Setting the Stage David Hays, 2017-06-06 The life and work of a stage designer who worked with Kazan and Balanchine David Hays elected to the Theater Hall of Fame in 2014 created an exciting and successful career designing scenery and lighting for plays and musicals on Broadway in London and in Japan Told with passion and wit this book takes readers behind the scenes of the theater world to show how a stage designer collaborates with directors and producers to create great works of theater and dance A designer who collaborated with the great directors of his time Arthur Penn Garson Kanin Tyrone Guthrie Elia Kazan Jose Quintero and Joe Layton shares anecdotes that integrate technical insight with life lessons He designed sets for the Metropolitan Opera for Lincoln Center for Martha Graham and thirty ballets for George Balanchine This colorful account of theater life is for scholars practitioners and theatregoers interested in how it all works Publication of this book is funded by the Beatrice Fox Auerbach Foundation Fund at the Hartford Foundation for Public Giving Setting the Stage Mario C. Barbiere, 2018-05-04 Setting the Stage promotes a Learner's Brain Model using brain research to understand the nature of the learner so teachers can develop lessons based on the nature of the learner There is also a focus on student self regulation The first chapter is devoted to the nature of the learner so teachers and administrators can begin a reflection process of determining what they do and how the learner learns to see if there is a match between what is taught and how it will be processed Too often low student achievement and school turnaround is focused on fixing teachers and not on understanding the learner enabling teachers to adapt their strategies more effectively Strategies which address student learning lead to more effective lessons Following the nature of the learner subsequent chapters discuss planning lessons that make sense and have meaning so the information gets stored in long term memory Once information is in long term memory it is retrievable for use Strategies are provided throughout the book supported by brain research to help teachers plan lessons Setting the Stage Herbert Whittaker, Jonathan Rittenhouse, 1999-10-15 In Montreal Whittaker witnessed the early careers of actors such as Christopher Plummer Gratien Gelinas John Colicos Jean Gascon Denise Pelletier and Amelia Hall He worked in close collaboration with many pioneers of the Little Theatre Movement the Dominion Drama Festival and Canadian theatre in general such as Martha Allan Charles Rittenhouse and Pierre Dagenais His involvement with Dagenais L'Equipe allows him to report on the early days of francophone theatre in Montreal and the cross fertilization between Martha Allan's Montreal Repertory Theatre and actor directors such as Dagenais Gratien Gelinas and Yvette Brind'Amour He also gives us glimpses of the early theatrical spaces in the city that no longer exist as well as some such as the Salle de G'su and the Monument National that have survived This engaging memoir of exciting times is prefaced by a personal tribute from Christopher Plummer and set in context through an introduction chronology and bibliography by Jonathan Rittenhouse Illustrated with a selection of Whittaker's stage and costume designs as well as photographs Setting the Stage provides a captivating visual record of the period and is a must for everyone interested in Canadian theatre Canadian arts culture and

Montreal *Setting the Stage for Sustainability* Chris Maser, Charles R. Beaton, Kevin M. Smith, 1998-05-14 As humans we make choices With change as a constant we are continually presented with a number of choices and we must choose The change represented by the divergence of humanity from the rest of the world is rapidly growing and in need of transformation *Setting the Stage for Sustainable Community Development* is a guide for that transformation which can help to create a sense of place where it did not previously exist This invaluable text looks at resolving environmental conflicts through a transformative rather than a problem solving approach The transformative approach emphasizes the capacity of facilitation for personal growth The text analyzes good and bad institutionalized social patterns in an ecological sense The authors believe that through positive thinking and the willingness to take risks we can become creative forces in our communities and in the world

Developing Independent Learners Jane C. Wiatr, Mario C. Barbiere, 2023-07-14 This book for parents is a step by step process in the field of positive behavioral management It clearly and concisely explains how to develop positive parenting skills It helps parents make positive adjustments to their behavior as well as their child's and helps them facilitate their child into someone who takes the onus for his or her own learning in order to become a self dependent and a regulated person This field guide is specifically written with the parent in mind and will provide strategies and techniques for setting up an atmosphere that is conducive to helping your child gain self control self regulation and success in learning and life Throughout the chapters we reference and encourage parents to make a good home school connection to further their child's growth and change of behavior from negative to positive by partnering with the school teacher and staff Our Student Empowerment Program contains the 5 R's which are responsibility reflection rules regulation and rubrics Each of these 5 components is found in a separate chapter with details regarding how the parent will build the foundational skills needed for learning self control and self regulation and will continue until the child is able to display the techniques and skills with little or no facilitation from the parent The skills techniques and activities are outlined in a process that provides the parents practice time for each of the strategies Once the strategies are learned and are fairly successful the parent is encouraged to

move forward into learning another strategy before finally putting all together in a culmination of what is the new natural norm for the household These strategies include breathing techniques use of positive real language developing through what we call sightings the development of family rule and goal setting with clear boundaries Behavioral consequences for rules broken are addressed in short until the rules become true boundaries to live by and are not broken any longer Ultimately the parental goal of our program is for the child and family to resort to breathing through the problem learning self regulation and control and choosing the right path to solving the problem without a meltdown and in a responsible way The book is filled with visualization techniques surveys regarding reflection rubrics for self assessment and suggestions to make positive changes in the atmosphere of the home when necessary There is no additional cost just commitment and the need to want to make the change by dedicating time and positive energy to the same
