

An aerial photograph of a city grid, viewed from a high angle. A bright, circular light source, possibly the sun, is positioned in the upper left quadrant, casting a strong glow across the scene. The city streets form a dense, rectangular pattern, with some areas appearing more brightly lit than others. The overall color palette is dominated by warm, golden-yellow and brown tones, suggesting a late afternoon or early morning setting. The perspective is slightly tilted, giving a sense of depth and scale.
