Collecting Movie Posters Edwin E. Poole, Susan T. Poole, 2013-05-17 Most people view movie posters as an expensive form of expendable advertising. Others however see the posters as valuable art. If you are in the latter category this is the work for you. All facets of collecting movie posters are covered in this guide book. The history of the movie poster is first presented including a look at how the early studios influenced the development of posters. Next is a brief look at the world of movie art collecting. This is followed by a reference section that provides comprehensive explanations of the most commonly used terms in the field. Getting your collection started is the next topic giving novice and more experienced collectors information on publications and materials available where to go to purchase posters where to go for help and other items. A concluding section details the proper care and handling of movie art materials along with methods for restoration.

Drawn from the author's research and personal archives this book presents movie posters as an art form as well as a slice of America's history. High quality all colour reproduction and accurate text makes this book excellent for reference while movie lovers will delight in the opportunity to remember their favourite film **Musical Movie Posters** Richard Allen, Bruce Hershenson, 1999 While the subject of this book movie musicals is one of the most popular genres of film it is difficult to describe exactly what constitutes a musical. Most films have soundtracks. And many include a few musical numbers but how much musical content does a film need before it is officially a musical. Since there are no clear cut rules I based this book on a few simple guidelines. First I excluded all silent films for obvious reasons. Second I excluded movies where the musical numbers were not performed by the stars of the film or movies that are basically comedies or dramas but include a little music. Third I excluded concert films or any films that did not have a plot. Finally since this is a book of images I tried to always give preference to posters that depict people singing or dancing. It is clear that early movies were dominated by a relatively small group of wonderful performers such as Alice Faye Betty Grable and of course Fred Astaire and Ginger Rogers.
