Face to Face: The Unveiling of Jesus Christ Micah Paul Gaylor,2024-03-31 The book of Revelation is more than a prophecy of future events It is an invitation a blessing and a catalyst meant to equip creation for a Face to Face encounter with the King of Kings that will utterly transform the very fabric of reality Book 1 of the Unveiling of Jesus Christ series is all about preparation No not that end of the world as we know it doomsday kind of preparation I mean the kind you make when you are about to go on an epic quest Our quest is to understand and experience the true power of the book of Revelation not as an oracle for survival but as illumination for transformation Without this mindset many previous eschatological expeditions have produced overconfident predictions while leaving their travelers empty handed unchanged and jaded A better path is available In this prelude to our journey through Revelation we ll build a map for navigating end times prophecy as God intended With a fresh sometimes out of the box perspective we ll unpack familiar Bible verses in unexpected ways that reveal God s beautifully consistent tapestry of truth From Genesis to Revelation we ll learn how God s plan connects the Old and New Testaments with a precision that will strengthen and deepen your faith Join me as we leverage the depth and breadth of Scripture to uncover a divine endgame that defies imagination The goal is to adjust our focus enlarge our perspective and awaken an insatiable hunger for the Unveiling of Jesus Christ Come prepared to be equipped for active participation in the consummating stages of God s eternal plan for His universe

The Kingdom of God Is among You Gordon D. Fee,Cherith Fee Nordling,2025-03-17 In this exciting volume a renowned New Testament scholar provides his lectures on New Testament theology and provides us a

window on his approach on a variety of issues He describes the task as follows New Testament theology is the art of giving coherence to the collective witness of the twenty seven New Testament documents as they attest to the Christian faith while not sacrificing the historical particularity of any one text or author within the canon and to do this as clearly as possible and with as much consistency and unity as possible New Testament theology deals with all the New Testament We must resist the tendency to find a canon within the canon or to neglect some lesser figures in the New Testament canon New Testament theology is first of all a descriptive task i e we must first try to describe what is there But given our stance toward Scripture what we describe also becomes prescriptive or normative We must never forget that the writings of the New Testament are ad hoc documents written in each and every case to speak to a specific need Thus rather than careful systematic presentations of theology such as in a book or a lecture the earliest Christian theology is worked out in the marketplace as it were Therefore we must be careful not to force the New Testament writers to answer all of our questions nor even to use our logic or thought forms excerpted from chapter 1
