*Rome 1300* Herbert L. Kessler, Professor Herbert L. Kessler, Johanna Zacharias, Professor Johanna Zacharias, 2000-01-01 On this Jubilee year the authors take readers back to the first Holy Year 1300 when Pope Boniface VIII promised eternal peace for the souls of all Christians who trekked to the Eternal City 225 illustrations 60 in color **Rome 1300** Herbert L. Kessler, 2000 **"Architecture and Pilgrimage, 1000-1500"** Deborah Howard, 2017-07-05 Although there is an obvious association between pilgrimage and place relatively little research has centred directly on the role of architecture *Architecture and Pilgrimage 1000-1500 Southern Europe and Beyond* synthesizes the work of a distinguished international group of scholars It takes a broad view of architecture to include cities routes ritual topographies and human interaction with the natural environment as well as specific buildings and shrines and considers how these were perceived represented and remembered The essays explore both the ways in which the physical embodiment of pilgrimage cultures is shared and what we can learn from the differences The chosen period reflects the flowering of medieval and early modern pilgrimage The perspective is that of the pilgrim journeying within or embarking from Southern Europe with a particular emphasis on Italy The book pursues the connections between pilgrimage and architecture through the investigation of such issues as theology liturgy patronage miracles and healing relics and individual and communal memory Moreover it explores how pilgrimage may be regarded on various levels from a physical journey towards a holy site to a more symbolic and internalized idea of pilgrimage of the soul **Medieval European Pilgrimage c.700-c.1500** Diana Webb, 2017-03-14 Medieval pilgrimage was above all an expression of religious faith but this was not its only aspect Men and women of all classes went on pilgrimage for a variety of reasons sometimes by choice sometimes involuntarily They made both long and short journeys to Rome Jerusalem and Santiago on the one hand to innumerable local shrines on the other The routes that they followed by land and water made up a complex web which covered the face of Europe and their travels required a range of support services including the protection of rulers who were themselves often pilgrims Pilgrimage left its mark not only on the landscape but also on the art and literature of Europe Diana Webb's engaging book offers the reader a fresh introduction to the history of European Christian pilgrimage in the twelve hundred years between the conversion of Emperor Constantine and the beginnings of the Protestant Reformation As well as exploring this multi-faceted activity it considers both the geography of pilgrimage and its significant cultural legacy *St. Paul's Outside the Walls* Nicola Camerlenghi, 2018-08-30 The book traces nearly two thousand years of architectural transformations to St Paul's Basilica one of Rome's principal churches *The Encyclopedia of Christianity* Erwin Fahlbusch, Geoffrey William Bromiley, 1999 Containing more than 300 articles covering the alphabetical entries P-Sh this book also includes articles on significant topics ranging from Pauline political theology and the Qur'an to religious liberty salvation history and scholasticism *A History of Italy* Claudia Baldoli, 2009-11-19 Until the beginning of the 18th century to be Italian meant to identify with a number of collective memories rather than a national memory Yet

there are elements of continuity that have shaped Italian identity over the past 1 500 years Religion food art and architecture a literary language as well as a particular relationship between cities and countryside between family and civil society have all contributed to present day Italian culture and politics Baldoli explores the history of Italy as a country rather than as a nation in order to trace its fascinating cultural and political development Offering a way into each period of Italian history the book brings Italy's past to life with extracts from poetry novels and music Drawing on the latest research published in English and Italian this is the ideal introduction for all those interested in Italy's cultural and social past and its significance for the country's present

*Artistic Practices and Cultural Transfer in Early Modern Italy* Allison Sherman, 2017-07-05 For too long the centre of the Renaissance has been considered to be Rome and the art produced in or inspired by it This collection of essays dedicated to Deborah Howard brings together an impressive group of internationally recognised scholars of art and architecture to showcase both the diversity within and the porosity between the centre and periphery in Renaissance art Without abandoning Rome but together with other centres of art production the essays both shift their focus away from conventional categories and bring together recent trends in Renaissance studies notably a focus on cultural contact material culture and historiography They explore the material mechanisms for the transmission and evolution of ideas artistic training and networks as well as the dynamics of collaboration and exchange between artists theorists and patrons The chapters each with a wealth of groundbreaking research and previously unpublished documentary evidence as well as innovative methodologies reinterpret Italian art relating to canonical sites and artists such as Michelangelo Titian Tintoretto Veronese and Sebastiano del Piombo in addition to showcasing the work of several hitherto neglected architects painters and an inimitable engineer inventor

**Mosaics in the Medieval World** Liz James, 2017-10-05 In this book Liz James offers a comprehensive history of wall mosaics produced in the European and Islamic middle ages Taking into account a wide range of issues including style and iconography technique and material and function and patronage she examines mosaics within their historical context She asks why the mosaic was such a popular medium and considers how mosaics work as historical documents that tell us about attitudes and beliefs in the medieval world The book is divided into two parts Part I explores the technical aspects of mosaics including glass production labour and materials and costs In Part II James provides a chronological history of mosaics charting the low and high points of mosaic art up until its abrupt end in the late middle ages Written in a clear and engaging style her book will serve as an essential resource for scholars and students of medieval mosaics

