

CHARLES O. JONES

# Separate But Equal Branches

*Congress and the Presidency*

Second Edition

# Separate But Equal Branches Congress And The Presidency

**Joseph A. Pika, John Anthony Maltese**

## **Separate But Equal Branches Congress And The Presidency:**

**Separate But Equal Branches** Charles O. Jones, 1999-04 A careful evaluation of the nature and effects of the separation of the executive and legislative branches Charles O Jones treats specific developments in presidential congressional relations by analyzing the experiences and styles of Lyndon B Johnson Richard Nixon Gerald Ford Jimmy Carter Ronald Reagan George Bush and Bill Clinton

**Congress and the Presidency** Michael Foley, John E. Owens, 1996 The authors emphasise the dynamism of America's foremost political institutions within a democratic system They examine recent developments in relation to the wider context of United States politics and reassert the importance of institutions in understanding this unique political system

**Institutionalizing Congress and the Presidency** Mordecai Lee, 2006 With its creation of the U S Bureau of Efficiency in 1916 Congress sought to bring the principles of scientific management to the federal government Although this first staff agency in the executive branch lasted only a relatively short time it was the first central agency in the federal government dedicated to improving the management of the executive branch Mordecai Lee offers both a chronological history of the agency and a thematic treatment of the structure staffing and work processes of the bureau its substantive activities and its effects on the development of both the executive and the legislative branches Charged with conducting management and policy analyses at the direction of the president this bureau presaged the emergence of the activist and modern executive branch The Bureau of Efficiency was also the first legislative branch agency ushering in the large administrative infrastructure that now supports the policy making and program oversight roles of Congress The Bureau of Efficiency's assistance to presidents foreshadowed the eventual change in the role of the president vis a vis Congress it helped upend the separation of powers doctrine by giving the modern executive the management tools for preeminence over the legislative branch

**The Politics of the Presidency** Joseph A. Pika, John Anthony Maltese, Andrew Rudalevige, 2017-07-06 This book analyses the change and continuity in the presidency during Barack Obama's two terms in an entrenched partisan environment discusses the competitive setting for the 2016 election and looks at the challenges and opportunities President Trump will face

**The Politics of the Presidency, Revised 8th Edition** Joseph A. Pika, John Anthony Maltese, 2013-07-15 In the most up to date core text available on the presidency The Politics of the Presidency Revised Eighth Edition Joseph A Pika and John Anthony Maltese once again deliver their comprehensive and accessible analysis of the presidency Never losing sight of the foundations of the office the authors maintain a balance between historical context and contemporary scholarship on the executive A solid foundation for any presidency course the revised eighth edition features updated chapters including coverage of the 2012 election and a new chapter analyzing Obama's challenges as a second term president in an entrenched partisan environment

**Presidential Institutions and Democratic Politics** Kurt von Mettenheim, 1997 While many comparative analysts see parliamentary government as essential for stable democracy this volume argues that the American presidential system that separates and diffuses power

can provide new perspectives for those building democratic institutions in Latin America Eastern Europe and the new republics of the former Soviet Union The authors recognize risks of rigidity gridlock and excessive centralization in presidential institutions But they also emphasize the unexpected levels of legislative productivity during periods of divided government the dramatic reversal of declining popularity by Presidents Reagan and Clinton and the importance of direct appeals by presidents to the nation After examining the American presidential system the authors focus on the de facto separation of powers in European parliaments and presidentialism in France Latin America and Eastern Europe Both trends in European parliamentary systems and the dramatic changes within French presidential institutions suggest that scholars should temper broad generalizations about presidential or parliamentary government *Proceedings of the United States Senate in the Impeachment Trial of President William Jefferson Clinton: Statements of Senators regarding the impeachment trial of President William Jefferson Clinton*, 2000 **The Presidency of George H. W. Bush** John Robert

