The British National Bibliography Arthur James Wells, 2000 Managing Small Businesses Robert Lloyd Anderson, John S. Dunkelberg, 1993 **Insight Pocket Guide Beijing** Kari Huus, 2005-04 In a book that reframes our thinking about the nature of China s reform and opening Thomas Moore argues that the structuring impact of the international political economy represents one of the most theoretically important yet inadequately studied issues concerning change in post Mao China After carefully defining his conceptual framework Moore presents detailed case studies of textiles and shipbuilding to examine the impact of varying degrees of economic openness in the world trading system on the reform restructuring and

rationalization of Chinese industries As the book amply demonstrates the international environment most propitious for change in China s textile and shipbuilding industries during the 1980s and 1990s was one marked by moderate economic closure rather than the ideal typic economic openness assumed by most observers Moore also challenges popular notions of China s recent economic success by arguing that Beijing s ability to pursue strategic industrial policy is actually quite limited
