## **Serial Murderers Their Victims 4th:**

*Serial Murderers and Their Victims* Eric W. Hickey, 2006 The author examines the lives of over 400 serial murderers analyzing the cultural historical and religious factors that influence our myths and stereotypes of these individuals He then describes the biological psychological and sociological reasons for serial murder offering his own Trauma Control model for explaining serial murder behaviour This new edition includes new case profiles of Canada's two most prolific serial killers Robert Willy Picton and Clifford Olsen

Serial and Mass Murder Elizabeth A. Gurian, 2021-09-30 This book reframes the study of multicide that is serial and mass murder to use objective measures and aims to expand our understanding of multicide offending through descriptive and inferential statistical analyses of different homicide patterns of the offenders Criminal homicide and multiple murders are rare occurrences that typically account for a very small percentage of all violent crimes in most countries Despite this low occurrence homicide continues to be an area of intense study with a focus on subjective measures and classifications The research and analysis based on a database of over 1 300 cases contributes to the criminological study of violence and draws distinctions between the types of offenders partnered and solo serial and mass male and female etc from a range of different countries and across decades Traditionally studies of homicide focus on male offenders and theories of offending are then applied to females and co offenders The research presented in this book reveals that women and partnered offenders have very different homicide patterns from men Looking at the history of multicide offending this book uses descriptive and inferential statistical analyses to directly compare differences in offending and outcome patterns across multicide offender types This exploration of the multidimensionality of homicide at an international level is useful for scholars and students interested in criminal justice criminology psychology sociology or law

**The Road to Murder** Adam Lynes, 2017-05-08 Why do serial killers gravitate towards certain kinds of occupation Why do they pursue certain types of victim How do they leave the radar and remain hidden Through his wide knowledge of the topic honed at one of Britain's leading centres for criminological studies Adam Lynes demonstrates how theory practice profiling and behaviour intertwine to identify the kind of people we should fear and especially if we are

vulnerable to predators The book also looks at those personality types most likely to become serial killers whilst hiding in plain sight From Britain s serial killing studies centre of excellence Looks in depth at eight of Britain s serial killer drivers dealing with some of the most notorious crimes of modern times A fresh and uniquely interesting perspective Demonstrates the links between mobility transience recognisance predatory behaviour and acting out murderous fantasies From the text It is apparent that driving as a form of occupational choice is a popular form of employment for British serial murderers In an effort to determine why this may be the case studies of eight British serial murderers in the book demonstrate just how such an occupation can impact upon these offenders criminal behaviour These findings may prove to be of benefit to scholars of serial murder and to those who attempt to apprehend them
