of Desacralization Paola Partenza, 2015 The idea of desacralization has become almost commonplace attributing to the word the rejection of what is sacred One might think that it is strictly connected to theology and its system or suppose that it implies the relationship human beings have with anything that can express a denial of the spiritual part of life The concept of desacralization has numerous meanings either from a philosophical or a literary viewpoint The scholars investigation of Dynamics of Desacralization has made this collection of essays rich and varied revealing new worlds the different authors have created What they do is to narrate various types of desacralization interrogating the nature of novels poems or works of art certain aspects of being are revealed through various expressions engaging the multiple levels and the meaning of desacralization providing an articulation and interpretation of it Lessing yearbook, 2001 **JEGP, Journal of English and Germanic Philology** Gustaf E. Karsten, 1985 **Drama and "Ideenschmuggel"** K. Scott Baker, 2008 This monograph details Gutzkow s recurring use of performance within the play as a means of encouraging an active political response by the audience He incorporates an internal audience viewing a performance on stage in order to model an ideal of dramatic reception for the audiences of his own play Gutzkow structures the narrative contextualization of these performances as reflections of specific issues in the German states of the Vorm rz Beginning with an overview of theoretical and literary texts from the 1830s this study traces Gutzkow s transferral of self reflexive structures from his novels of this decade into his first staged play Richard Savage 1839 and on through Das Urbild des Tart ffe 1844 and Uriel Acosta 1845 It concludes by portraying Der K nigsleutnant 1849 as a transitional work that shows Gutzkow s decision to return to the novel as a consequence of the failure of his plays to attain the reception he intended By using the coherency of the communicated message instead of fealty to aesthetic norms as the evaluative criteria for discussing Gutzkow s plays the book exposes an innovative mode of specifically literary social criticism in these works that complements their traditional assessment as documentation of the cultural history of Liberalism in this period Federfuchser/Peenpusher from Lessing to Grillparzer William C. Reeve, 1995-06-14 Reeve provides a detailed discussion of Klesel s importance in Ein Bruderzwist in Habsburg and examines possible predecessors for the Federfuchser Wurm from Friedrich von Schiller s Kabale und Liebe the Sekret r in Johann Wolfgang von Goethe s Die nat rliche Tochter and Leonhard in Friedrich Hebbel s Maria Magdalene He focuses on the features they share such as deep seated resentment of social superiors who by a mere accident of birth have power over them and above all the cunning that they use to overcome their social disqualifications Journal of the Civil War Era William A. The Server Markus Krajewski, 2018-06-19

A cutting edge media history on a perennially fascinating topic which attempts to answer the crucial question Who is in charge the servant or the master

Though classic servants like the butler or the governess have largely vanished the Internet is filled with servers web ftp mail and others perform their daily drudgery going about their business noiselessly and unnoticed

Why then are current day digital drudges called servers

Markus Krajewski explores this question by going from the present back to the Baroque to study historical aspects of service through various perspectives be it the servants relationship to architecture or their function in literary or scientific contexts

At the intersection of media studies cultural history and literature this work recounts the gradual transition of agency from human to nonhuman actors to show how the concept of the digital server stems from the classic role of the servant

Patterns of Change Dorothy James, Silvia Ranawake, 1990

The focus is on German drama in this multi faceted view of developments on the European stage over three centuries

Scholars from Great Britain Germany and the United States examine changes wrought in the art of drama by dramatists by actors and stage designers and by shifting patterns of thought and power structures

The timespan extends from Moliere and Lessing giants of the theatrical tradition to such latter day iconoclasts as Beckett Handke and Achternbusch

The book is a tribute to Ronald Peacock distinguished British Germanist and Comparatist

entries and covers the role of women in German literature and culture from the Middle Ages to the present day Included are alphabetically arranged entries on more than 500 topics While some entries are provided for important women writers and other individuals the bulk of the volume provides information on literary periods epochs and genres critical approaches and theories female stereotypes laws and historical developments literary concepts and themes and organizations and archives relevant to women and women s studies Each entry includes a brief identification of the subject a discussion of feminist thought on the topic and a brief bibliography Entries are written by numerous contributors and reflect a range of critical theoretical approaches     Canadiana ,1984     The Merchant in German Literature of the Enlightenment John W. Van Cleve,2020-05-01 John Van Cleve analyzes the influence of the merchant class on what Leo Balet termed the *Verbürgerlichung* the becoming middle class of German literature during the eighteenth century He describes the origins and development of the class and examines its successive images in works by Haller Schnabel Borkenstein Luise Gottsched J E Schlegel Gellert and Lessing Between the years 1729 and 1750 merchants were better able to lend financial support to the literary world than were civil servants and professionals Although merchants were central in the cultural life of the German states they were usually less educated than other members of their social stratum and therefore less disposed to literature Tradition has cast the merchant class in a highly unflattering light as ethically indefensible Van Cleve s in depth analysis traces the evolution of attitudes toward merchants from negative underdeveloped images to positive heroic portrayals

**International Books in Print** ,1991     Lessing's Philosophy of Religion and the German Enlightenment Toshimasa Yasukata,2002-01-31 Despite his well recognized importance in the history of thought Lessing as theologian or philosopher of religion remains an enigmatic figure Through intensive study of the entire corpus of Lessing s philosophical and theological writings as well as the extensive secondary literature Yasukata reveals a fresh image of Lessing as a creative modern mind who is both shaped by and gives shape to the Christian heritage     **German Nachspiel in 18 Century** David G. Heitner,     *The Publishers' Trade List Annual* ,1995     **Humor and Irony in Nineteenth-century German Women's Writing** Helen Chambers,2007 Brings to light unsuspectedly rich sources of humor in the works of prominent nineteenth century women writers Nineteenth century German literature is seldom seen as rich in humor and irony and women s writing from that period is perhaps even less likely to be seen as possessing those qualities Yet since comedy is bound to societal norms and humor and irony are recognized weapons of the weak against authority what this innovative study reveals should not be surprising women writers found much to laugh at in a bourgeois age when social constraints particularly on women were tight Helen Chambers analyzes prose fiction by leading female

writers of the day who prominently employ humor and irony Arguing that humor and irony involve cognitive and rational processes she highlights the inadequacy of binary theories of gender that classify the female as emotional and the male as rational Chambers focuses on nine women writers Annette von Droste Hülshoff Ida Hahn-Hahn Ottilie Wildermuth Helene Biallau Marie von Ebner-Eschenbach Ada Christen Clara Viebig Isolde Kurz and Ricarda Huch She uncovers a rich seam of unsuspected or forgotten variety identifies fresh avenues of approach and suggests a range of works that merit a place on university reading lists and attention in scholarly studies Helen Chambers is Professor of German at the University of St Andrews Scotland UK
