J. Dennis, 2022-02 The Sentimental Bloke tells the story of Bill a member of a larrikin push or gang in Melbourne's Little Lonsdale red light district who encounters Doreen a young woman of some social aspiration in a local market Narrated by Bill the poems chronicle their courtship and marriage detailing his transformation from a violence prone gang *The Two Frank Thrings* Peter Fitzpatrick, 2012-08-01 They shared a name of course and their physical resemblance was startling And both Frank Thrings were huge figures in the landscape of twentieth century Australian theatre and film But in many ways they could hardly have been more different Frank Thring the father 1882 1936 began his career as a sideshow conjuror and he wheeled dealt and occasionally married his way into becoming the legendary F T impresario speculator and owner of Efttee Films Australia's first talkies studio He built for himself an image of grand patriarchal respectability a sizeable fortune and all the makings of a dynasty Frank Thring the son 1926 1994 squandered the fortune and derailed the dynasty in the course of creating his own persona a unique presence that could make most stages and foyers seem small He won fame playing tyrants in togas in Hollywood blockbusters then suddenly came home to Melbourne to play perhaps his finest role that of Frank Thring actor and personality extraordinaire Central to this role was that Frank the son was unapologetically and outrageously gay Peter Fitzpatrick's compelling dual biography tells the story of two remarkable characters It's a kind of detective story following the tracks of two men who did all they could to cover their tracks and to conceal the self Frank the father used secrecy and sleight of hand as strategies for self protection Frank the son masked a thoroughly reclusive personality with flamboyant self parody It's also the tale of a lost relationship and of the power a father may have had even over a son who hardly knew him **The Songs of a Sentimental**

Blake (Classic Reprint) C. J. Dennis, 2015-07-19 Excerpt from *The Songs of a Sentimental Blake* Nearly a year ago Henry Lawson wrote in his preface to the first edition of these rhymes I think a man can best write a preface to his own book provided he knows it is good Now and at the end of some twelve months of rather bewildering success I have to confess that I do not know But I do know that it is popular and to write a preface to the fifty first thousand of one's own book is rather a pleasant task for it is good for a writer to know that his work has found appreciation in his own land and even beyond But far more gratifying than any mere record of sales is the knowledge that has come to me of the universal kindness of my fellows The reviews that have appeared in the Australasian and British press the letters that have reached me from many places setting aside the compliments and the praise have proved the existence of a widespread sympathy that I had never suspected It has strengthened a waning faith in the human kindness of my brothers so that indeed I have gained far more than I have given and my thanks are due twofold to those whose thanks I have received About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works **The sentimental bloke** ,1994 **The Lone Hand** ,1915 *Remarkable Occurrences* National Library of Australia, 2001

Backblock Ballads and Later Verses Clarence James Dennis, 1919 **Jim of the Hills** Clarence James Dennis, 1919 [A History of Cant and Slang Dictionaries](#) Julie Coleman, 2008-10-23 This book continues Julie Coleman's acclaimed history of dictionaries of English slang and cant It describes the increasingly systematic and scholarly way in which such terms were recorded and classified in the UK the USA Australia and elsewhere and the huge growth in the publication of and public appetite for dictionaries glossaries and guides to the distinctive vocabularies of different social groups classes districts regions and nations Dr Coleman describes the origins of words and phrases and explores their history By copious example she shows how they cast light on everyday life across the globe from settlers in Canada and Australia and cockneys in London to gang members in New York and soldiers fighting in the Boer and First World Wars as well as on the operations of the narcotics trade and the entertainment business and the lives of those attending American colleges and British public schools The slang lexicographers were a colourful bunch Those featured in this book include spiritualists aristocrats socialists journalists psychiatrists school boys criminals hoboes police officers and a serial bigamist One provided the inspiration for Robert Lewis Stevenson's Long John Silver Another was allegedly killed by a pork pie Julie Coleman's account will interest historians of language crime poverty sexuality and the criminal underworld *'Boredom is the Enemy'* Amanda Laugesen, 2016-04-15 War is often characterised as one percent terror 99 per cent boredom Whilst much ink has been spilt