Humanism and Empire Alexander Lee, 2018-02-02 For more than a century scholars have believed that Italian humanism was predominantly civic in outlook Often serving in communal government fourteenth century humanists like Albertino Mussato and Coluccio Salutati are said to have derived from their reading of the Latin classics a rhetoric of republican liberty that was opposed to the tyranny of neighbouring signori and of the German emperors In this ground breaking study Alexander Lee challenges this long held

belief From the death of Frederick II in 1250 to the failure of Rupert of the Palatinate's ill-fated expedition in 1402 Lee argues the humanists nurtured a consistent and powerful affection for the Holy Roman Empire Though this was articulated in a variety of different ways it was nevertheless driven more by political conviction than by cultural concerns Surrounded by endless conflict both within and between city states the humanists eagerly embraced the Empire as the surest guarantee of peace and liberty and lost no opportunity to invoke its protection Indeed as Lee shows the most ardent appeals to imperial authority were made not by signorial humanists but by humanists in the service of communal regimes The first comprehensive synoptic study of humanistic ideas of Empire in the period c 1250-1402 this volume offers a radically new interpretation of fourteenth-century political thought and raises wide-ranging questions about the foundations of modern constitutional ideas As such it is essential reading not just for students of Renaissance Italy and the history of political thought but for all those interested in understanding the origins of liberty

**Reviving the Eternal City** Elizabeth McCahill, 2013-10-28 In the first half of the fifteenth century Rome and the papal court were caught between conflicting realities between the Middle Ages and the Renaissance conciliarism and papalism an image of a restored republic and a dream of a papal capital Elizabeth McCahill explores the transformation of Rome's ancient legacy into a potent cultural myth

**The Making of Measure and the Promise of Sameness** Emanuele Lugli, 2022-05-12 Measurement is all around us Whether inches or miles centimeters or kilometers measures of distance stand at the very foundation of everything we do so much so that we take them for granted But this has not always been the case This book reaches back to medieval Italy where measurements were displayed in the open showing how a simple innovation triggered a chain of cultural transformations whose consequences are visible today on a global scale Drawing from literary works and frescoes architectural surveys and legal compilations Emanuele Lugli offers a history of material practices widely overlooked by historians and explains how measurements work as powerful molds of ideas affecting our notions of what we consider similar accurate and truthful

*The Grove Encyclopedia of Medieval Art and Architecture* Colum Hourihane, 2012 This volume offers unparalleled coverage of all aspects of art and architecture from medieval Western Europe from the 6th century to the early 16th century Drawing upon the expansive scholarship in the celebrated Grove Dictionary of Art and adding hundreds of new entries it offers students researchers and the general public a reliable up-to-date and convenient resource covering this field of major importance in the development of Western history and international art and architecture

**The Image of St Francis** Rosalind B. Brooke, 2006-11-30 An important reappraisal of the image of St Francis as it was recorded in literature documents architecture and art Highly illustrated throughout including colour and black and white plates and containing key extracts from the major sources this book bridges the boundaries of history and the history of art

**A Companion to the History of the Roman Curia** Donald S. Prudlo, 2025-03-24 The Roman Curia is the oldest extant body of institutional administration in the world Indeed it was the prototype for the development of centralized government in the monarchies of

the Middle Ages Further it was the administrative backbone of the first worldwide organization in human history It developed policies laws and procedures that continue to affect the entire world This book offers scholarly contributions from the origins of the Curia to the early modern period Contributors include Barbara Bombi Elena Bonora Bruce Brasington Sandro Carocci Peter D Clarke Maria Teresa Fattori Massimo Carlo Giannini Anthony Lappin Rita Lizzi Testa Rosamond McKitterick Dominic Moreau Bronwen Neil Miles Pattenden Giovanni Pizzorusso Donald Prudlo Kirsi Salonen Cesare Santus and Danica Summerlin

**The Lithic Garden** Mailan S. Doquang, 2018-01-11 The Lithic Garden offers innovative perspectives on the role of ornament in medieval church design Focusing on the foliate friezes articulating iconic French monuments such as Amiens Cathedral it demonstrates that church builders strategically used organic motifs to integrate the interior and exterior of their structures thus reinforcing the connections and distinctions between the entirety of the sacred edifice and the profane world beyond its boundaries With this exquisitely illustrated monograph Mailan S Doquang argues that contrary to widespread belief monumental flora was not just an extravagant embellishment or secondary byproduct but a semantically charged critical design component that inflected the stratified spaces of churches in myriad ways By situating the proliferation of foliate friezes within the context of the Crusades The Lithic Garden provides insights into the networks of exchange between France Byzantium and the Levant contributing to the global turn in art and architectural History

**Crusader Art in the Holy Land, From the Third Crusade to the Fall of Acre** Jaroslav Folda, 2005-09-05 Publisher Description **Encyclopedia of Catholicism** Frank K. Flinn, 2007 Covers the key people movements institutions practices and doctrines of Roman Catholicism from its earliest origins R sum de l diteur [Giotto's Arena Chapel and the Triumph of Humility](#) Henrike Christiane Lange, 2023-02-09 In this book Henrike Lange takes the reader on a tour through one of the most beloved and celebrated monuments in the world Giotto's Arena Chapel Paying close attention to previously overlooked details Lange offers an entirely new reading of the stunning frescoes in their spatial configuration The author also asks fundamental questions that define the chapel's place in Western art history Why did Giotto choose an ancient Roman architectural frame for his vision of Salvation What is the role of painted reliefs in the representation of personal integrity passion and the human struggle between pride and humility familiar from Dante's Divine Comedy How can a new interpretation regarding the influence of ancient reliefs and architecture inform the famous Assisi controversy and cast new light on the debate around Giotto's authorship of the Saint Francis cycle Illustrated with almost 200 color plates this volume invites scholars and students to rediscover a key monument of art and architecture history and to see it with new eyes
