History of Literature Eras grade 2 0 National University of Ireland Galway language English abstract During the last decades
feminist literary criticism has increased and also looks back on the past of literary of Romanticism The first stage in the
feminist consideration was a sustained critique of the ways in which women were represented in poetry of the male
Romantic poets in tandem with a consideration of why it was that there were so few women in the canon itself Janowitz
Preface Regarding this the question of the importance of gender in understanding Romanticism in general comes up What
kind of role did women play during Romanticism what did they mean within romantic poetic and who were those few female
romantic writer who did not only write poems but also novels prose and polemics Feminist literary criticism has been a
crucial force of the development of what we now more broadly call gender studies Janowitz Preface The present essay is to
elaborate the feminist literary criticism and clarify the question about the importance of gender in understanding
Romanticism To do so I will focus on Jane Austen and Maria Edgeworth with a special regard on her prose text *Belinda* as
well as on the works and the relationship of the Wordsworth's siblings and especially the feminine as representation in texts

psychoanalysis and Foucauldian genealogy Romanticism Gender and Violence Blake to George Sadini theorizes performative melancholia a condition where regardless of sexual orientation overinvestment in gender norms causes subjects who are unable to embody those norms to experience socially expected normal gender as something unattainable or lost This perceived loss causes an ambivalence within the subject that can lead to self inflicted violence masochism suicide or violence toward others sadism murder Reading a range of Romantic poetry and novels between 1790 1820 but ultimately moving beyond the period to show its contemporary cultural relevance through readings of Eliot's *The Mill on the Floss* Virginia Woolf's *Mrs Dalloway* Andrew Holleran's *Dancer from the Dance* and George Sadini's 2009 murder suicide case this study argues that we need to move beyond focusing on bullying teens and LGBT students and look at our cultural investment in gender normativity itself Doing so allows us to recognize that the relationship between non normative gender performance and violence is not simply a gay problem it is a human problem that can affect people of any sex sexuality age race or ethnicity and one that we can trace back to the Romantic period Bringing late 18th century novels into conversation with both canonical and lesser known Romantic poetry allows us to see that as people whose performance of gender occasionally exceeds the normal we too often internalize these norms and punish ourselves or others for our inability to adhere to them Contrasting paired chapters by male and female authors and including sections on failed romantic coupling melancholic femininities melancholic masculinities failed gender performance and madness and ending with a section titled After Romanticism this study works on multiple levels to complicate previous understandings of gender and violence in Romanticism while also offering a model for contemporary issues relating to gender and violence among people who fail to perform gender according to social norms

Romantic Poets Philip Cox, 1996 This book offers new insights into the ambiguous masculinity within male Romantic poetry, discussing the work of Byron, Wordsworth, Shelley, Keats, and Coleridge among others. *Tracing Women's Romanticism* Kari

E. Lokke, 2004-09-09 Awarded the 2005 Jean Pierre Barricelli Book Prize by the International Conference on Romanticism. This book explores a cosmopolitan tradition of nineteenth-century novels written in response to Germaine de Staël's original novel of the artist as heroine, *Corinne*. The first book to delineate the contours of an international women's Romanticism, it argues that the *Künstlerroman* of Mary Shelley, Bettine von Arnim, and George Sand offer feminist understandings of history and transcendence that constitute a critique of Romanticism from within. The book examines meditative, mystical, and utopian visions of religious and artistic transcendence in the novels of women Romanticists as vehicles for the representation of a gendered subjectivity that seeks detachment and distance from the interests and strictures of the existing patriarchal social and cultural order. For these writers, the author argues, self-transcendence means an abandonment or dissolution of the individual self through political and spiritual efforts that culminate in a revelation of the divinity of a collective selfhood that comes into being through historical process. *Romanticism, History, Historicism* Damian Walford Davies, 2009-01-21

The return to history in Romantic Studies in the 1980s marked the beginning of a critical orthodoxy that continues to condition if not define our sense of the Romantic period. Twenty-five years on, Romantic New Historicism's revisionary engagements have played a central role in the realignment of the field and in the expansion of the Romantic canon. In this major new collection of eleven essays, critics reflect on New Historicism's inheritance, its achievements, and its limitations. Integrating a self-reflexive engagement with New Historicism's history and detailed attention to a range of Romantic lives and literary texts, the collection offers a close-up view of Romanticism's hybrid present and a dynamic vision of its future. **Romanticism and**

Male Fantasy in Byron's Don Juan C. Donelan, 1999-10-11 Don Juan, Byron's best poem, is a sensational radical satire. It uses the legend of Don Juan to expose the male fantasies behind Romanticism and nineteenth-century public culture. Critics feared that the poem was a manual for vice and would corrupt society. Should England's best-selling author have been censored? This book looks at how Europe's most famous literary celebrity shows his dark side in *Don Juan*, a canonical long

poem and a pop culture masterpiece
