War Tourism Bertram M. Gordon,2018-11-15 As German troops entered Paris following their victory in June 1940 the American journalist William L Shirer observed that they

carried cameras and behaved as naïve tourists. One of the first things Hitler did after his victory was to tour occupied Paris where he was famously photographed in front of the Eiffel Tower. Focusing on tourism by German personnel military and civil and French civilians during the war as well as war related memory tourism since War Tourism addresses the fundamental linkages between the two. As Bertram M. Gordon shows, Germans toured occupied France by the thousands in groups organized by their army and guided by suggestions in magazines such as *Der Deutsche Wegleiter für Paris*. The German Guide for Paris. Despite the hardships imposed by war and occupation, many French civilians continued to take holidays. Facilitated by the Popular Front legislation of 1936, this solidified the practice of workers' vacations, leading to a postwar surge in tourism. After the end of the war, the phenomenon of memory tourism transformed sites such as the Maginot Line fortresses. The influx of tourists with links either directly or indirectly to the war took hold and continues to play a significant economic role in Normandy and elsewhere. As France moved from wartime to a postwar era of reconciliation and European Union, memory tourism has held strong and exerts significant influence across the country.

Rick Steves Europe Through the Back Door Rick Steves, 2022-03-08. You can count on Rick Steves to tell you what you really need to know when traveling through Europe. With *Rick Steves Europe Through the Back Door*, you'll learn how to plan your itinerary and maximize your time. Pack light and right. Find good value hotels and restaurants. Travel smoothly by train, bus, car, and plane. Avoid crowds and tourist scams. Hurdle the language barrier. Understand cultural differences and connect with locals. Save money while enjoying the trip of a lifetime. Travel safely and hygienically in the wake of Covid-19. After 40 years of exploring Europe, Rick considers this travel skills handbook his life's work, and with his expert introductions to the top destinations in Europe, choosing your next trip will be easy and stress-free. Using the travel skills in this book, you'll experience the culture like a local, spend less money, and have more fun.

Rick Steves Europe Through the Back Door 2017 Rick Steves, 2016-09-20. You can count on Rick Steves to tell you what you really need to know when planning a Grand Tour of Europe. In this guide, Rick covers the best of Austria, Belgium, the Czech Republic, France, Germany, Great Britain, Italy, the Netherlands, Spain, and Switzerland. You'll find a healthy mix of big cities, small towns, and exciting regions including London, Paris, Rome, Amsterdam, Prague, and Barcelona. Rothenberg, Siena, Toledo, Hallstatt, and Gimmelwald. Provence, the French Riviera, the Romantic Road, the Berner Oberland, and the Cinque Terre. Rick's candid, humorous advice will guide you to good value hotels and restaurants. You'll learn how to find the right bus in Rome, an inexpensive car in Paris, and which museums and sights are worth your time and money. More than just reviews and directions, a Rick Steves guidebook is a tour guide in your pocket.

Frontiers of the European Union M. Anderson, E. Bort, 2001-03-30. Based on original research, this book is a unique attempt at a general assessment of EU frontiers. Internal frontiers are losing some of their key functions, but there are many responses to the new situation, as a case study of French frontiers abundantly illustrates. An examination of the EU external frontier shows that the EU is acquiring some state-like features, but the eastern frontier provides abundant evidence of the external frontier's

complexity The authors conclude that the increasing openness of national frontiers will continue but their effective abolition whether by European integration or through globalization is improbable

Art Information and the Internet Lois Swan Jones, 2013-12-16 In the first book of its kind art information expert Lois Swan Jones discusses how to locate visual and textual information on the Internet and how to evaluate and supplement that information with material from other formats print sources CD ROMS documentary videos and microfiche sets to produce excellent research results The book is divided into three sections Basic Information Formats Types of Websites and How to Find Them and How to Use Web Information Jones discusses the strengths and limitations of Websites scholarly and basic information resources are noted and search strategies for finding pertinent Websites are included Art Information and the Internet also discusses research methodology for studying art historical styles artists working in various media individual works of art and non Western cultures as well as art education writing about art problems of copyright and issues concerning the buying and selling of art This title will be periodically updated

