and the Grille while the Brummbär and the Sturmtiger performed in the dedicated assault gun role. For armored reconnaissance German industry came up with a series of capable armored cars examples were the eight wheel Puma and the full tracked Luchs reconnaissance tank. The Italians developed the impressive four wheel Autoblinda armored cars. Specialized anti-aircraft tanks such as the Möbelwagen, Wirbelwind and the Ostwind gave some protection against the ever more powerful Allied air forces. This fine book covers all these variants and many more besides in words and rare images and will delight readers, collectors, model makers and war gamers. **German Tanks & Armored Vehicles, 1914-1945** Brian Terence White, 1968 World War II Spencer C.

Tucker, 2016-09-06 With more than 1 700 cross referenced entries covering every aspect of World War II the events and developments of the era and myriad related subjects as well as a documents volume this is the most comprehensive reference work available on the war. This encyclopedia represents a single source of authoritative information on World War II that provides accessible coverage of the causes, course and consequences of the war. Its introductory overview, essays and cross referenced A-Z entries explain how various sources of friction culminated in a second worldwide conflict, document the events of the war and why individual battles were won and lost and identify numerous ways the war has permanently changed the world. The coverage addresses the individual campaigns, battles, key weapons, systems, strategic decisions and technological developments of the conflict as well as the diplomatic, economic and cultural aspects of World War II. The five volume set provides comprehensive information that gives readers insight into the reasons for the war's direction and outcome. Readers will understand the motivations behind Japan's decision to attack the United States, appreciate how the concentration of German military resources on the Eastern Front affected the war's outcome, understand the major strategic decisions of the war and the factors behind them, grasp how the Second Sino-Japanese War contributed to the start of World War II and see the direct impact of new military technology on the outcomes of the battles during the conflict. The lengthy documents volume represents a valuable repository of additional information for student research.
