Semeia 22 Studies In Ancient Letter Writ:

Paul and the Ancient Letter Form Stanley E. Porter, Sean A. Adams, 2010 Throughout the last century there has been continuous study of Paul as a writer of letters Although this fact was acknowledged by previous generations of scholars it was during the twentieth century that the study of ancient letter writing practices came to the fore and began to be applied to the study of the letters of the New Testament This volume seeks to advance the discussion of Paul s relationship to Greek epistolary traditions by evaluating the nature of ancient letters as well as the individual letter components These features are evaluated alongside Paul s letters to better understand Paul s use and adaptations of these traditions in order to meet his communicative needs

Letter Writing as a Social Practice David Barton, Nigel Hall, 2000 This book explores the social significance of letter writing Letter writing is one of the most pervasive literate activities in human societies crossing formal and informal contexts Letters are a common text type appearing in a wide variety of forms in most domains of life More broadly the importance of letter writing can be seen in that the phenomenon has been widespread historically being one of earliest forms of writing and a wide range of contemporary genres have their roots in letters The writing of a letter is embedded in a particular social situation and like all other types of literacy objects and events the activity gains its meaning and significance from being situated in cultural beliefs values and practices This book brings together anthropologists historians educators and other social scientists providing a range of case studies that explore aspects of the socially situated nature of letter writing

Ancient Letters and the New Testament Hans-Josef Klauck, Daniel P. Bailey, 2006 This volume places the New Testament letters squarely in the middle of all the important letter corpora of antiquity Chapters cover the basic letter formula papyrus and postal delivery non literary and diplomatic correspondence Greek and Latin literary letters epistolary theory letters in early Judaism and all the letters of the New Testament Part I of each chapter surveys each corpus followed by detailed exegetical examples in Part II Comprehensive bibliographies and 54 exercises with answers suit this guide to student and scholar alike Publisher s website

Material Aspects of Letter Writing in the Graeco-Roman World Antonia Sarri, 2017-11-20 Letter writing was widespread in the Graeco Roman world as indicated by the large number of surviving letters and their extensive coverage of all social categories Despite a large amount of work that has been done on the topic of ancient epistolography material and formatting conventions have remained underexplored mainly due to the difficulty of accessing images of letters in the past Thanks to the increasing availability of digital images and the appearance of more detailed and sophisticated editions we are now in a position to study such aspects This book examines the development of letter writing conventions from the archaic to Roman times and is based on a wide corpus of letters that survive on their original material substrates The bulk of the material is from Egypt but the study takes account of comparative evidence from other regions of the Graeco Roman world Through analysis of developments in the use of letters variations in formatting conventions layout and authentication patterns according to the sociocultural background and

communicational needs of writers this book sheds light on changing trends in epistolary practice in Graeco Roman society over a period of roughly eight hundred years This book will appeal to scholars of Epistolography Papyrology Palaeography Classics Cultural History of the Graeco Roman World *Letter-writing Manuals and Instruction from Antiquity to the Present* Carol Poster,Linda C. Mitchell,2007 Once nearly as ubiquitous as dictionaries and cookbooks are today letter writing manuals and their predecessors served to instruct individuals not only on the art of letter composition but also in effect on personal conduct Poster and Mitchell contend that the study of letter writing theory which bridges rhetorical theory and grammatical studies represents an emerging discipline in need of definition In this volume they gather the contributions of eleven experts to sketch the contours of epistolary theory and collect the historic and bibliographic materials from Isocrates to email that form the basis for its study *Eerdmans Commentary on the Bible: Judges and Ruth* P. Reading 1 Corinthians in the Twenty-First Century Cornelia Cyss Crocker, 2004-04-23 Cornelia Cyss Wittenstein uses the insights of hermeneutics and other critical methods to offer a new reading of 1 Corinthians *Philippians* Paul A. Holloway, 2017-11-01 Paul's letter to the Philippians offers treasures to the reader and historical and theological puzzles as well Paul A Holloway treats the letter as a literary unity and a letter of consolation according to Greek and Roman understandings of that genre written probably in Rome and thus the latest of Paul's letters to come down to us Adapting the methodology of what he calls a new history of religions perspective Holloway attends carefully to the religious topoi of Philippians especially the metamorphic myth in chapter 2 and draws significant conclusions about Paul's personalism and mysticism With succinct and judicious treatments of pertinent exegetical and theological issues throughout Holloway draws richly on Jewish Greek and Roman comparative material to present a complex understanding of the apostle as a Hellenized and Romanized Jew

Jesus and the Manuscripts Craig A. Evans, 2021-10-05 Jesus and the Manuscripts by popular author and Bible scholar Craig A Evans introduces readers to the diversity and complexity of the ancient literature that records the words and deeds of Jesus This diverse literature includes the familiar Gospels of the New Testament the much less familiar literature of the Rabbis and of the Qur'an and the extracanonical narratives and brief snippets of material found in fragments and inscriptions This book critically analyzes important texts and quotations in their original languages and engages the current scholarly discussion Evans argues that the Gospel of Thomas is not early or independent of the New Testament Gospels but that it should be dated to the late second century He also argues that Secret Mark like the recently published Gospel of Jesus Wife is probably a modern forgery Of special interest is the question of how long the autographs of New Testament writings remained in circulation Evans argues that the evidence suggests that most of these autographs remained available for copying and study for more than one hundred years and thus stabilized the text Key points and features Written by popular author and Bible scholar Craig A Evans Includes 20 pages of high quality color photos Walks readers through the various works of ancient literature both biblical and non biblical that mention Jesus Critically analyzes important texts and quotations in their original languages and engages the current scholarly discussion

Performances of Ancient Jewish Letters Marvin Lloyd Miller,2015-09-16 This ambitious and engaging book sets itself the task of combining a wide range of approaches to cast new light on the form and function of several ancient Jewish letters in a variety of languages The focus of The Performance of Ancient Jewish Letters is on applying a new emerging field of performance theory to texts and arguing that letters and other documents were not just read in silence as is normal today but

were performed especially when they were addressed to a community A distinctive feature of this book consists of being one of the first to apply the approach of performance criticism to ancient Jewish letters Previous treatments of ancient letters have not given enough consideration to their oral context however this book prompts the reader to listen sympathetically with the audience The Performance focuses close attention on the ways in which the engagement of the audience during the performance of a text might be read from traces present in the text itself This book invites the audience to hear a fresh reading of a family letter from Hermopolis concerning ugly tunics and castor oil festal letters about issues surrounding the celebration of Passover Purim and Hanukkah a diaspora letter on how to live in a foreign land and also an official letter concerning the building of the Jerusalem temple These letters will help us understand a text from the Dead Sea Scrolls namely MMT Marvin L Miller argues for the centrality of performance in the life of Jews of the Second Temple period an area of study that has been traditionally neglected The Performance advances the fields of orality and epistolography and supplements other scholars works in those fields
