members of an American dynasty and spilled their secrets the pop stars who perform at lavish parties for thirteen year olds the status anxieties that spill out of marinas in Monaco and Palm Beach like real world episodes of Succession and The White Lotus the ethos behind the largest Ponzi scheme in Hollywood history the confessions of disgraced titans in a white collar support group A celebrated political reporter Osnos delves into the unprecedented Washington influence of Silicon Valley and Wall Street drawing on in depth interviews with Mark Zuckerberg and other billionaires about their power and the explosive backlash it stirs Originally published in The New Yorker these essays have been revised and expanded to deliver an unflinching portrait of raw ambition unimaginable fortune and the rise of America s modern oligarchy Osnos s essays are a wake up call a case against complacency in the face of unchecked excess as the choices of the ultrarich ripple through our lives Entertaining unsettling and eye opening The Haves and the Have Yachts couldn t be more relevant to today s world

The House of Getty Russell Miller, 2011-09-28 The true story of the Getty family as featured in the TV series Trust and the movie All the Money in the World Boardroom battles sex money drugs power crime tragedy and family intrigue at the centre stands the figure of John Paul Getty the grandfather an eccentric oil billionaire believed to have been the richest man in the world Married and divorced five times he had five sons and yet was cheated of his dearest ambition to found an oil dynasty His angelic youngest son died at age twelve after years of illness Of the remaining four sons three proved to be hopeless businessmen and one by one dropped out of Getty Oil Only one had the talent to take the helm of the family business and he was groomed for the part And then he killed himself With his cherished hopes of a family dynasty crushed John Paul built a magnificent museum as a monument for all time to his success But money tainted even his philanthropy the Getty Museum has become feared for its wealth and ability to pillage the art market In the manoeuvring that followed John Paul s death Getty Oil was sold Texaco acquired it for 9.9 billion the biggest corporate takeover in history Award winning journalist and writer Russell Miller brings us the extraordinary and often disturbing story of a unique American family From the pioneering days in the Oklahoma oil

Shopomania Paul Berton,2022-10-15 A thought provoking and provocative challenge to consumerism with plenty of name dropping and celebrity antics Sassy and satirical Shopomania is an economic environmental and social study This light hearted dark souled dictionary of coined words or shoponyms takes readers on a roller coaster ride of avaricious antics and outrageous profligacy Shopping in one form or another has existed for millennia but aside from a few slumps each generation has outdone the previous one In the past fifty years shopping and its associated carbon footprint has grown exponentially Berton argues that if we invented today s consumer culture then we can invent something to replace it We can do a better job of making the cycle of stuff truly circular rather than linear We can be more environmentally socially and politically conscious of what we buy and how it comes to us and where it will go after we are finished with it A species that has made shopping ubiquitous can figure all these things out with little more than co operation and creativity and by asking if it is really necessary to own it now as we have been told endlessly since childhood Must we possess a thing to enjoy it Do we really need all that stuff

pay for the items recognizing his brother Isaac The brother s reunion wasn t easy because there was still lots of jealousy envy and betrayal Moses wanted Isaac to be his business partner in his real estate company that he built from the ground up Just like when they were kids Moses and Isaac envisioned themselves going into business together And now it s a reality Moses and Isaac realized their stepfather was responsible for their broken relationship After getting rid of this monster from their lives they focused on their passion The twins sold luxurious homes and also created homes for the homeless population **A**
