Formulated Experiences Peter L. Rudnytsky, 2019-03-29 In *Formulated Experiences* Peter L. Rudnytsky continues his quest for a re vision of psychoanalysis by coupling his revival of the unjustly neglected figure of Erich Fromm with his latest groundbreaking research on Ferenczi and Groddeck Committed at once to a humanistic and to a literary psychoanalysis Rudnytsky explores the subjective roots of creativity and critiques the authoritarianism that has been a tragic aspect of Freud's legacy Through his clinically informed interpretations he brings out both hidden realities and emergent meanings of the texts and authors he examines including Shakespeare's *Othello* and *Macbeth* as well as Milton's *Paradise Lost* A preeminent scholar of the history and theory of psychoanalysis Rudnytsky displays an interdisciplinary expertise that makes *Formulated Experiences* truly sui generis and unlike any existing book Bridging the artificial divide between the academic and clinical worlds his eloquent championing of the interpersonal and relational traditions will captivate contemporary psychoanalysts and psychotherapists while his insightful close readings provide a model for psychoanalytic literary critics

Circular Narratives in Modern European Literature Juan Luis Toribio Vazquez, 2022-06-16 Breaking with linearity the ruling narrative model in the Jewish Christian tradition since the ancient world many 20th century European writers adopted circular narrative forms Juan Luis Toribio Vazquez shows this trend was not a unified nor conscious movement but rather a series of works arising sporadically in different countries at different times using a variety of circular structures to express similar concerns and ideas about the world This study also shows how the renewed understanding of narrative form leading to this circular trend was anticipated by Nietzsche's critiques of truth knowledge language and metaphysics and especially by his related discussions of nihilism and the eternal recurrence Starting with an analysis of the theory and genealogy of linear narrative the author charts the emergence of Nietzsche's idea of eternal return before then turning to the history of the circular narrative trend This history is explored from its inception in the works of August Strindberg Gertrude Stein and Azorín through its development in the interwar years by writers such as Raymond Queneau and Vladimir Nabokov to its full flowering in the work of authors James Joyce or Samuel Beckett among others and its later employment by post war writers including Alain Robbe Grillet Italo Calvino and Maurice Blanchot

Through a series of close readings the book aims to highlight the various ways in which narrative circularity serves to break with an essentially teleological and theological thinking Finally Toribio Vazquez concludes by proposing a new typology of non linear narratives which builds on the work of recent narratologists
