Romanticism at the End of History Jerome Christensen, 2021-04-27 A refreshingly new discussion of Romanticism provides new insights into the connection between the lives and works of Wordsworth and Coleridge Rocky Mountain Review of Language and Literature The Romantics lived through a turn of the century that like our own seemed to mark an end to history as it had long been understood They faced accelerated change including unprecedented state power armies capable of mass destruction a polyglot imperial system and a market economy driven by speculation In Romanticism at the End of History Jerome Christensen challenges the prevailing belief that the Romantics were reluctant to respond to social injustice Through provocative and searching readings of the poetry of Wordsworth the poems criticism and journalism of Coleridge the Confessions of De Quincey and Sir Walter Scott's Waverley Christensen concludes that during complicated times of war and revolution English Romantic writers were forced to redefine their role as artists The most brilliant comprehensive and humanizing discussion of Romanticism I've encountered in a long time criticism that unabashedly loves its subject Frank McConnell University of California Santa Barbara How asks Christensen can one resist commercialist hegemony in the posthistorical world This book bravely and passionately asserts the contemporary relevance of the utopian impulse in Romantic writing without falling prey to its ideological posturing Modern Language Review Christensen's formulation of the Romantics is fascinating bound up with the future of poetry as well as the way in which we should think about their historical significance This Year's Work in English Studies

Romanticism at the End of History Jerome Christensen, 2000 The Romantics lived through a turn of the century that seemed to mark an end to history as it had long been understood They faced accelerated change including unprecedented state power mass armies capable of mass destruction a polyglot imperial system and a market economy driven by speculation In this study Jerome Christensen chooses as his points of departure the dates 1798 1802 and 1815 times of war truce and peace to reconsider how English Romantic writers defined their relationship to radical social and political changes that seemed answerable to no author and directed to no clear goal *The Cambridge Companion to British Romanticism* Stuart Curran, 2010-07-22 This new edition of *The Cambridge Companion to British Romanticism* has been fully revised and updated and includes two wholly new essays one on recent developments in the field and one on the rapidly expanding publishing industry of this period It also features a comprehensive chronology and a fully up to date guide to further reading For the past decade and more the Companion has been a much admired and widely used account of the phenomenon of British Romanticism that has inspired students to look at Romantic literature from a variety of critical angles and approaches In this new incarnation the volume will continue to be a standard guide for students of Romantic literature and its contexts

Romanticism and the Rise of History Stephen Bann, 1995 In *Romanticism and the Rise of History* Bann argues that history came of age in Europe during the period following the French Revolution through the end of the nineteenth century becoming an object of widespread desire As one perhaps mildly astonished scholar noted

later it was a time when the most simple minded farmhand was able to distinguish an old belfry from a new one and Bann might add perceive value in the old one To draw the reader into his exploration of the nineteenth century s discovery of history Bann presents twenty five images from the period engravings oil paintings sculptures watercolors that appear to both represent and interact with the past Does the suit of armor standing at Walter Scott s shoulder in Sir John Watson Gordon s portrait validate the image of the author as rightful custodian of the past and its relics or is it Scott who through his imaginative interpretation of history imbues this shell of knighthood with lasting significance [A History of English Romanticism in the Nineteenth Century](#) Henry Augustin Beers,1901 **A History of English Romanticism in the Nineteenth Century** Henry Augustin Beers,1901 **The Ends of History** Christina Crosby,2012 Annotation Why were the Victorians so passionate about history How did this passion relate to another Victorian obsession the woman question Christina Crosby investigates the links between the Victorians fascination with history and with the nature of women [A History of English Romanticism in the Eighteenth Century](#) Henry Augustin Beers,1898 **A History of Modern English Romanticism** Harko Gerrit de Maar,1924 **A History of The Romantic Movement in Spain** Edgar Allison Peers, *History of Nineteenth-century Russian Literature: Romantic period* Dmitrij Tschizewskij,1974 [The Cambridge History of European Romantic Literature](#) Patrick Vincent,2023-11-09 This wide ranging new history of European Romantic Literature presents a pan European phenomenon which transcended national borders and contributed to a new sense of European cultural identity across the continent Conceived in the same spirit as Madame de Sta l s cultural and political agenda at a time when her generous idea of Europe is being challenged on all sides the volume pays close attention to the period s circulation of people ideas and texts It proposes to rethink the period comparatively focusing on various forms of cultural mediation and transfer and on productive tensions synchronicities and interactions within and across borders Organized chronologically its twenty chapters address over five hundred works proposing a coherent historical narrative without completely erasing individual nations specificities By showcasing in particular the place of Britain within continental culture the volume hopes to reactivate critical examinations of Romanticism from a historicised European perspective *A History of the Romantic Movement in Spain* E. Allison Peers,2014-02-06 Originally published in 1940 this book examines the Romantic Movement in Spain from its decline and dwindling popularity after 1837 and the rise of eclecticism to its final expressions around 1860 Peers looks at key texts in the history of the Romantic style as well as the real meaning of Romanticism in Spain at this time **The Cambridge History of English Poetry** Michael O'Neill,2010-04-29 A literary historical account of English poetry from Anglo Saxon writings to the present *Dialectic of Romanticism* Peter Murphy,David Roberts,2005-10-01 *Dialectic of Romanticism* presents a radical new assessment of the aesthetic and philosophical history and future of modernity An exploration of the internal critique of modernism treats romanticism later historicism and post modernism as central to the development of European modernism alongside enlightenment and like the

enlightenment subject to its own dead ends and fatalities An external critique of modernism recovers concepts of civilization and civic aesthetics which are trans historical simultaneously modern and classically inspired and provides a counter both to romantic historicism and enlightened models of progress Finally a retrospective critique of modernism analyses what happens to modernism s romantic archaic and technological futurist visions when they are translated from Europe to America Dialectic of Romanticism argues that out of the European dialectic of romanticism and enlightenment a new dialectic of modernity is emerging in the New World one which points beyond modernism and postmodernism

English Literature Advancing Through History 5 - The Romantic Period Petru Golban,2024-11-26 It appears that literary work possesses eternal temporal validity due to its autonomous aesthetic value whereas criticism provides points of view having temporary and transitory significance Despite such claims the vector of methodology in our series of books dealing with the history of English literature relies on Viktor Shklovsky T S Eliot Mikhail Bakhtin and especially Yuri Tynyanov whose main reasoning would be that literature is a system of dominant central and peripheral marginalized elements to us tradition centre versus innovation margin engaged in a battle for supremacy demarginalization and the right to form a new literary system and the development or historical advancement of literature is the substitution of systems Roman Jakobson and French structuralism on the whole later Linda Hutcheon with her system and constant and Bran Nicol with the dominant to say nothing about Itamar Even Zohar and his theory of polysystem to a certain extent Julia Kristeva and even Homi Bhabha as well as our humble contribution we would like to believe maintain Tynyanov s line of thinking and concepts alive which have developed and emerged nowadays more like a kind of neo formalism Focusing on literary practice applying critical theory and emerging from within our own teaching experience the books in the present series are theoretical and surveyistic like a monograph whereas their more practical and text oriented aspect should appeal as a student handbook for didactic purposes in which certain literary works belonging to various writers of different trends movements and periods are analysed and compared with regard to their source form thematic arrangements ideas motifs character representation strategies intertextual perspectives structural or narrative techniques and other aspects