Greene, 2015-06-19 After George H W Bush lost his re election bid to Bill Clinton in 1992 John Robert Greene s verdict on the 41st president of the United States was that he brought no discredit to the office and was both patient and prudent making few mistakes In the years since the release of Greene s profile of the senior Bush deemed by Publishers Weekly the essential introduction to Bush s abbreviated but still consequential tenure in office a wealth of materials about Bush s presidency has become available even as distance has sharpened our perspective on the Bush years In this significantly expanded second edition of *The Presidency of George H W Bush* Greene takes full advantage of newly released documents to revisit Bush s term to consider his post presidency accomplishment and to enhance and clarify our understanding of his place in history Such milestones as the fall of the Berlin Wall the reunification of Germany the fall of the Soviet Union the savings and loan crisis and the transition to the Clinton administration receive renewed and far more detailed treatment here as do the ramifications of George H W Bush s positions and policies Greene also devotes ample attention to Bush s post presidency including his relationship with his son President George W Bush as well as the development of his close friendship with Bill Clinton The elder Bush emerges from this reappraisal as a considerably more activist president with a more activist administration than was previously assumed Greene s concise and readable account drawing on the contents of the Bush Library the papers of James A Baker III and personal interviews shows us the 41st president and thus an important chapter in American history in a new and more revealing light **The Presidency** Lori Cox Han, 2021-04-07 This work provides a

concise authoritative and illuminating overview of the Executive Office of the President of the United States This reference work surveys and explains all aspects of the Presidency including the Founding Fathers conception of the position the evolution of the specific powers and responsibilities residing in the Oval Office over time the relationship between the executive branch and the other two branches of the federal government and the evolution of presidential election campaigns in U S history It also discusses major historical events and controversies surrounding the Presidency and explains how the

party affiliation of the president often colors White House priorities policies and attitudes of governance This book is part of ABC CLIO's Student Guides to American Government and Politics series Each volume in the series provides an accessible and authoritative introduction to a distinct component of American governmental institutions and processes and shows how it pertains to America's current political climate and the rights and responsibilities of citizenship

**New Directions in the American Presidency** Lori Cox Han, 2023-02-21 The third edition of *New Directions in the American Presidency* provides important updates on all topics throughout the text including new and relevant literature across the subfield of presidency studies within political science Significant changes have occurred within the political environment since the publication of the second edition Many scholars refer to the Trump presidency as a disruption to the political order and each chapter will assess the lessons and legacies of the Trump years and analyze how the Biden presidency is faring in the return to a more traditional style of presidential leadership New to the Third Edition Updated chapter on the 2020 presidential campaign and aftermath Assessment of the Trump years Presidential powers and management of executive branch use of social media relationship with Congress relationship with political parties public opinion domestic and foreign policy Supreme Court appointments Two new chapters unitary powers and intersectionality and the presidency

**Anticipating Madam President** Robert P. Watson, Ann Gordon, 2003 Annotation Conveying the complexity and challenges surrounding the pursuit of the White House the authors explore the conditions the first female president will encounter both on the campaign trail and in office

*Obama in Office* James A. Thurber, 2015-12-03 Barack Obama entered office on a wave of popular expectation will he exit at the hands of a Tea Party inspired populist tsunami or return for four more years *Obama in Office* brings together well established political scientists and journalists to offer the first detailed assessment of President Obama and his first two years in office This book covers the range of policy tests which the administration has faced during this period including the recession and its jobless recovery health care reform financial regulation the BP oil leak in the Gulf of Mexico and the ongoing war in Afghanistan Looking beyond the midterms *Obama in Office* considers the results of 2010 the impact of the Tea Party and the prospects for 2012

**Now That's Funny** Charles O. Jones, 2018-09-28 This book is the story of Chuck Jones as a young man growing up in a small South Dakota town his education military service graduate work marriage and life as a professor The Jones family moved frequently taking advantage of job opportunities and research fellowships Their longest tenures were at Pittsburgh Pennsylvania and Madison Wisconsin The author provides descriptions of family life to include their several homes The book displays the vitality of academic life and family growth It also identifies the importance of pets to a loving atmosphere One chapter tells the life of the Jones family from the perspective of their pets The book is mostly about us and how we lived and prospered through the decades

**Rethinking the Administrative Presidency** William G. Resh, 2015-12 The first book to explore the tension between presidents and federal agencies from the perspective of careerists in the executive branch Winner of the Herbert A Simon Book Award of the American Political Science Association

