Servant And Son Jesus In Parable And Gospel:

Servant and Son J. Ramsey Michaels, 2017-04-25 First published in 1981 *Servant and Son* attempts to look simultaneously at Jesus as the subject of our four canonical Gospels and as a figure at times the main figure in his own parables The parables are understood not as fictions he created but as stories his Father told him revelations received from God in his capacity as a prophet From these parables he emerges as servant of God Son of God and much more anticipating in a variety of ways the Jesus of the four Gospels Interpreting the Parables Craig L. Blomberg, 2012-07-03 Craig Blomberg surveys the contemporary critical approaches to the parables including those that have emerged in the twenty years since the first edition This widely used text has taken a minority perspective and made it mainstream with Blomberg ably defending a limited allegorical approach and offering brief interpretations of all the major parables **Between Faith and Criticism** Mark A. Noll, 2004 Historian Mark Noll traces evangelicalism from its nineteenth century roots He applies lessons learned in the milieu of Great Britain and North America to answer the question Have evangelicals grown to mature confidence in their views of God and Scripture so they may stand alone if they must between faith and higher critical skepticism This is nuts and bolts history at its best Douglas Jacobsen *Fides et Historia* This is not only an outstanding study of evangelical biblical scholarship it is the best survey of the twentieth century evangelical thought that we have George Marsden This book will be of immense value to all who want to know what the background to current evangelical biblical scholarship is and who want to explore the likely developments in the future Gerald Bray *The Churchman* Noll has enriched our knowledge of this history through his mastery of its substance and has come to grips with its findings Todd Nichol *Word and World* Mark A. Noll the McManis Professor of Christian Thought and professor of church history at Wheaton College has written more than ten books including *Religion Faith and American Politics* and *Christian Faith and Practice in the Modern World* He edited *Confessions and Catechisms of the Reformation* His PhD degree is from Vanderbilt University *The Gospel in Parable* John R. Donahue, 1988-01-01 Professor Donahue here argues that the parables of Jesus offer a Gospel in miniature while at the same time giving shape direction and meaning to the Gospels in which they appear To study the parables of the Gospels is to study the gospel in parable After surveying recent discussions of parable metaphor and narrative Donahue examines and interprets the parables of Mark Matthew and Luke as texts in the context of the theology of each of these Gospels Finally he outlines what *The Gospel in Parable* looks like and offers suggestions for the proclamation of parables today **Hermeneutics and Early Christian Gospels** Todd Brewer, 2025-03-17 *The Parables* Dan O. Via, 2007-01-01 Via's book signals a major shift in the study of parables Via's theory of the parables what they are and how they work is different from every theory that preceded him and his reviewers noted the uniqueness of his approach Charles W. Hedrick author of *Many Things in Parables Jesus and His Modern Critics* Beginning in the 1960s scholarship on the parables became an American enterprise and has remained such Robert Funk and Dan Via independently of each other

instigated a new approach to the parables that was as revolutionary as Julicher's rejection of allegory Bernard Brandon Scott author of *Re Imagine the World An Introduction to the Parables of Jesus* Via's integration of a literary dimension into some sophisticated theological interpretation represents one of the more significant theoretical advances in recent biblical interpretation Robert Morgan author with John Barton of *Biblical Interpretation* The main purpose of this book is to interpret the parables in dialogue with aesthetic and non biblical literary critical thought and by means of an existentialist hermeneutic Its excitement and this is an exciting book comes from the fact that the author brings to his task qualifications that are rare among interpreters of the parables Moreover these qualifications are probably attainable only in an academic theological situation which is peculiarly American and this book may therefore represent a wholly new and characteristically American kind of biblical scholarship Norman Perrin author of *Parable and Gospel* The relation of this book to the demythologizing program and to the new quest of the historical Jesus will be obvious and granting its presuppositions it is a distinguished contribution to both It is executed with wide learning in the fields of biblical scholarship aesthetic literary criticism and existentialist hermeneutics Reginald H Fuller author with Daniel Westberg of *Preaching the Lectionary The Word of God for the Church Today* **Workbook for Lectors, Gospel Readers, and Proclaimers of the Word® 2017 USA** Marielle Frigge, OSB, PHD ,Elaine Park, SSL, STD ,Douglas Leal, Workbook provides this year's Scripture readings for Sundays and holy days in large print for practice along with commentaries advice for proclamation pronunciation aids and also the Responsorial Psalm for meditation and context A great resource for ongoing formation when studied each week

Four Other Gospels John Dominic Crossan,2008-03-01 The four canonical gospels are long set in established sequence as Matthew Mark Luke and John This book is about four other gospels the Gospel of Thomas the Secret Gospel of Mark the Gospel of Peter and Egerton Papyrus 2 These four other gospels have generally been regarded as mere digests or collages of the canonical gospels whereas in fact as Professor Crossan persuasively shows the four others hold within their mutilated fragments independent or earlier traditions than those tradition has canonized *Four Other Gospels* proposes a spectrum of relations between the canonical gospels and these others This spectrum ranges from the Gospel of Thomas which is a parallel and independent tradition to Egerton Papyrus 2 on which both John and Mark are dependent to the Secret Gospel of Mark on which Mark directly and John indirectly are dependent and on to the Gospel of Peter which contains an original Passion Resurrection source used by all four of the canonical gospels but which submitted to their eventual ascendancy by attempting a harmonization between it and them and placed the new complex under the authority and authorship of Simon Peter *Four Other Gospels* does not propose a new or alternative canon The canon is a fact both of history and of theology But the thesis of this book is that anyone who takes the four other gospels seriously and thoughtfully will never again be able to read the four canonical gospels in quite the same way A new light has been shed *Mark's Gospel: An Actological Reading* Malcolm Torrey,2022-05-19 This might look like an ordinary commentary on Mark's Gospel but it isn't one It understands

reality as Action actions change diversity movement and the dynamic rather than as Being beings the unchanging the unitary rest and the static and it reads Mark's Gospel in the light of that distinctive understanding of reality It is all about action change and diversity and it understands God Jesus and ourselves as action change and diversity The initial chapter introduces the action based understanding of reality as action in changing patterns an actology rather than an ontology Then follows a section by section close study of the Gospel The result is a unique and somewhat unexpected reading of the text and a distinctive theology to match Parable and Story in Judaism and Christianity Clemens Thoma, Michael Wyschogrod, 1989 A scholarly study of the parables and stories in biblical tradition to help discover the common heritage of Christians and Jews
