Services Trade In The Western Hemisphere Liberalization Integration And Reform:

Services Trade in the Western Hemisphere Sherry M. Stephenson, 2010-12-01 A Brookings Institution Press and the Organization of American States publication The services sector including financial services telecommunications transportation tourism and professional services has become critical to the continued economic dynamism in the Americas And the quality and competitiveness of this sector are essential to economic growth and development On average services increasingly traded in more numerous and far reaching ways than goods account for nearly two thirds of the gross domestic product of the Western Hemisphere The importance of the sector however is disproportionately large in Central America and the Caribbean where it often is the major source of employment and of foreign exchange This timely volume is the first to review and analyze trade agreements covering the services sector in the Western Hemisphere and their relationship to the General Agreement on Trade in Services GATS in force since 1995 as an integral part of the World Trade Organization WTO Negotiations on liberalizing services trade are continuing at the multilateral the regional or hemispheric and the subregional levels It is imperative to understand what is being discussed and implemented at these different levels and to articulate the linkages and relationships among the various agreements and the disciplines and obligations they contain Services Trade in the Western Hemisphere informs the reader about these issues and more Part 1 deals with the main issues relevant to the liberalization of services trade at the multilateral and regional levels including improvements to the GATS architecture the scope of regulatory reform the relationship between the treatment of services and investment WTO requirements that must be fulfilled by parties to an economic integration agreement and disagreements brought to the multilateral dispute settlement process Part 2 examines the scope content and liberalizing approach of subregional agreements in the Western Hemisphere such as the North American Free Trade Agreement and those p

Services Trade in the Western Hemisphere Sherry Stephenson, 2000 Deals with the main issues relevant to the liberalization of services trade at the multilateral and regional levels Examines the scope content and liberalizing approach of subregional agreements in the Western Hemisphere such as the North American Free Trade Agreement and those promulgated by the Andean Community Evaluates the extent of liberalization of services trade achieved to date at the multilateral and subregional levels Discusses options for improvements in the context of the ongoing Free Trade Area of the American negotiations [A Handbook of International Trade in Services](#) Aaditya Mattoo, Robert M. Stern, Gianni Zanini, 2008 This title provides a comprehensive introduction to the key issues in trade and liberalization of services Providing a useful overview of the players involved the barriers to trade and case studies in a number of service industries this is ideal for policymakers and students interested in trade

The Preferential Liberalization of Trade in Services Pierre Savu_, Anirudh Shingal, 2014-04-25 This book fills an important gap in the trade literature by offering a comprehensive cross regional comparison of approaches to preferential market opening and rule making in the area of trade in services Chronicling the spectacular recent rise o

The

Liberalization of Maritime Transport Services Benjamin Parameswaran, 2012-12-06 Despite multiple efforts on the bilateral regional and multilateral level to create uniform or at least harmonized rules for commercial operations and practices in the maritime transport sector and to liberalize maritime transport services by tearing down the barriers that exist in that sector there is until today no global regime regulating or rather deregulating the supply of maritime transport services and ensuring open markets In this situation private economic actors are confronted with substantial legal uncertainty This book provides a detailed analysis of the history of maritime transport services in the Uruguay and post Uruguay Round negotiations and the role of the sector in the ongoing Doha Round talks where Member States have the opportunity to work towards a global regime ensuring the progressive liberalization of the sector The reader will be confronted with an extensive overview of the role of maritime transport services in the WTO GATS framework a topic basically uncovered in the literature so far

Preferential Trade Agreement Policies for Development Jean-Pierre Chauffour, Jean-Christophe Maur, 2011-06-22 The Handbook offers an introduction to the key elements of Preferential Trade Agreements PTAs addressing the practical economic and legal aspects of the regulatory policies in PTAs

The Oxford Handbook of International Trade Law Daniel Bethlehem, Donald McRae, Rodney Neufeld, Isabelle Van Damme, 2009-01-08 Over the past 10 years the content and application of international trade law has grown dramatically The WTO created a binding dispute settlement process and in resolving disputes the judicial organs of the WTO have built up a substantial amount of new international trade law Emerging from this new WTO process is an international trade law system that is in some respects self contained and in other respects overlapping and linked to other international legal economic and political regimes The boundaries of trade law are now generating enormous interest and controversy which at a broader level is subsumed within the debate over globalisation The detailed development of the rules of international trade is being examined with increasing frequency by scholars government officials and trade law practitioners But how does it fit with existing systems How it is modified by them How does the international trade law system affect and modify other regimes This Handbook places international trade law within its broader context providing comment and critique on contemporary thinking on a range of questions both related specifically to the discipline of international trade law itself and to the outside face of international trade law and its intersection with States and other aspects of the international system It examines the economic and institutional context of the world trading system its substantive law including regional trade regimes and the settlement of disputes The final part of the book explores the wider framework of the world trading system considering issues including the relationship of the WTO to civil society the use of economic sanctions state responsibility and the regulation of multinational corporations Oxford Handbooks offer authoritative and up to date surveys of original research in a particular subject area Specially commissioned essays from leading figures in the discipline give critical examinations of the progress and direction of debates Oxford Handbooks provide scholars and graduate students with compelling new perspectives upon a

wide range of subjects in the humanities and social sciences

Latin America: Its Future in the Global Economy P.

