Overture to La Scala di seta, arranged for the piano forte.New&superior edition.. Gioacchino Rossini,1840 **La Scala Di Seta** Gioacchino Rossini,1992-05 La Scala Di Seta Sinfonia Gioacchino Rossini,2018-09-15 La scala di seta The Silken Ladder is one act comic opera first performed in Venice on May 9 1812 Although the opera is only rarely performed today the sinfonia overture has remained a concert favorite from the outset and is programed often The name comes from one of the character s lowering a ladder made of silk so that her lover can visit at night The edition offered here is licensed reprint in reduced format of the critical edition prepared by Clark McAlister first issued as a large score and set of parts in 2013 It includes the editor s informative preface about the performance tradition of the overtures for Rossini s operas which until very recently have been rather carelessly treated by publishers over the decades IMSLP page Wikipedia article *Divas and Scholars* Philip Gossett,2024-05-31 Winner of the 2007 Otto Kinkeldey Award from the American Musicological Society and the 2007 Deems Taylor Award from the American Society of Composers Authors and Publishers Divas and Scholars is a dazzling and beguiling account of how opera comes to the stage filled with Philip Gossett s personal experiences of triumphant and even failed performances and suffused with his towering and tonic passion for music Writing as a fan a musician and a scholar Gossett the world s leading authority on the performance of Italian opera brings colorfully to life the problems and occasionally the scandals that attend the production of some of our most favorite operas Gossett begins by tracing the social history of nineteenth century Italian theaters in order to explain the nature of the musical scores from which performers have long worked He then illuminates the often hidden but crucial negotiations opera scholars and opera conductors and performers What does it mean to talk about performing from a critical edition How does one determine what music to perform when multiple versions of an opera exist What are the implications of omitting passages from an opera in a performance In addition to vexing questions such as these Gossett also tackles issues of ornamentation and transposition in vocal style the matters of translation and adaptation and even aspects of stage direction and set design Throughout this extensive and passionate work Gossett enlivens his history with reports from his own experiences with major opera companies at venues ranging from the Metropolitan and Santa Fe operas to the Rossini Opera Festival at Pesaro The result is a book that will enthrall both aficionados of Italian opera and newcomers seeking a reliable introduction to it in all its

incomparable grandeur and timeless allure **Rossini** Richard Osborne,2007-09-27 Gioachino Rossini was one of the most influential as well as one of the most industrious and emotionally complex of the great nineteenth century composers Between 1810 and 1829 he wrote 39 operas a body of work comic and serious which transformed Italian opera and radically altered the course of opera in France His retirement from operatic composition in 1829 at the age of 37 was widely assumed to be the act of a talented but lazy man In reality political events and a series of debilitating illnesses were the determining factors After drafting the Stabat Mater in 1832 Rossini wrote no music of consequence for the best part of twenty five years before the clouds lifted and he began composing again in Paris in the late 1850s During this glorious Indian summer of his career he wrote 150 songs and solo piano pieces his Sins of Old Age and his final masterpiece the Petite Messe solennelle The image of Rossini as a gifted but feckless amateur the witty high spirited bon vivant who dashed off The Barber of Seville in a mere thirteen days persisted down the years until the centenary of his death in 1968 inaugurated a process of re evaluation by scholars performers and writers The original 1985 edition of Richard Osborne s pioneering and widely acclaimed Rossini redefined the life and provided detailed analyses of the complete Rossini oeuvre Twenty years on all Rossini s operas have been staged and recorded a Critical Edition of his works is well advanced and a scholarly edition of his correspondence including 250 previously unknown letters from Rossini to his parents is in progress Drawing on these past two decades of scholarship and performance this new edition of Rossini provides the most detailed portrait we have yet had of one of the worlds best loved and most enigmatic composers *Gioachino Rossini* Denise Gallo,2012-08-06 Gioachino Rossini A Research and Information Guide is designed as a tool for those beginning to study the life and works of Gioachino Rossini as well as for those who wish to explore beyond the established biographies and commentaries The first edition was published in 2001 and represented a survey of some 878 publications relating to the composer s life and works The second edition is revised and updated to include the more than 150 books and articles written in the field of Rossini studies since then Contents range from sources published in the early decades of the nineteenth century to works currently in progress General subject areas include Rossini s biography historical and analytical studies of his operatic and non operatic compositions his personal and professional associations and the reassessment of his role in the development of nineteenth century music Life of Rossini Stendhal,2018-01-01 Rossini s success in Italy in the early 1820s was certainly not echoed in France where he was regarded as an ill bred parvenu whose cheap popularity was an insult to a great musical tradition Stendhal was the first of his contemporaries to recognize the genius of this important Italian composer Besides being a fascinating and penetrating account of the Italian composer s most creative years and of contemporary musical events and opinions this work is one of the finest items in the Stendhalian literary canon Details of Rossini s early life are followed by penetrating discussions of the operas libretti personalities of the period and Rossini s own character **The Penguin Stereo Record Guide** Edward Greenfield,Robert Layton,Ivan March,1977 **The Men of the Time ; Or, Sketches of**
