The Accountant's Tale Andrew P. Porter, 2021-06-08 Three problems in the life of the church 1 For the past millennium theologians have done a brisk trade in proofs arguments for the so called existence of God the validity of the Christian faith and so on I think this is a mistake Christianity is a choice 2 Typical Christian theology begins with Jesus rather than with the Common Documents the documents shared in common by Christianity and rabbinic Judaism This is Marcionite Theology so called for a second century figure who wanted to delete the Common Documents from the Bible Many problems in theology become much more tractable if the Common Documents the Exodus focally are treated as a model rather than as a mere prologue to the New Testament 3 There are problems with God interfering with nature and they have become worse with modern science God interfering with nature doesn t just injure the sciences it also generates serious pathologies in theology The theme is choices made by the church and the book is called The Accountant s Tale because somebody once asked an accountant What is two times two and got the answer What do you want it to be **Striving for Excellence** , 1991 **The Secrets of Hidden Knowledge** Ayub V. O. Ofulla, 2013-08-01 In The Secrets of Hidden Knowledge author Prof Ayub V O Ofulla presents the basic physics of life as it relates to molecular physical realities of life itself or social life as it relates to the individual Grounded on physical biological and social sciences intertwined with information from ancient writings and scriptures The Secrets of Hidden Knowledge provides the foundation to help you maintain order in your life avoid or tackle

situations that are chaotic and act as stumbling blocks and embrace unavoidable chaotic situations and use them for innovative survival and faster progress You can also come to understand how the basic nature of the physical universe is part and parcel of your life and realize the part of nature your life occupies and how it shapes you and your progress or failure in the world You can successfully exist and change your attitude to live a peaceful harmonious and progressive life Provocative and informative The Secrets of Hidden Knowledge shows that ever prevalent chaos brings failure Thus it is imperative to create a balance to only allow a bit of chaos to help us embrace change conduct research and innovate to help us progress and live more harmonious lives This book demonstrates how we can learn from Mother Nature whose creative genius consists in nothing but perpetual ordering of chaos The book will both inform and inspire Oliver Okoth Achila JKUAT Scholar
