Schouten,2008 People in India form images of Jesus Christ that link up with their own culture Hindus have given Jesus a place among the teachers and gods of their own religion seeing in his life something of the wisdom and mysticism that is so central to Hinduism Christians in India also make use of the concepts provided by Hinduism when they wish to express the meaning of Christ Thus in any case Jesus is for Hindus and Christians a guru a teacher of wisdom who speaks with divine authority But for many Hindu philosophers and Christian theologians there is much more that can be said about him within the Indian framework He can be described as an avatara a divine descent or linked to the Brahman the all encompassing Reality This study looks at both Hindu and Christian views of Christ starting with that of the Hindu reformer Rammohan Roy at the beginning of the nineteenth century as well as those of the first Christian theologians of India The views of Mahatma Gandhi and the monks of the Ramakrishna Mission are discussed and those of influential Christian schools such as the Ashram movement and dalit theology Five intermezzos indicate how artists in India portray Jesus Christ

American Jesus Stephen Prothero,2004-09-18 A Deep Dive into America s Complex Relationship with Jesus There s no denying America s rich religious background belief is woven into daily life But as Stephen Prothero argues in American Jesus many of the most interesting appraisals of Jesus have emerged outside the churches in music film and popular culture and among Jews Muslims Buddhists and people of no religion at all Delve into this compelling chronicle as it explores how Jesus the carpenter from Nazareth has been refashioned into distinctly American identities over the centuries From his enlistment as a beacon of hope for abolitionists to his appropriation as a figurehead for Klansmen the image of Jesus has been as mercurial as it is influential In this diverse and conflicted scene American Jesus stands as a testament to the peculiar fusion of the temporal and divine in contemporary America Equal parts enlightening and entertaining American Jesus goes beyond being simply a work of history It s an intricate mirror reflecting the American spirit while questioning the nation s socio cultural fabric

Hinduism in America Jeffery D. Long,2020-08-06 Read the story of two worlds that converge one of Hindu immigrants to America who want to preserve their traditions and pass them on to their children in a new and foreign land and one of American spiritual seekers who find that the traditions of India fulfil their most deeply held aspirations Learn about the theoretical approaches to Hinduism in America the question of orientalism and the invention of Hinduism Read about how concepts like karma rebirth meditation and yoga have infiltrated and influenced the American consciousness Hindu temples in the United States and Canada how Hinduism has influenced vegetarianism the emergence of an increasingly assertive socially and politically active American Hinduism The book contains 30 images chapter summaries a glossary study questions and suggestions for further reading

[American Veda](#) Philip Goldberg,2013-05-14 A fascinating look at India s remarkable impact on Western culture this eye opening popular history shows how the ancient philosophy of Vedanta and the mind body methods of Yoga have profoundly affected the worldview of millions of Americans and radically altered the religious landscape What exploded in the 1960s following the Beatles trip to India for an extended stay with their new guru Maharishi

Mahesh Yogi actually began more than two hundred years earlier when the United States started importing knowledge as well as tangy spices and colorful fabrics from Asia. The first translations of Hindu texts found their way into the libraries of John Adams and Ralph Waldo Emerson. From there the ideas spread to Henry David Thoreau, Walt Whitman, and succeeding generations of receptive Americans who absorbed India's science of consciousness and wove it into the fabric of their lives. Charismatic teachers like Swami Vivekananda and Paramahansa Yogananda came west in waves, prompting leading intellectuals, artists, and scientists such as Aldous Huxley, Joseph Campbell, Allen Ginsberg, J.D. Salinger, John Coltrane, Dean Ornish, and Richard Alpert (aka Ram Dass) to adapt and disseminate what they learned from them. The impact has been enormous, enlarging our current understanding of the mind and body and dramatically changing how we view ourselves and our place in the cosmos. Goldberg paints a compelling picture of this remarkable East-to-West transmission, showing how it accelerated through the decades and eventually moved from the counterculture into our laboratories, libraries, and living rooms. Now physicians and therapists routinely recommend meditation; words like karma and mantra are part of our everyday vocabulary, and Yoga studios are as ubiquitous as Starbucks. The insights of India's sages permeate so much of what we think, believe, and do that they have redefined the meaning of life for millions of Americans and continue to do so every day.

Rich in detail and expansive in scope, *American Veda* shows how we have come to accept and live by the central teaching of Vedic wisdom: Truth is one; the wise call it by many names. [Historical Dictionary of Hinduism](#) Jeffery D. Long, 2020-03-30

Reiki Yoga Meditation and Yagyas presents a case for practicing these ancient disciplines. While many people are meditating, some have had difficulties with meditation because they were not doing Hatha Yoga. It is essential to do yoga meditation to obtain the best results. Reiki is useful as an added adjunct to keep the body healthy and also open the inner channels, often called the meridians or nadis. Yagyas are the third aspect of the yoga meditation triangle. The purpose of yagyas is to strengthen one's spiritual connection to the Higher Power; however, yagyas affect all areas of an individual: the body, mind, and spirit. These Hindu ceremonies can reduce problems even if you've had them for decades. This book provides practical tips about these disciplines and how they can help anyone achieve higher states of consciousness. Enlightenment in one lifetime. *Religions and Nonviolence* Rachel M.