Association Why do presidents face so many seemingly avoidable bureaucratic conflicts And why do these clashes usually intensify toward the end of presidential administrations when a commander in chief s administrative goals tend to be more explicit and better aligned with their appointed leadership s prerogatives In *Rethinking the Administrative Presidency* William G Resh considers these complicated questions from an empirical perspective Relying on data drawn from surveys and interviews Resh rigorously analyzes the argument that presidents typically start from a premise of distrust when they attempt to control federal agencies Focusing specifically on the George W Bush administration Resh explains how a lack of trust can lead to harmful agency failure He explores the extent to which the Bush administration was able to increase the reliability and reduce the cost of information to achieve its policy goals through administrative means during its second term Arguing that President Bush s use of the administrative presidency hindered trust between appointees and career executives to deter knowledge sharing throughout respective agencies Resh also demonstrates that functional relationships between careerists and appointees help to advance robust policy He employs a joists vs jigsaws metaphor to stress his main point that mutual support based on optimistic trust is a more effective managerial strategy than fragmentation founded on unsubstantiated distrust

*The War on Terror and the Growth of Executive Power?* John E. Owens, Riccardo Pelizzo, 2010-06-21 The 9 11 attacks on New York and Washington prompted a global war on terror that led to a significant shift in the balance of executive legislative power in the United States towards the executive at the expense of the Congress In this volume seasoned scholars examine the extent to which terrorist threats and counter terrorism policies led uniformly to the growth of executive or Government power at the expense of legislatures and parliaments in other political systems including those of Australia Britain Canada Indonesia Israel Italy and Russia The contributors question whether the crises created by 9 11 and subsequent attacks led inexorably to executive strengthening at the expense of legislatures and parliaments The research reported finds that democratic forces served to mitigate changes to the balance of legislative and executive power to varying degrees in different political systems This book will be of interest to students and researchers of Comparative Government Politics and International Politics

**Guide to Congress** CQ Press, 2012-08-10 The new edition of this comprehensive two volume reference has been thoroughly revised and expanded by expert CQ Press writers with years of experience covering Congress to offer a complete institutional history of Congress along with updated insight and analysis on the 2008 and 2010 shifts in power of the U S Senate and House of Representatives The 35 chapters of *Guide to Congress* Seventh Edition are divided into eight subject areas that cover all aspects of the U S Congress Origins and Development of Congress from the constitutional beginnings of the legislative branch to the histories of the House and Senate and their power shifts eras of partisanship and unity influential leaders and working relationships with presidents New coverage includes analysis of the tug of war between House Democrats and the George W Bush administration on Iraq war withdrawal timetables updates on criminal investigations of House members including William J Jefferson of Louisiana and Charles

Rangel of New York and analysis of the Tea Party Movement and new Republican majority Powers of Congress including powers to tax spend and borrow to conduct foreign policy and investigations to confirm and impeach to regulate commerce to amend the Constitution and to select the president Updated material includes analysis of the George W Bush administration s use of immunity from questioning by congressional committees analysis of the signing of the new START treaty with Russia marking a cornerstone of U S relations with the country coverage of the War on Terror including the killing of bin Laden in a U S raid in Pakistan and perspective on the negotiations to raise the federal debt ceiling in 2011 Congressional Procedures detailing the party and leadership structures rules and the legislative process the committee system assignment and procedures and congressional staff Revised coverage profiles the methods styles and legislative successes and defeats of House Speakers Pelosi and Boehner and Senate majority leader Reid The Guide also analyzes the new hyperpartisanship emerging in Congress and provides updates on congressional travel reforms and aide statistics and trends Pressures on Congress including influence from constituents political parties the president the Supreme Court lobbyists and the media New material explores the use of social media to communicate with constituents examines the role of the new Consumer Financial Protection Bureau and analyzes the Obama administration s relationship with Congress Housing and Support covering the U S Capitol House and Senate office buildings the Library of Congress and organizations such as the Government Accountability Office and the Congressional Research Service Updates are provided on new initiatives by the Library of Congress and reforms to the General Accounting Office Pay and Perquisites including honoraria and allowances franking and travel privileges and other benefits Updates include revised figures for congressional pay and benefits and analysis of efforts to control privately sponsored foreign travel Congress and the Electorate covering the right to vote the demographic composition of congress the role of parties in elections campaign financing and redistricting New information discusses elections statistics in recent elections the impact of third parties Tea Party gains and the creation of super PACs and 527 groups Qualifications and conduct detailing congressional ethics investigations and procedures for disciplining members Updated coverage reviews ethics investigations including the creation of the Office of Congressional Ethics Specific investigations and outcomes are discussed including the censure of Charles Rangel and disapproval of Joe Wilson s outburst during a speech by President Obama Volume 2 concludes with a selected bibliography and key reference materials a list of all members of congress who have served since 1789 congressional election results floor leaders and committee chairs dates for sessions of congress women black Asian and Hispanic members and many more Boxed features tables and figures and a generous number of photos enhance the topical coverage of this definitive resource on Congress

