**David Friddle**

## **Romantic Melody:**

*Classical and Romantic Music* David Milsom, 2017-07-05 This volume brings together twenty two of the most diverse and stimulating journal articles on classical and romantic performing practice representing a rich vein of enquiry into epochs of music still very much at the forefront of current concert repertoire In so doing it provides a wide range of subject based scholarship It also reveals a fascinating window upon the historical performance debate of the last few decades in music where such matters still stimulate controversy

**Sing Romantic Music Romantically** David Friddle, 2022-06-21 There is a paucity of material regarding how choral music specifically was performed in the 1800s The Historically Informed Performance HIP movement has made remarkable advancements in choral music of the Renaissance Baroque and Classical periods with modest forays into the music of Beethoven Schubert Mendelssohn and other early nineteenth century composers however there are no sources with a comprehensive examination of how choral music was performed Using more than one hundred musical examples illustrations tables and photographs and relying on influential contemporaneous sources David Friddle details the performance practices of the time including expressive devices such as articulation ornamentation phrasing tempo and vibrato along with an in depth discussion of period pronunciation instruments and orchestral choral placement *Sing Romantic Music Romantically Nineteenth Century Choral Performance Practices* fills a gap in choral scholarship and moves forward our knowledge of how choral music sounded and was performed in the nineteenth century The depth of research and abundance of source material makes this work a must have for choral professionals everywhere

**Historical Dictionary of Romantic Music** John Michael Cooper, 2024-02-12 Library Journal praises the book as an excellent one volume ready reference resource for students researchers and others interested in music history *Historical Dictionary of Romantic Music Second Edition* covers the persons ideas practices and works that made up the worlds of Western music during the long 19th century ca 1780 1918 It is the first book to recognize that Romantic music was very nearly a global phenomenon It includes more women more Black musicians and other musicians of color and more exponents of musical Romanticism from Central and South America as well as Central and Eastern Europe than any other single volume study of Romantic music thus challenging the conventional hegemony of musical Romanticisms by men and by Western European nations This book includes entries on topics including anti-Semitism sexism and racism that were pervasive and defining to the worlds of musical Romanticism but are rarely addressed in general studies of that subject It includes Romantic musicians who were not primarily composers as well as topics such as the Haitian Revolution spirituals and ragtime that were more important for music in the long 19th century than is generally acknowledged The result is an expansive inclusive diverse and more richly textured portrayal of Romantic music than is elsewhere available *Historical Dictionary of Romantic Music Second Edition* contains a chronology an introduction an extensive bibliography and a dictionary section with more than 600 cross referenced entries on traditions famous pieces persons places technical terms

and institutions of Romantic music This book is an excellent resource for students researchers and anyone wanting to know more about Romantic music **Hemingway, Fitzgerald and the Muse of Romantic Music** Nicole J.

Camasta,2023-12-21 Both Ernest Hemingway and F Scott Fitzgerald grew up in the Midwest and were strongly influenced by Romantic music anchored by the aesthetic tastes of the German immigrants who settled across that region Hemingway s ear for form and Fitzgerald s penchant for lyricism stem from early and frequent exposure to such masters as Johannes Brahms and Franz Schubert Nostalgia is typically associated with romanticism and the acoustic longing found in Hemingway and Fitzgerald s fiction resonates with it characterized in the narrative voices in Hemingway s Winner Take Nothing Fitzgerald s Tender Is the Night and other of their fiction from the early thirties Understanding that each writer has his own kind of musical biography charts new ways to read material we already think we know Reading their work within a musico historical context means acknowledging it as an extension of the 19th century it means reading them as Romantic Modernists This work reads each author s prose musically considering how Romantic music inspired their craft and distinguished their work through the pivotal juncture of the early to mid 1930s when each man faced an artistic crisis of conscience Initial chapters provide background information in music history Following chapters focus on how the life of each author was shaped by music and how they worked with specific influences that grew out of steady interactions with it evidence of which is found in archival documents and collections **The Rhetoric and Symbolism of Forms in Romantic Music** Patrick

