## **Serene Compassion A Christian Appreciation Of Buddhist Holiness:**

*Serene Compassion* Denise Lardner Carmody, John Carmody, 1996 Buddhism is deeply attractive in the West Its ideals of serenity and compassion seem to supply a dimension of personal spirituality that many Westerners don't find in their own traditions In this book John and Denise Carmody provide an accessible overview and evaluation of Buddhist thought and practice from a Christian point of view

**Serene Compassion** Denise Lardner Carmody, the late John Tully Carmody, 1996-04-04 Buddhism is deeply attractive to many in the West Its ideals of serenity and compassion seem to supply a dimension of personal spirituality that they don't find in their own traditions For those raised in the Christian Church Buddhism can appear to exemplify the best in their own religion qualities such as peacefulness simplicity and reverence for life while dispensing with rigid doctrines and legalistic morality Indeed the number of Christian converts to Buddhism especially in the United States has grown exponentially over the years At the same time Buddhists and Christians recognizing the affinities of the two faiths have increasingly sought to advance an inter religious dialogue In *Serene Compassion* John and Denise Carmody provide an accessible overview and evaluation of Buddhist thought and practice from a Christian point of view They find that Buddhism is in many ways an ideal complement and companion to Christianity To show why the Carmody's focus on Buddhist ideas about holiness comprising such virtues as purity devotion orderliness compassion and wholeheartedness and reveal how they compare to similar values in traditional Christianity They emphasize the kinship between seekers of holiness in both traditions and offer a nuanced and sympathetic portrait of meditative practices that bring attention and imagination into the service of spiritual life At the same time however they are frank about matters of doctrinal disagreement making it clear that some aspects of Buddhist thought are not compatible with a Christian world view Moving well beyond a simple exposition of Buddhist notions or a comparison of Christian with Buddhist practice *Serene Compassion* concludes that Buddhists and Christians share a basic humanity and that Buddhism's success at the task of nourishing this humanity has much to teach all Christians Informative and insightful it will appeal to readers approaching the dialogue from either side and to all engaged in the spiritual quest

*Fragrant Rivers of Wisdom* A. Christian van Gorder, 2021-12-09 Buddhism and Christianity are ancient rich and multivalent wisdom spirituality traditions that often have insightful similarities as well as distinct perspectives from entirely different starting points *Fragrant Rivers of Wisdom* explores some of these paths and encourages readers to gain as far as is possible a participant's appreciation of another faith This book aims to help readers celebrate and enjoy the rich wisdom legacies of a teacher revealing a pure lotus blossoming from mud and the legacies of a peasant Jewish carpenter from Galilee revealing love on a cross Both teachers share the power of love the joys of healing encouragement and the creative resources of spirit filled living Their ancient words and their modern communities still following these paths are dynamically relevant for our modern context of confusion and challenge

**Syncretism: Creativity and Consciousness in the Tang Dynasty** Dale A. Johnson, **Church, Liberation**

**and World Religions** Mario I. Aguilar, 2012-11-02 This work proposes a theological investigation of the community of the Church as outlined by liberation theology and a possible conversation with liberation from suffering in Tibetan Buddhism What unites both is the human process of sublimation for others whereby liberation theologians as well as enlightened lamas give the best of themselves for the liberation of others At this stage of discussions between inclusivists and exclusivists this work proposes that dialogue with world religions and therefore with Buddhism is not about finding possible dogmatic similarities but a common place a common purpose through a common humanity

*Spirituality* Kees Waaijman, 2002 This textbook is a systematic guide to the extensive field of spirituality Kees Waaijman charts the multiform phenomenon of spirituality the spirituality of ordinary people the great spiritual traditions and the force of counter movements From the foundation of this survey he answers questions like What exactly is spirituality What forms can a scholarly approach take Finally the book provides methodic access to the study of spirituality focusing on the following questions Which are the different forms of spirituality and how can we describe them How can spiritual texts be given a reliable reading Which themes can be distinguished in the field of spirituality and what would be a meaningful way to address them What do we mean by spiritual guidance and what can we learn from it This textbook has no equal It is indispensable to scholars wishing to study the subject but also to others who want to learn about spirituality

*The Middle Way*, 1996 **New Scholars, New Ideas**, 2000 **Religion as a Source of Violence** Wim Beuken, Karl-Josef Kuschel, 1997 **AAR/SBL Annual Meeting Program** American Academy of Religion. Meeting, 1996 **Agape Love** Sir John Templeton, 2008-01-01 The tradition of agape or unconditional love is not exclusive to any religion It is a primary underlying principle found in religions worldwide The concept of altruistic love challenges the spiritual person to love your enemies or to love without thought of return It is a love that flows out to others through compassion kindness tenderness and charitable giving Buddhists have a path of compassion where caring for others becomes the motivating force behind existence Hindus have a branch of yoga the heart centered path that leads to enlightenment through an overwhelming love for God that takes the form of loving all humanity Eastern religions such as Taoism and Confucianism see transcendent love as essential to true wisdom Love is a universal theme of love found in all religious traditions Buddhist Christian Islam or others As we realize that all religions have this spiritual principle of love at their core we can develop a sense of shared humanity The religious tradition of agape love examined in this book will inspire those who are learning to grow in compassion and love for all people