Rich, 2001-11-14 Latin America Its Future in the Global Economy is a timely contribution to the effort to meet the complex challenges entailed in Latin America's increasing participation in world markets Taking into account the recent changes in the region and a future WTO conference twelve economists and two international trade lawyers provide a framework for the analysis of trade negotiations by identifying key points of disagreement among trading partners and discuss controversial issues such as the environment labour and agriculture exceptional protection investment services e commerce and the efficiency of the dispute settlement mechanism The contributors identify the optimum approach for Latin America to take in protecting its interests and enhancing its advantages in global trade and assess the various tools that negotiators might use during the forthcoming round of multilateral negotiations They make concrete recommendations concerning trade strategy policy implementation and management together with suggestions as to how Latin America and other developing countries can increase their bargaining power in order to deal with new circumstances as they arise

WTO - Trade in Services

Rüdiger Wolfrum, Peter-Tobias Stoll, Clemens Feinäugle, 2008-02-28 With the establishment of the WTO trade in services became part of the world trade order Volume 6 is dedicated to these rather recent developments It covers the core agreement the General Agreement on Trade in Services GATS with annexes as well as the additional instruments which have been adopted later on to govern the liberalization in specific sectors Those are the Understanding on Commitments in Financial Services the Second Protocol on Financial Services the Third Protocol on the Movement of Natural Persons the Fourth Protocol on Basic Telecommunications and the Fifth Protocol which contains further rules for financial services This volume will be a valuable reference tool for the WTO community as a whole as well as for professionals and researchers who deal with one of the sectors concerned e g financial services and telecommunications Furthermore it is highly relevant in view of those sectors which are the subject of ongoing liberalization efforts or earmarked for future negotiations namely accounting legal services transport tourism environmental services legal and educational services

FTAA: Expanding Hemispheric Trade , Free Trade in the Americas Sidney Weintraub, Alan M. Rugman, Gavin Boyd, 2004-01-01 This book examines the Free Trade Area of the Americas FTAA an ambitious venture in regional market integration which builds on the principles of the North American Free Trade Agreement It assesses the long term corporate and public policy measures to cope with the increased monetary fiscal and structural interdependence that will be required if the benefits of the FTAA are to be realized The contributors suggest that with enlightened US leadership and the cooperation of Brazil Mexico and Argentina the FTAA could eventually match the EU in the world economy and as a multilateral leader Initiatives to promote a culture of relational cooperation in a system of liberalized global commerce are stressed In Latin America there is an urgent need for such cooperation in order to enhance the region's lackluster growth rate and reduce the occurrences and severity of financial crises The United States Canada and Mexico will also benefit from the development of dynamic structural links with

their regional neighbours The authors highlight the importance for US policy initiatives to be complemented by constructive and harmonious corporate collaborations This spirit of alliance capitalism will help ensure the FTAA promotes social justice as well as economic efficiency This fully integrated volume written by leading specialists in the field will become an indispensable source for analysis of the prospects and role of the FTAA in the global economy It will be warmly welcomed by informed readers such as international business experts bankers corporate executives economists dealing with fiscal and monetary integration and those interested in Latin American business

Experience OECD,2001-07-23 This conference proceedings presents national experiences of regulatory reform and trade in order to foster consensus building on best practices Such practices include enhanced transparency non discriminatory due process independence of regulators and active implementation of competition policy Trade Negotiations in Latin America

D. Tussie,2002-11-25 Latin America has a pivotal role to play in international trade negotiations This book focuses on the key issues for Latin American countries participation in trade negotiations on the shifting ground of expanding trade agendas diversifying negotiation fora and emerging coalitions Through analysis of the management of sectors the management of competition and conflict and the interplay of interests and coalitions Diana Tussie and a team of local and international experts unravel the strands of the complex web of trade negotiations **Maritime Transport Services in the Law of the Sea and the World Trade Organization**

Chuyang Liu,2009 Since the beginnings of international law the law of the sea has been of paramount importance for international trade Yet this area of law and international trade regulations have developed as two distinct areas with little interface with each other As the GATT WTO emerged in parallel to the LOS Convention since the 1970s both bodies have made extensive efforts in international treaty making However the relationship between trade regulations and the law of the sea has hardly been explored The author examines some key aspects of this relationship in particular port entry access to cargo in coastal shipping cabotage and access to cargo in international shipping The inclusion of services in WTO law will render this relationship of great importance in the future as the agreement extensively covers maritime transport It is just a matter of time until the current exclusion of maritime transport under special exemptions will be reviewed in future negotiations The book provides the background and a normative basis for approaching some of the problems which members of the WTO will have to address in coming years It also deals briefly with the problem of choice of law and competing jurisdictions between trade law and maritime law The International Law of Economic Migration

Joel P. Trachtman,2009 Explores the economic and political ramifications of liberalization of national rules of migration through international legal agreements Examines the existing law of economic migration Develops proposals for new international rules in the field and for interstate cooperation *International Labour Documentation* International Labour Office.