**Environmental Policy**

Norman J. Vig, Michael E. Kraft, 2017-12-14 Authoritative and trusted Environmental Policy once again brings together top scholars to evaluate the changes and continuities in American environmental policy since the late 1960s and their implications for the twenty first century Students will learn to decipher the underlying trends institutional constraints and

policy dilemmas that shape today's environmental politics The Tenth Edition examines how policy has changed within federal institutions and state and local governments as well as how environmental governance affects private sector policies and practices The book provides in depth examinations of public policy dilemmas including fracking food production urban sustainability and the viability of using market solutions to address policy challenges Students will also develop a deeper understanding of global issues such as climate change governance the implications of the Paris Agreement and the role of environmental policy in the developing world Students walk away with a measured yet hopeful evaluation of the future challenges policymakers will confront as the American environmental movement continues to affect the political process

**Responsible Partisanship?** John Clifford Green, Paul S. Herrnson, 2002 More than fifty years have passed since the American Political Science Association published *Toward a More Responsible Two Party System* a controversial report that addressed the lack of national cohesion within the major parties Although parties have changed a great deal since then they remain a critical component of American democracy While the possibilities and limits of responsible party government have been central topics in the literature since 1950 this book is the first to reassess all aspects of the APSA report Here a distinguished group of scholars among them Charles O. Jones Barbara Sinclair Frank J. Sorauf John Bibby and Gerald Pomper examine the effectiveness accountability and relevance of parties to the democratic process These articles cover all major relevant topics focusing on recent changes in laws that govern parties innovations in party organization party finance and the relationships among political consultants and parties They examine the place of the party in government including chapters on the changing role of parties in Congress and in the presidency and also consider the roles of parties among the electorate examining trends in voting behavior party identification and ideology A capstone essay by Leon Epstein the dean of American party scholars reviews the ongoing quest for responsible partisanship over the past half century These contributors offer a mixed assessment of the two party system showing that parties are in many respects stronger at the national level than they were in 1950 but not necessarily more responsible The most comprehensive description and analysis of American parties now available *Responsible Partisanship* should become required reading for all students and citizens concerned with making parties more accountable instruments of government

**Understanding Principles of Politics and the State** John J. Schrems, 2007 Originally published under the title *Principles of Politics* this completely revised and updated work is a study in applied political theory It uses current political society and politics as its backdrop and shows that the nature authority origin and purpose of the state are dictated by fundamental theoretical and practical principles linked to the goals and values of ordinary life Helpful in the quest for understanding are depictions of the political world by ancient philosophers as well as contemporary political scientists With detailed examples *Understanding Principles of Politics and the State* examines the charge that democracy is a myth describes the world of academic political science and belies the cynicism that principles and politics do not go together An efficient and effective organizing principle is used to explain justice rights groups church and

state federalism constitutionalism and even proposals for world government A brief case study of the Philippines illustrates some basic principles of state building A preference for presidential over parliamentary government stands at odds with the view of many commentators The necessity for principles in understanding ubiquitous change ends the book Book jacket

*The American Congress* Steven S. Smith, Jason M. Roberts, Ryan J. Vander Wielen, 2006 The American Congress provides the most insightful up to date treatment of congressional politics available in an undergraduate text Informed by the authors Capitol Hill experience and nationally recognized scholarship The American Congress presents a crisp introduction to all major features of Congress its party and committee systems leadership and voting and floor activity The American Congress has the most in depth discussions of the place of the president the courts and interest groups in congressional policy making available in a text
