Sermons You Can Preach On Matthew:

Sermons You Can Preach on Matthew W. Herschel Ford, 1985-05-01 *Preaching Matthew's Gospel* Richard A. Jensen, 1998 Jensen's research and insights provide a stimulating resource on Matthew's Gospel. Jensen provides Homiletical Directions at the end of each chapter that will help the preacher find a focus and locate themes for preaching the text. Jensen points to the ways in which the biblical writers lock their stories together with other stories in order to give fuller meaning to their narratives. He covers material that is not included in the assigned lectionary texts and discusses the inter-relatedness of Matthew's stories. These narrative analogies imply that preaching on Matthew's Gospel may at times be a retelling of two or more Matthean stories. This is the third installment in Jensen's series which also includes *Preaching Mark's Gospel* and *Preaching Luke's Gospel*. Richard A. Jensen is the Axel Jacob and Gerda Maria Swanson Carlson Professor of Homiletics at the Lutheran School of Theology at Chicago. He is also Dean of the Doctor of Ministry in Preaching program of the Association of Chicago Theological Schools. He is well known throughout the country as the preacher for eleven years on the radio program *Lutheran Vespers* sponsored by the ELCA. Jensen has served as professor at Mekane Yesus Seminary in Addis Ababa, Ethiopia; Dana College in Blair, Nebraska; Wartburg Theological Seminary in Dubuque, Iowa; and Luther Seminary in St. Paul, Minnesota. He is the author of nine books and numerous published articles. *Preacher's Outline & Sermon Bible-KJV-Matthew 1* Leadership Ministries Worldwide, 2017-04-24 This volume covers chapters 1-16 of Matthew. Walking with Jesus Al Hill, 2018-05-11 Walking with Jesus is a collection of 32 sermons from the Gospel of Matthew All the sermons in this book are based at least in part on texts from the first Gospel though not all the sermons I preached from Matthew are in this book The sequence of the sermons here follow the order of the biblical texts The sermons were preached in Navy chapels and civilian churches over a period of many years as internal references to events of the times will suggest Though all were written in full they were written to be heard in public rather than read in private The publication of this book and its colleagues is an effort at Christian stewardship Like most preachers I spent thousands of hours over a number of decades researching and preparing sermons What came out of that effort may still be of value to others who are even now proclaiming the good news of our faith I hope you will find something to inspire inform or perhaps intrigue you as the work of so many others did me as I worked to put sermons together for God's people in my care The full biblical text for each sermon has been provided in the book either before or within the sermon as a convenience to you The different versions of the Bible used in the book reflect the particular preferences of the various congregations I served The footnotes you will find throughout are a later addition for your benefit When actually quoting scripture I have included the version used When I paraphrased which I seemed to have done a good deal of or merely alluded to a passage no version is provided in the footnote I have also given scriptural citations for ideas or assertions in the sermons that are based on biblical authority Several sermons are based on the same passage This is to be expected when one has followed the Revised Common Lectionary for many though not all years in the preaching process I have provided indices at the end that should help the Bible student navigate the book more comfortably and profitably I have appreciated such helps when they existed in the books of sermons I have consulted over the years I hope they will be of benefit to you And I hope and pray that something in these pages will make the time you spend here a blessing to you and will enhance your ability to walk with Jesus

Brown,2003-02 Transformational Preaching Theory and practice is a comprehensive textbook for the beginning student of preaching the graduate student in pulpit discourse or the seasoned preacher Seeking to reclaim the pulpit for biblical preaching the book counteracts the popular teaching approach that is common today and argues that

preaching must be persuasive rather than informative that the preacher is central to the act of preaching and that through the preaching event both preacher and listener together fashion the message and its meaning Both theoretical and highly practical the book offers a challenging look at all aspects of the preaching ministry It contextualizes preaching in pastoral ministry and congregational worship but most significantly argues that the practice of preaching must be informed and driven by theory As such the book draws from a wide perspective of disciplines including biblical theology classical rhetoric contemporary human communication public discourse persuasion linguistics performance and orality The book s wealth of practical guidelines for every step of sermon development encourages students to apply general principles within their own contexts of ministry
