Roots Of The Earthman:

Earth's Man of Color Dr. Oliver Akamnonu, Professor Ndu Eke, 2009-11-30 A distinction is drawn between two very similarities based on the two types of characters that the same type of society produced Orié Puzo and Nmaku who hail from Angwa and the adjoining Ocha remained back in the village and made their lives almost permanently there rarely knowing what was going on in the outside world but being nonetheless greatly influenced by the latter Their daily chores are dictated by the daily basic necessities of the moment and they have little to worry perpetually about A lot of their life is controlled by the dictations and predictions of the traditional medicine man who occasionally misfires in his predictions which have no scientific basis supporting them His situation is often taken advantage of by the political class who have little or nothing to lose even if the polity collapses But Livinus on the other end of the spectrum emerges from the civil war and through a dint of luck and hard work studies hard and becomes a doctor He even proceeds overseas despite a close shave by arsonists He specializes and returns home to Akunwanta town from where he is again catapulted by fate and focus to become the governor of his state after a battle between titans eliminates the principal contestants He at first meant well and had the intention of helping to reform society Post election litigation and his lack of the economic leverage almost cost him his mandate But again fate plays a hard one on him and because of his lack of cash he gets tied up to the economic vampires of his society He is bailed out by a coalition of these vampires and narrowly reclaims his mandate only after colossal bribing of umpires who were least expected to soil their hands He decides never to go begging ever again and hence he delves headlong into the rot and decay not by his will but by the circumstances prevailing around him

Downward to the Earth Robert Silverberg,2022-03-15 Vividly realized and inventive A brooding masterpiece of social science fiction from the Hugo and Nebula Award winning author Science Fiction and Other Suspect Ruminations After eight years away from the planet known as Holman s World Edmund Gunderson has returned Before as the assistant station manager he helped the Company exploit the bustling colonial outpost for Earth s gain mining its riches and putting its native species to work Now the planet has been given back to its inhabitants the intelligent elephant like beings known as the nildoror who peacefully coexist with carnivorous bipeds known as the sulidoror And Edmund Gunderson has come back to relive his past and meet up with old acquaintances Or so he says What Gunderson really wants is to witness the rebirth of the nildoror a sacred ceremony performed in the northern mist country Given permission from the elders he travels deeper into the exotic world than he has ever gone before through tropical jungles teeming with alien creatures It is a journey that will take Gunderson

deep within himself where his own failings and fears reside and bring him face to face with the planet's greatest mysteries and the evil within men's souls Brilliantly imagined One of the finest writers ever to work in science fiction The Philadelphia Inquirer on Tom O'Bedlam Like all truly superior sci-fi Downward to the Earth is the sort of novel that just bursts with some imaginative idea or unexpected touch on every single page It is a terrific feat of the imagination wonderfully well written by Silverberg and with fascinating characters both alien and human Fantasy Literature THE MIND, BODY, SPIRIT, And STORYTELLING Hakeem R. Jelani, 2023-05-23 For a controversial yet refreshing perspective this book you are holding right now is one that will give you a salient insight into the author's discourse with a new subjective viewpoint regarding the Anunnaki ancient world Their significant deeds and contributions to humanity Which syncs very nicely with the modern ancient astronauts hypothesis Events that are largely associated with the Old Testament Bible Genesis narrative are inextricably linked back to Anunnaki as Those who from Heaven came down to Earth were a fifty man crew under command of the Anunnaki Royal Prince Enki Ea From his home planet Nibiru the eponymous God of creation imbued Kemetic spiritual science philosophy to the African Pharaohs dynasties of Egyptians Mithram Its speculation and bold assumptions will brighten up your vision as you discover what has long been hidden by the elites who promulgate mendacious truthiness and storytelling as the vicars of god on Earth Reading this book gives you this powerful insight from a mind body and spirit perspective You discover a different view of the Holy Old Testament Bible Genesis narrative and storytelling Hakeem invites readers to reexamine the Bible myth as a dichotomy between the significant transition into the Western New Testament Christian Church religion of western Europe and the African Egyptian consciousness of spiritual science precepts The Kemetic ankh life became the Christian cross death Each represents important symbolism Whereas the former was plagiarized and replaced and incorporated into the Roman Catholic New Testament Christian Bible religion and canons as the doctrine of theology It's a great story that postulates an assertion that calls one to reexamine the Bible book of Genesis Which the Hebrew and Greek Septuagint Bible scribes removed acknowledge to conceal gods Anunnaki identity of the gods The truth about the elite Royals pantheon of alien gods as Anunnaki Anu Enlil and Enki as Those who from the Heavens came down The ancient account pertaining to the Sumerian Bible Genesis is the original codex of historical manuscript religious described rituals and rites which was the hidden books of sacred knowledge and wisdom taught in the halls of the mystery schools by the ancient Egyptian Priesthood This book imparts his speculative unvarnished anecdotal details about Genesis from a different perspective The Biblical history of Genesis as it should be taught Not like the Christian Catholic Protestant and Baptist religions teach the gospels of the Christian savior of the crucified Jesus Christ as the human savior or of the crucified Jesus Christ of heaven Not like the Christian Catholic Protestant and Baptist religions of blind faith But in its purest form of theology that is primarily the Gospels of death salvation and the resurrection after the end of Jesus Christ's crucifixion by the Roman Albeit speculative its conjecture dovetails nicely with attributions described in the Old Testament

