Contemporary Indian English Poetry and Drama Sajalkumar Bhattacharya, Himadri Lahiri, Arnab Kumar Sinha, 2019-07-29 This anthology of essays maps the divergent issues that have become relevant in contemporary Indian English poetry and drama. By providing a clear idea about the new themes, techniques and methods used by the Indian English poets and playwrights to address the issues emerging in the changing socio-cultural scenario, particularly during the post-globalization period, the essays offer insightful observations on canon formation and its reception. It is high time to consider afresh whether the canons of Indian English poetry and drama have widened their scope to include innovative forms of writing or whether they have evolved significantly to generate novel perspectives. These questions, which are linked with the issue of canon formation and its reception, are intricately woven into the fabric of these essays. This anthology will respond to the scholarly interests of inquisitive students, researchers, scholars and academics in the field of Indian English literature. Critical Responses to Canadian Literature K. Balachandran, 2004 Living the Changes Joan

Turner, 1990-12-01 *Living the Changes* explores the nature and extent of women's changing realities. The contributors include writers, artists, academics, street kids and social workers and range in age from nine to seventy-three. Their topics reflect the diversity and complexity of the concerns of contemporary women: birthing and aging, body image, culture, drugs, violence, sexual abuse, prostitution, reproductive technology and spirituality. **Asian American Poets** Guiyou Huang, 2002-05-30 Even though Asian American literature is enjoying an impressive critical popularity, attention has focused primarily on longer narrative forms such as the novel. And despite the proliferation of a large number of poets of Asian descent in the 20th century, Asian American poetry remains a neglected area of study. Poetry as an elite genre has not reached the level of popularity of the novel or short story, partly due to the difficulties of reading and interpreting poetic texts. The lack of criticism on Asian American poetry speaks to the urgent need for scholarship in this area, since perhaps more than any other genre, poetry most forcefully captures the intense feelings and emotions that Asian Americans have experienced about themselves and their world. This reference book overviews the tremendous cultural contributions of Asian American poets. Included are alphabetically arranged entries on 48 American poets of Asian descent, most of whom have been active during the latter half of the 20th century. Each entry begins with a short biography, which sometimes includes information drawn from personal interviews. The entries then discuss the poet's major works and themes, including such concerns as family, racism, sexism, identity, language and politics. A survey of the poet's critical reception follows. In many cases, the existing criticism is scant, and the entries offer new readings of neglected works. The entries conclude with bibliographies of primary

and secondary texts and the volume closes with a selected general bibliography
