Sense Of Humor

Mark A. Runco, Steven R. Pritzker

Sense Of Humor:

The Sense of Humor Willibald Ruch, 2007 This volume brings together the current approaches to the definition and measurement of the sense of humor and its components It provides both an overview of historic approaches and a compendium of current humor inventories and humor traits that have been studied Presenting the only available overview and analysis of this significant facet of human behavior this volume will interest researchers from the fields of humor and personality studies as well as those interested in the clinical or abstract implications of the subject

The Senses of Humor Daniel Wickberg, 2015-01-26 Why do modern Americans believe in something called a sense of humor and how did they come to that belief Daniel Wickberg traces the relatively short cultural history of the concept to its British origins as a way to explore new conceptions of the self and social order in modern America More than simply the history of an idea Wickberg's study provides new insights into a peculiarly modern cultural sensibility The expression sense of humor was first coined in the 1840s and the idea that such a sense was a personality trait to be valued developed only in the 1870s What is the relationship between medieval humoral medicine and this distinctively modern idea of the sense of humor What has it meant in the past 125 years to declare that someone lacks a sense of humor Why do modern Americans say it is a good thing not to take oneself seriously How is the joke as a twentieth century quasi literary form different from the traditional folktale Wickberg addresses these questions among others and in the process uses the history of ideas to throw new light on the way contemporary Americans think and speak about humor and laughter The context of Wickberg's analysis is Anglo American the specifically British meanings of humor and laughter from the sixteenth century forward provide the framework for understanding American cultural values in the nineteenth and twentieth centuries The genealogy of the sense of humor is like the study of keywords an avenue into a significant aspect of the cultural history of modernity Drawing on a wide range of sources and disciplinary perspectives Wickberg's analysis challenges many of the prevailing views of modern American culture and suggests a new model for cultural historians

The Psychology of Humor Rod A. Martin, Thomas Ford, 2018-07-14 Most of us laugh at something funny multiple times during a typical day Humor serves multiple purposes and although there is a sizable and expanding research literature on the subject the research is spread in a variety of disciplines The Psychology of Humor 2e reviews the literature integrating research from across subdisciplines in psychology as well as related fields such as anthropology biology computer science linguistics sociology and more This book begins by defining humor and presenting theories of humor Later chapters cover cognitive processes involved in humor and the effects of humor on cognition Individual differences in personality and humor are identified as well as the physiology of humor the social functions of humor and how humor develops and changes over the lifespan This book concludes noting the association of humor with physical and mental health and outlines applications of humor use in psychotherapy education and the workplace In addition to being fully updated with recent research the second edition includes a variety of new materials

More graphs tables and figures now illustrate concepts processes and theories It provides new brief interviews with prominent humor scholars via text boxes The end of each chapter now includes a list of key concepts critical thinking questions and a list of resources for further reading Covers research on humor and laughter in every area of psychology Integrates research findings into a coherent conceptual framework Includes brain imaging studies evolutionary models and animal research Integrates related information from sociology linguistics neuroscience and anthropology Explores applications of humor in psychotherapy education and the workplace Provides new research plus key concepts and chapter summaries

Integrative Health Cyndie Koopsen,Caroline Young,2009-10-05 Integrative Health A Holistic Approach for Health Professionals serves as a comprehensive resource on integrative health modalities Perfect for both health care professionals and as a textbook for students this text explores the discipline of integrative health care as a person centered and person empowering approach to health care combining treatments from conventional medicine and clinically proven complementary and alternative medicine to address the body mind and spirit as well as the environment and relationships with others

Good Humor, Bad Taste Giseline Kuipers,2006 Good Humor Bad Taste is the first extensive sociological study of the relationship between humor and social background Using a combination of interview materials survey data and historical materials the book explores the relationship between humor and gender age social class and national differences in the Netherlands and the United States The exploration of social differences in sense of humor starts off from one specific and not very prestigious humorous genre the joke Good Humor Bad Taste explains why jokes are good humor to some bad taste to others

