Committee on Commerce,1961      **Journal of Special Operations Medicine** ,2010      **Special Operations Success** James D. Kiras,2024-10-24 Special Operations Success establishes a new benchmark in military theory in this deeply analytic and innovative work It answers several pressing questions How successful have American special operations been over the past quarter century Are special forces fated to cycles of expansion and misuse Will special forces invariably exceed the authorities granted to them because of they are Is a general theory of special operations feasible given the range of activities and conditions that fall under the category Kiras work is based on two decades of practical teaching and consulting experience within different special operations communities and its analysis and conclusions are designed to inform practitioners policymakers educators and the general public The book develops a framework in the form of a theory comprising capabilities and control for the comprehensively evaluating special operations success and is divided into three parts Part I lays the foundation for a general theory of special operations Part II explores the two component parts of theory capabilities and control and Part III uses various aspects of the theory depending on available information to assess the success of special operations over a twenty year period in the United Kingdom South Africa and the United States      **Federal Court Reports Consolidated Index (1971-1984)** ,1986      **A Collection of the Works of ... States Shocked by the Wall Street Crash of 1929 disheartened by the decline of Yiddish culture in the West and inspired by Soviet promises to create a Jewish republic Bergelson became a Communist sympathiser and moved towards socialist realism. Returning to the Soviet Union after Hitler's rise to power, Bergelson flourished in a state-sponsored cultural environment in which his work was widely read both in Yiddish and in Russian translation. After Hitler's invasion of the Soviet Union in 1941, Bergelson became a prominent member of the Jewish Anti-Fascist Committee, writing extensively about the Holocaust. In the paranoia of the Cold War years, the Stalinist regime accused him of anti-Soviet activities, and after a secret military trial, he was executed on 12 August 1952, his 68th birthday. For years, critics have argued that Bergelson produced his best work before the Revolution and afterwards largely wrote Communist propaganda. David Bergelson: From Modernism to Socialist Realism challenges this view by examining Bergelson's entire oeuvre. The book argues that Bergelson continually reinvented himself as a writer experimenting with style and narrative technique even under the most severe restrictions of Party dogma. With contributions from an international team of Bergelson experts, the volume offers a full-length biography, the first complete bibliography of Bergelson's work, translations of two of his most influential programmatic articles, and a range of essays dealing with all periods of the writer's life.

*The Historical Destiny of the Kashmir Insurgency* Peer Gias-Ud-Din, 1997. The book covers all important events during ongoing militancy in Kashmir till 1996. It is a critical examination of Kashmir's socio-cultural and political heritage, its distortion in the present phases of turmoil, and an attempt to enable the Kashmiri people to cast off the chilly grip of dead past. It will embolden them to face the ugly realities of living present and look forward to a better, brighter, peaceful and pleasant future. The book is a vital contribution in respect of the need for re-defining and restructuring the constitutional relationship between Kashmir and the centre within the constitutional framework of India.
