prophecy when it never works? The answer to this question is at the heart of *Romantic Prophecy and the Resistance to Historicism*. In this remarkably erudite work, Christopher Bundock argues that the repeated failure of prophecy in Romantic thought is creative and enables a renewable potential for expression across disciplines. By focusing on new readings of canonical Romantic authors as well as their more obscure works, Bundock makes a bold intervention into major concepts such as Romantic imagination, historicity, and mediation. *Romantic Prophecy and the Resistance to Historicism* glides across Kant's Swedenborgian dreams to Mary Shelley's *Last Man* and reveals how Romanticism reinvents history by turning prophecy inside out.