BOOK JACKET

De Gruyter Handbook of Humor Studies Thomas E. Ford,Władysław Chłopicki,Giseline Kuipers,2024-07-22 The De Gruyter Handbook of Humor Studies consolidates the cumulative contributions in theory and research on humor from 57 international scholars representing 21 different countries in the widest possible diversity of disciplines It organizes research in a unique conceptual framework addressing two broad themes the Essence of Humor and the Functions of Humor Furthermore scholars of humor have recognized that humor is not only a universal human experience it is also inherently social shared among people and woven into the fabric of nearly every type of interpersonal relationship Scholars across all academic disciplines have addressed questions about the essence and functions of humor at different levels of analysis relating to how narrowly or broadly they conceptualize the social context of humor Accordingly the editors have organized each broad thematic section into four subsections defined by level of analysis The book first addresses questions about individual psychological processes and text properties then moves to questions involving broader conceptualizations of the social context addressing humor and social relations and humor and culture By providing a comprehensive review of foundational work as well as new research and theoretical advancements across academic disciplines the De Gruyter Handbook of Humor Studies will serve as the foremost authoritative research handbook for experienced humor scholars as well as an essential starting point for newcomers to the field such as graduate students

seeking to conduct their own research on humor Further by highlighting the interdisciplinary interest of new and emerging areas of research the book identifies and defines directions for future research for scholars from every discipline that contributes to our understanding of humor

Experience, Evidence, and Sense Anna Wierzbicka, 2010-06-24 This book is based on two ideas first that any language English no less than any other represents a universe of meaning shaped by the history and experience of the men and women who have created it and second that in any language certain culture specific words act as linchpins for whole networks of meanings and that penetrating the meanings of those key words can therefore open our eyes to an entire cultural universe In this book Anna Wierzbicka demonstrates that three uniquely English words evidence experience and sense are exactly such linchpins Using a rigorous plain language approach to meaning analysis she unpacks the dense cultural meanings of these key words disentangles their multiple meanings and traces their origins back to the tradition of British empiricism In so doing she reveals much about cultural attitudes embedded not only in British and American English but also English as a global language An interdisciplinary work Experience Evidence and Sense will be of interest to both scholars and students in linguistics and English as well as historians of ideas sociologists anthropologists literary scholars and scholars of communication

Encyclopedia of Humor Studies Salvatore Attardo, 2014-02-25 The Encyclopedia of Humor A Social History explores the concept of humor in history and modern society in the United States and internationally This work s scope encompasses the humor of children adults and even nonhuman primates throughout the ages from crude jokes and simple slapstick to sophisticated word play and ironic parody and satire As an academic social history it includes the perspectives of a wide range of disciplines including sociology child development social psychology life style history communication and entertainment media Readers will develop an understanding of the importance of humor as it has developed globally throughout history and appreciate its effects on child and adult development especially in the areas of health creativity social development and imagination This two volume set is available in both print and electronic formats Features Benefits The General Editor also serves as Editor in Chief of HUMOR International Journal of Humor Research for The International Society for Humor Studies The book s 335 articles are organized in A to Z fashion in two volumes approximately 1 000 pages This work is enhanced by an introduction by the General Editor a Foreword a list of the articles and contributors and a Reader s Guide that groups related entries thematically A Chronology of Humor a Resource Guide and a detailed Index are included Each entry concludes with References Further Readings and cross references to related entries The Index Reader s Guide themes and cross references between and among related entries combine to provide robust search and browse features in the electronic version This two volume A to Z set provides a general non technical resource for students and researchers in such diverse fields as communication and media studies sociology and anthropology social and cognitive psychology history literature and linguistics and popular culture and folklore

The Psychology of Humor Jon Roeckelein, 2002-02-28 This work traces the origins and evolution of the concept of humor in psychology from ancient to

modern times with an emphasis on an experimental empirical approach to the understanding of humor and sense of humor In addition to more than 3 000 important citations and references pertaining to the history theories and definitions of the concept of humor this reference guide contains more than 380 recent post 1970 annotated entries on the psychology of humor in its bibliographic section The book describes various psychological nonpsychological and philosophical theories and definitions of humor and focuses on the methodological concerns of psychologists regarding the scientific investigation of humor The bibliography is organized under 10 categories including Bibliographies and Literature Reviews of Humor Cognition and Humor Methodology and Measurement of Humor and Social Aspects of Humor **Successful Research**

Projects Bernard C. Beins,2013-01-07 Successful Research Projects A Step by Step Guide is a concise and accessible book that guides students through each component of the research process Using a step by step applied learning approach acclaimed professor and researcher Dr Bernard C Beins discusses each of the key actions required for students to confidently develop perform analyze and report the results of their research in a thorough accurate and methodologically sound manner Throughout the book they will discover not only how to complete each step but how the steps at any point relate to other aspects of their research and writing An Introduction to the Psychology of Humor Janet M. Gibson,2019-01-31 An

Introduction to the Psychology of Humor provides a comprehensive and accessible overview of psychologists research on humor Drawing on research from a variety of psychological perspectives from cognitive and biological to social and developmental the book explores factors that affect our detection comprehension liking and use of humor Throughout the book theories and paradigms of humor are explored with each chapter dedicated to a distinct field of psychological research Covering topics including humor development in children and older adults humor s effectiveness in advertisements cross cultural psychology and humor s functions in the workplace the book addresses the challenges psychologists face in defining and studying humor despite it being a universal and often daily experience Featuring a wealth of student friendly features including learning objectives and classroom activities An Introduction to the Psychology of Humor is an essential read for all students of humor Poetry Harriet Monroe,1916 Research on Young Children's Humor Eleni Loizou,Susan L.

