Office of Education, 1942 **That Precious Strand of Jewishness That Challenges Authority** Leon Rosselson, 2017-07-01 For my parents and grandparents Jewish identity in religion culture and language was a given Not so for me I'm not religious not a Zionist so in what consists my Jewishness Is a love of chopped liver and a belief that chicken soup cures all ills enough And does it matter This is the story of my search for answers It is an argument with myself with song lyrics to embellish the argument Like so many of those others in Britain of Jewish lineage songwriter and award winning folk singer Leon Rosselson is descended from antecedents who fled pogroms in eastern Europe Pertinently he questions what being a Jew means is it adherence to Judaism as a religion an ethnicity a citizen of Israel or someone who eats chicken soup with knedlach He describes clearly and with historical insight how any concept of Jewishness can involve all of those things and more In his own life he has decided to pick and choose from this tradition and history and build on what he deems to be the progressive humane and universalist values of that Jewish background Rosselson is a strong supporter of Palestinian rights seeing in the victimization of Palestinians by the state of Israel parallels with historical Jewish persecution He concludes this short essay by stating I share with the growing number of Jews in the diaspora who place solidarity with the oppressed above demands of

tribalism and with those in Israel who dare to stand against the powers that be