Bible god corresponds precisely to Enki Ea deeds This book is complete speculation with emphasis on the Bible book of Genesis Hakeem boldly conflated the creator of the homo sapien sapiens with Enki who was a brilliant scientist and chief medical doctor Which means that he was exceptionally qualified to genetically fuse his biological DNA chromosome code by genetic manipulation of an African female mitochondrial DNA as described in the Old Testament Genesis narrative tale Which raises curious questions as to why the book of Genesis accounts can be examined with great skepticism and a misdirection play because much of the factual information about the Genesis of history was either burned by invading armed forces omitted the rulers suppressed by the Church or destroyed in order to control the narrative of historical evidence He pointed to Enki s process concerning an African female s mitochondrial DNA biological chromosome genetic codes manipulated and used to fashion Adam men as his Hebrew ancestral Royal bloodline It s a fictionalized story written to make people think about this with intellectual intuition logic and reason **Alqua Dreams** Rachel Pollack,2011-09-29 The corpse people of Planet Keela believe that life is an illusion Earthman Jaimi Cooper finds their practices bizarre but is attracted by a beautiful tribeswoman Cooper s task on the planet Keela offer the native Lukai fair price for their rare ore rhovium but first convince the powerful Death Woman that he and the Lukai themselves are more than illusions in a world where everyone has already died The fascinating story of one man confronting a totally alien culture **Peoples of the Earth: Man the craftsman** Edward Evan Evans-Pritchard,1973 *The Boy who Found the King* Raymond Macdonald Alden,1922 The Chief Storyteller of the kingdom had just died and it was no simple matter to choose his successor A contest would be held a Tournament of Stories to determine the best storyteller and the new Chief Storyteller This is a collection of the stories told at the tournament **Small Press Record of Books in Print** Len Fulton,1993 **History Of The Marvel Universe** Mark Waid,2020-02-12 Collects History Of The Marvel Universe 1 6 It s the greatest tale ever told and you ve never seen it like this Writer Mark Waid and artist Javier Rodr guez weave together a sprawling interconnected web of stories into one seamless narrative that takes you from the dawn of the Marvel Universe all the way to its end Far more than a collection of moments you may already know this is a new tale featuring previously unknown secrets and shocking revelations connecting dozens of threads from Marvel s past and present From the Big Bang to the twilight of existence this sweeping saga covers every significant Marvel event providing fresh looks at characters of all eras *The Historical Picture Gallery, Or, Scenes and Incidents in American History* John R.