Recchia,2019-07-24 This book provides a wide spectrum of research on young children s humor and illuminates the depth and complexity of humor development in children from birth through age 8 and beyond It highlights the work of pioneers in young children s humor research including Paul McGhee Doris Bergen and Vasu Reddy Presenting a variety of new perspectives the book examines such issues as play humor laughing and pleasure within the context of learning and development It looks at humor wordplay and cartoons that can be used as educational tools in the classroom Finally it provides explorations of humor within a cultural and spiritual context The book presents diverse and creative methods to study humor and provides practical implications for adults working with children The book offers a powerful springboard for moving research and practice toward a deeper understanding of young children s humor as an integral and meaningful

component of early development and learning **The Development of Children** Michael Cole, Sheila R. Cole, Cynthia Lightfoot, 2005 Development is best understood as a fusion of biological social and psychological processes interacting in the unique medium of human culture In this text the authors have tried to show not only the role of each of these factors considered separately but also how they interact in diverse cultural contexts to create whole unique human beings Pref

Social and Emotional Development in Infancy and Early Childhood Janette B. Benson, Marshall M. Haith, 2010-05-21 Research is increasingly showing the effects of family school and culture on the social emotional and personality development of children Much of this research concentrates on grade school and above but the most profound effects may occur much earlier in the 0 3 age range This volume consists of focused articles from the authoritative Encyclopedia of Infant and Early Childhood Development that specifically address this topic and collates research in this area in a way that isn't readily available in the existent literature covering such areas as adoption attachment birth order effects of day care discipline and compliance divorce emotion regulation family influences preschool routines separation anxiety shyness socialization effects of television etc This one volume reference provides an essential affordable reference for researchers graduate students and clinicians interested in social psychology and personality as well as those involved with cultural psychology and developmental psychology Presents literature on influences of families school and culture in one source saving users time searching for relevant related topics in multiple places and literatures in order to fully understand any one area Focused content on age 0 3 save time searching for and wading through lit on full age range for developmentally relevant info Concise understandable and authoritative for immediate applicability in research **The Social Faces of**

Humour George E.C. Paton, Chris Powell, Stephen Wagg, 2019-06-14 First published in 1996 this volume is a sequel to Humour in Society Resistance and Control which was edited by George E C Paton and Chris Powell Now seven years later the culturally central nature of humour seems greater than ever This collection of original essays critically assesses the practices of humour in various role relationships in a number of social contexts for example in the workplace and between family members A feature of this new volume is the critical analysis of socio linguistic practices including the use of jokes and cartoons to manage tensions in social relationships at the micro and macro sociological levels of human interaction Wider social and cultural issues area also examined by other contributors concerned with alternative comedy and sitcoms in British and Australian society for example which along with humour practices are situated by the editors in their introduction to substantiate the value of studying and researching the sociology of humour *Encyclopedia of Creativity: A-H* Mark A.

Runco, Steven R. Pritzker, 1999 This encyclopaedia provides specific information and guidance for everyone who is searching for a greater understanding the text includes theories of creativity techniques for enhancing creativity and individuals who have contributed to creativity **5000 Years of Popular Culture** Fred E. H. Schroeder, 1980 This collection of insightful essays by outstanding artists anthropologists historians classicists and humanists was developed to broaden the study of

popular culture and to provide instances of original and innovative interdisciplinary approaches Its first purpose is to broaden the study of popular culture which is too often regarded in the academic world as the entertainment and leisure time activities of the 20th century Second the collection gives recognition to the fact that a number of disciplines have been investigating popular phenomena on different fronts and it is designed to bring examples of these disciplines together under the common rubric of popular culture Related to this is a third purpose of providing instances of original and innovative interdisciplinary approaches Last the collection should be a worthwhile contribution to the component disciplines as well as to the study of popular culture

APA Style Simplified Bernard C. Beins, 2012-05-15 This is a compact but comprehensive guide to writing clearly and effectively in APA style Demonstrates how to write objective scientific research papers using interesting prose Incorporates guidelines from the 6th edition of the APA publication manual Explores how to develop ideas connect them to what others have written and express them clearly Discusses the differences between written oral and poster presentations and offers instructions for applying APA style to each