Saint-Dizier,2020-03-17 This book explores the contribution of the symbolic aspects of musical forms and structures to rhetoric and argumentation during the Romantic period While there are several studies on this topic dedicated to the Baroque era there are much fewer contributions on the Romantic period This book shows that the aesthetics of Romantic music are very strong persuasive and expressive and are paramount for communicating in our everyday life Investigating the impact of musical structures on our cognitive and psychological attitudes is the central issue of this book Within a cognitive science perspective it introduces the different elements of meaning conveyed by music through an analysis of several major works of composers of the Romantic era As such the book is an accessible introduction to anyone with a basic background in music and will be of interest to teachers and researchers in music psychology cognition linguistics and computer science

**Masterpieces of Melody and Musical Art** Nathaniel I. Rubinkam,1906 Music Clubs Magazine ,1952 *The Romantic Period* Edward Dannreuther,1905 Reclaiming Late-Romantic Music Peter Franklin,2014-02-15 Why are some of the most beloved and frequently performed works of the late romantic period Mahler Delius Debussy Sibelius Puccini regarded by many critics as perhaps not quite of the first rank Why has modernist discourse continued to brand these works as overly sentimental and emotionally self indulgent Peter Franklin takes a close and even handed look at how and why late romantic symphonies and operas steered a complex course between modernism and mass culture in the period leading up to the Second World War The style s continuing popularity and its domination of the film music idiom via work by composers

such as Max Steiner Erich Wolfgang Korngold and their successors bring late romantic music to thousands of listeners who have never set foot in a concert hall Reclaiming Late Romantic Music sheds new light on these often unfairly disparaged works and explores the historical dimension of their continuing role in the contemporary sound world **Classical Music** Phil G. Goulding, 2011-03-16 MAKE A SOUND INVESTMENT IN CLASSICAL MUSIC Who are the ten most important classical composers Who in the world was Palestrina Why did Stravinsky's Rite of Spring cause a riot Which five of each important composer's works should you buy What is a concerto and how does it differ from a sonata Maybe you don't know the answers to these questions author Phil Goulding certainly didn't When Goulding first tried to learn about classical music he found himself buried in an avalanche of technical terms and complicated jargon so he decided to write the book he couldn't find The result is a complete classical music education in one volume Comprehensive discriminating and delightfully irreverent Classical Music provides such essential information as Rankings of the top 50 composers Bach is 1 Borodin is 50 A detailed and anecdotal look at each composer's life and work The five primary works of each composer and specific recommended CDs for each Further great works of each composer if you really like him Concise explanations of musical terminology forms and periods A guide to the parts and history of the symphony orchestra This book uses every conceivable gimmick to immerse readers in the richness of classical music lists rankings sidebars devoted to lively anecdotes and catchy leads The Washington Post One terrific music appreciation book The information is surprisingly detailed but concisely presented Goulding's writing style is breezy yet mature He has raised music appreciation from a racket to a service The Arizona Daily Star Concert of French Theatrical and Romantic Music, Oct. 28th, 1907, at 8.15, Jordan Hall ... Under the Direction of A. Debuchy Albert Debuchy, 1907 **Words Only of the Romantic Music Drama Columbus** Charles Frederick Stayner, 1905 *Romantic Music* Leonard G. Ratner, 1992 Romantic Music Sound and Syntax is the first study to examine the role played by qualities of sound in shaping Romantic musical form By demonstrating the crucial interaction of sound and syntax in Romantic music Leonard G Ratner demonstrates the effectiveness of a new theoretical approach to musical analysis incorporating sound as an analytical factor for the first time The book is divided into 13 chapters Chapter 1 surveys critical comments dealing with qualities of sound in the nineteenth century Chapter 2 examines the continuity between Classic and Romantic texture and sound Specific examples drawn from piano orchestral and chamber music literature are discussed in chapters 3-5 Chapter 6 explores the uses of harmonic color in the Romantic repertoire Chapter 7 reviews the tradition of the period form in Western music and its continuity in Romantic music The Art of Music Daniel Gregory Mason, 1915 *Studies in the Science and History of Music* Frank C. Wade, 1887 **University of North Carolina Extension Bulletin** University of North Carolina (1793-1962). University Extension Division, 1924 Correspondence Instruction Catalogue, 1924-1925 University of North Carolina (1793-1962). University Extension Division, 1924 *The New Music Review and Church Music Review*, 1916 *Library of Welte-Mignon Music Records* De