on the one per cent relatively little work has been directed toward the other 99 per cent of a soldier's time. As such, this book will be welcomed by those seeking a fuller understanding of what makes soldiers endure war and how they cope with prolonged periods of inaction. It explores the issue of military boredom and investigates how soldiers spent their time when not engaged in battle work or training through a study of their creative, imaginative and intellectual lives. It examines the efforts of military authorities to provide solutions to military boredom and the problem of discipline and morale through the provisioning of entertainment and education but more importantly explores the ways in which soldiers responded to such efforts, arguing that soldiers used entertainment and education in ways that suited them. The focus in the book is on Australians and their experiences primarily during the First World War but with subsequent chapters taking the story through the Second World War to the Vietnam War. This focus on a single national group allows questions to be raised about what might or might not be exceptional about the experiences of a particular national group and the ways national identity can shape an individual's relationship and engagement with education and entertainment. It can also suggest the continuities and changes in these experiences through the course of three wars. The story of Australians at war illuminates a much broader story of the experience of war and people's responses to war in the twentieth century. [The Pacific and Australasia](#)

Kate Burridge, Bernd Kortmann, 2008-12-10. This volume gives a detailed overview of the varieties of English spoken in the Pacific and Australasia including regional social and ethnic dialects such as New Zealand Australian Vernacular or Maori English as well as pidgins and creoles such as Tok Pisin, Hawaii Creole or Kriol in Australia. The chapters written by widely acclaimed specialists provide concise and comprehensive information on the phonological, morphological and syntactic characteristics of each variety discussed. The articles are followed by exercises and study questions. The exercises are geared towards students and can be used for classroom assignments as well as for self study in preparation for exams. Instructors can use the exercises, sound samples and interactive maps to enhance their classroom presentations and to highlight important language features.

Australian Books and Authors in the American Marketplace 1840s-1940s David Carter, Roger Osborne, 2018-07-02. Australian Books and Authors in the American Marketplace 1840s-1940s explores how Australian writers and their works were present in the United States before the mid twentieth century to a much greater degree than previously acknowledged. Drawing on fresh archival research and combining the approaches of literary criticism, print culture studies and book history, David Carter and Roger Osborne demonstrate that Australian writing was transnational long before the contemporary period. In mapping Australian literature's connections to British and US markets, their research challenges established understandings of national, imperial and world literatures. Carter and Osborne examine how Australian authors, editors and publishers engaged productively with their American counterparts and how American readers and reviewers responded to Australian works. They consider the role played by British publishers and agents in taking Australian writing to America and how the international circulation of new literary genres created new opportunities.

for novelists to move between markets Some of these writers such as Christina Stead and Patrick White remain household names others who once enjoyed international fame such as Dale Collins and Alice Grant Rosman have been largely forgotten The story of their books in America reveals how culture commerce and copyright law interacted to create both opportunities and obstacles for Australian writers

Australia's Jindyworobak Composers David Symons, 2020-11-29 Australia's Jindyworobak Composers examines the music of a historically and artistically significant group of Australian composers active during the later post colonial period 1930s c 1960 These composers sought to establish a uniquely Australian identity through the evocation of the country's landscape and environment including notably the use of Aboriginal elements or imagery in their music texts dramatic scenarios or programmes Nevertheless it must be observed that this word was originally adopted as a manifesto for an Australian literary movement and was for the most part only retrospectively applied by commentators rather than the composers themselves to art music that was seen to share similar aesthetic aims Chapter One demonstrates to what extent a meaningful relationship may or may not be discernible between the artistic tenets of Jindyworobak writers and apparently likeminded composers In doing so it establishes the context for a full exploration of the music of Australian composers to whom Jindyworobak has come to be popularly applied The following chapters explore the music of composers writing within the Jindyworobak period itself and finally the later twentieth century afterlife of Jindyworobakism This will be of particular interest to scholars and researchers of Ethnomusicology Australian Music and Music History
