Customer Service Management in Africa Robert Hinson, Ogechi Adeola, Terri Lituchy, Abednego Amartey, 2020-05-07 Customer Service Management in Africa A Strategic and Operational Perspective 978 0 367 14337 4 K410515 Customer Service is Changing The message of 34 authors featured in Customer Service Management in Africa A Strategic and Operational Perspective is clear Today's consumers are no longer passive audiences but active players that engage with businesses at each stage of product or service design and delivery systems Consumer demands and expectations are also increasingly being dictated by changing personal preferences enhanced access to information and expanding digital reality The customer service principles strategic and operational advocated by these authors are universal but particularly compelling as they apply to Africa's unique and dynamic operating environment In recognition of the importance of excellent customer service this comprehensive and well timed book provides an essential

guide on the increasing role of the customer to business success This book discusses the management and delivery of customer service under seven broad themes Customer Service as Shared Value Customer Service Strategy Customer Service Systems Customer Service Style Customer Service Culture Customer Service Skills and Customer Experience Advancing Customer Service in Africa Central questions posed and addressed include What is the new definition of customer service management How should organisations position themselves to create value for customers and stakeholders How should employees project themselves to align with customer service promises made by their organisations Overall this book provides strategic and operational insights into effective customer service management in Africa The customer service management concepts roles and practices outlined particularly as they apply to the African context make it an important addition to scholars or practitioners reference works Engaging Public Sector Clients John Alford,2009-04-08 Exploring three rich cases across three countries this book shows how government organizations need their clients to contribute time and effort to co producing public services and how organizations can better elicit this work from them by providing good client service and appealing to their intrinsic needs and social values **Improving the Efficiency of Postal Services Procurement in the Public Sector** Great Britain: National Audit Office,2006-03-24 All public sector organisations rely to varying degrees on postal services costing nearly 650 million annually of which 250 million is spent by central government departments The two biggest spenders are the Department for Work and Pensions and HM Revenue and Customs which account for over half this amount with ten organisations accounting for 95 per cent of the total Despite the growth in the use of internet and email at least for the foreseeable future conventional mail will remain essential to the way public bodies communicate with the public This NAO report examines how public sector organisations can become more effective in their procurement and management of postal services and identifies six main areas where further improvements can be made in order to realise an estimated 31 million a year in savings by 2008 09 Two accompanying documents are available separately case studies which examine the use of postal services in five organisations HCP 946 II ISBN 0102937354 and a guide which sets out examples of good practice across public and private sectors HCP 946 III ISBN 0102937362 Managing Public Services Richard Common,Norman Flynn,Elizabeth Mellon,2016-06-06 Managing Public Services Competition and Decentralization is intended for public sector managers to help them assess their situation and assist them to think creatively about different approaches for the future The book begins on the general principle that business is good and bureaucracy is bad This topic is followed by detailed studies of organizations whether these are in a competitive environment victims of market rhetoric or in another competitive spectrum Public sector managers are then encouraged to analyze their own organizations so appropriate actions can be applied into their situation The extent to which competition is happening is explained and if competition does not work well then the concept of decentralization may be adopted To what extent decentralization can then be used to increase the motivation and commitment of their employees is explained The authors believe that new ways and methods of working

will follow But any successes of these changes have to be measured by an important gauge the impact upon the recipients of the new and improved services In any undertaking failures are bound to happen and the authors suggest that public sector managers should be more tolerant Finally the book notes that to achieve delivery of quality service whether these are for customers or clients an important approach to managerial action is the design towards a good experience Public administrators heads and CEOs of public institutions and private firms professors and students in public administration policymakers and sociologists will find this book valuable