Contemporary Poetics Louis Armand, 2007 Exploring the boundaries of one of the most contested fields of literary study a field that in fact shares territory with philology aesthetics cultural theory philosophy and even cybernetics this volume gathers a body of critical writings that taken together broadly delineate a possible poetics of the contemporary In these essays the most interesting and distinguished theorists in the field renegotiate the contours of what might constitute contemporary poetics ranging from the historical advent of concrete poetry to the current technopoetics of cyberspace Concerned with a poetics that extends beyond our own time as a mere marker of present day literary activity their work addresses the limits of a writing practice beginning with St phane Mallarm in the late nineteenth century that engages concretely with what it means to be contemporary Charles Bernstein s Swiftian satire of generative poetics and the textual apparatus together with Marjorie Perloff s critical historical treatment of writing after Bernstein and other proponents of language poetry provides an itinerary of contemporary poetics in terms of both theory and practice The other essays consider precursors recognizable figures within the histories or prehistories of contemporary poetics from Kafka and Joyce to Wallace Stevens and Kathy Acker conjunctions in which more strictly theoretical and poetical texts enact a concerted engagement with rhetoric prosody and the vicissitudes of intelligibility cursors which points to the open possibilities of invention from Augusto de Campos s concrete poetics to the codework of Alan Sondheim and transpositions defining the limits of poetic invention by way of technology

Library Journal , 1986 *Non-standard Collection Management* M. Pearce, 2018-11-09 First published in 1992 this volume recognises that it is not unusual when practising librarianship to come across small to medium collections within the library which because they are different from the main collection are outside the librarian s experience or are a new type of material not properly managed or exploited Therefore this volume contains chapters on a range of materials which are united by a certain rarity in the experience of most librarians It is aimed at those who need to know how to progress from scratch with a collection but not necessarily to take it into

complete specialization There is information about characteristics of each type of material as well as guidance for their management Lists of further reading are provided and a note of some important collections

Contemporary Marketing and Consumer Behaviour in Sustainable Tourism Maria Palazzo,Pantea Foroudi,2024-03-11 This book delves into contemporary trends in consumer behaviour and marketing strategies in the field of sustainable tourism It explores effective promotion methods for sustainable tourism development emphasizing the involvement of various stakeholders such as communities local residents visitors organizations and governments With an international perspective this interdisciplinary book specifically examines the human aspects of environmental change covering topics like smart growth heritage place identity place image and reputation technology and innovation life cycle thinking and circular economy waste management ecosystems and global change transitions to low carbon economy etc The book raises several original research questions about the essential nature of sustainable tourism in the post pandemic era aiming to fill knowledge gaps and drive transformative change Offering a blend of theoretical insights and practical case studies this book is valuable for students researchers and academics in business management marketing communication and tourism as well as for managers and decision makers

Eisenhower's Lieutenants: The Campaigns of France and Germany, 1944-1945 Russell F. Weigley,2019-07-31 Jointly published by Plunkett Lake Press and Indiana University Press This study of the American led campaign in Europe in World War II analyzes command decisions at both the strategic and tactical levels All the complex ingredients of armies at war the burdens of history the impact of technology the roles of personalities the confusions of the battlefield are presented based on extensive scholarship Field Marshal Montgomery and Ike s lieutenants Generals Omar N Bradley Jacob L Devers Courtney H Hodges George S Patton Jr Alexander M Patch William H Simpson Leonard T Gerow J Lawton Collins and Matthew B Ridgway and others appear in the book All major strategic and tactical decisions in the battles of the American offensive against Nazi Germany are covered with descriptions of key terrain features and many personal insights drawn from various diaries The book provides an assessment of the leadership and fighting capabilities of the Allied forces in the key European battles of World War II The publication of Eisenhower s Lieutenants is an event of significance in American military writing admirable clearly the product of exhaustive painstaking research Drew Middleton The New York Times Eisenhower s Lieutenants is an outstanding and highly recommended work It offers the wealth of information superb research and presentation comprehensive treatment and challenging reinterpretation one has come to expect from Weigley It also points out once again that his reputation as one of our outstanding military historians is well deserved Mark A Stoler Journal of American History outstanding book highly professional study of command and operations in northwest Europe 1944 45 the best account we have of the World War II campaigns from Normandy to the Elbe Forrest C Pogue American Historical Review The fullest account yet of the climactic campaign in northwestern Europe from the planning of D Day through the German surrender with an interesting focus on the personalities involved in shaping the Allied forces plans and

operations precisely informative and broadly rewarding Kirkus Reviews an excellent book Calvin B Peters Journal of Political and Military Sociology by the dean of American military historians Washington Post I had thought I knew everything about World War II that I would ever want to know I was wrong Reading Eisenhower s Lieutenants was a wonderfully enriching experience I learned more than I ever would have thought possible This will unquestionably become one of the great classics of American military history Stephen E Ambrose
